# Recent Disasters Result of Scientific experiment with weather modification

Scientists who work for the U.S. Air Force have been experimenting on ways to modify the weather for military advantage since the early 1960s

Both the Americans and the Russians have developed capabilities to manipulate the World's climate. In the US, the technology is being perfected under the High-frequency Active Aural Research Program (HAARP) as part of a Strategic Defence Initiative (SDI). Recent scientific evidence suggests that HAARP is fully operational and has the ability of potentially triggering floods, droughts, hurricanes and earthquakes. Scientists in America and China have designed and are testing rockets, anti-aircraft and aircraft that regularly pelt the sky with chemicals as they continue experimenting ways to force rain out of the clouds in order to put a stop to devastating drought. Ever since these devil (white) scientists learn to split the atom, they have been experimenting on ways to be able to trick hurricanes into dispersing and disarm earthquakes by using nuclear explosions.

So far they have only be able to cause earthquakes, little ones, by setting off nuclear explosions, but they can't prevent any, says the U.S. Geological Survey. Nor have scientist figured out how to predict when or where a natural earthquake will strike.

Scientist have even tried to bring in icebergs to hurricane-prone waters to cool the waters in hopes of eliminating hurricanes, but that hasn't worked. The Survey says, scientist are now trying to trick hurricanes into thinking they're over land by coating the ocean with a thin, biodegradable, oily film to deny a hurricane the evaporation that feeds its fury, in essence mimicking conditions after landfall. The federal government's hurri-

cane modification program was called Project Stormfury. The idea was raised during the Eisenhower administration after several major storms hit the East Coast in the mid-1950s, killing 749 people and causing billions in damages. In 1961 a privately own company, Weather Modification, Inc. was founded, and for the past 40 years, has become a world leader in weather modification, including cloud seeding, cloud modification, atmospheric resource management, and precipitation management.

WMI aircraft is staffed by experienced pilots, meteorologists, and radar technicians. Their clients include private and public insurance companies, water resource management organizations, and federal and state research organizations.

In 1961 initial tests were conducted on Hurricane Esther with planes releasing silver iodide crys-

tals. Some reports say winds were reduced by 10 percent to 30 percent. In 1969, Hurricane Debbie, was seeded twice over four days by several aircraft. Researchers noted that its intensity waxed and waned by up to 30 percent.

During Stormfury, which supposedly ended in 1972, scientists seeded hurricanes in 1963, 1969 and 1971 over the open Atlantic Ocean far from land. Researchers dropped silver iodide, a substance that serves as an effective ice nuclei, into clouds just outside of the hurricane's eyewall. The idea was that a new ring of clouds would form around the artificial ice nuclei. The new clouds were supposed to change rain patterns and form a new eyewall that would collapse the old one. Scientists say the reformed hurricane would spin more slowly and be less dangerous. What scientist have yet to admit is how they have also found

**Continued on Page 4**

## No Military Draft for Followers of Messenger Elijah Muhammad

The United States government is planning reinstate the draft.

In 2004, \$28 million was added to the Selective Service System (SSS) budget to prepare for a military draft that President Bush had planned to have in effect by the Spring of 2005. But congressional red tape has caused a minor delay. The draft bill, titled, *The Universal National Service Act of 2003*, reads: "To provide for the common defense by requiring that all young persons [age 18—26] in the United States, including women, perform a period of military service or a period of civilian service in furtherance of the national defense and homeland security, and for other purposes."

During the Vietnam War, in order to dodge the draft, people relocated to Canada. But in December 2001, Canada and the US signed an agreement called "Smart Border Declaration," which could be used to keep would-be draft dodgers in. Signed by Canada's Minister of Foreign Affairs, John Manley, and US Homeland Security Director, Gov. Tom Ridge, the declaration involves a 30-point plan which

implements, among other things, a "pre-clearance agreement" of people entering and departing each country.

Reforms aimed at making the draft more equitable along gender and class lines also eliminates higher education as a shelter. The phrase "all young persons" includes women. And college students would only be able to postpone service until the end of their current semester, unless they are seniors, who would have until the end of the academic year.

All followers of Messenger Elijah Muhammad's Teachings, are "conscientious objectors".

According to the SSS, "A conscientious objector is one who is opposed to serving in the armed forces and/or bearing arms on the grounds of moral or religious principles."

But the SSS will head off those who try to avoid the draft by merely "saying" they are followers of Messenger Elijah Muhammad's Teachings.

There is a stipulation in rules of filing a conscientious objec-

**Continued on page 4**

## News in Brief

### Fifty-seven thousand U.S. Dams have the potential to overtop

**OKLAHOMA**--Greg Hanson, a hydraulic engineer in ARS's Hydraulic Engineering Research Unit (HERU) at Stillwater, Oklahoma, says that about 57,000 of the 80,000 dams in the United States have potential to overtop. Overtopping is when water overflows the top of a dam. These dams, which have an estimated value of \$14 billion, protect lives, property, and infrastructure.

### Crack Cocaine used to pay Homeless

**FLORIDA**--County officials in East Palatka, Florida, a rural town outside of Jacksonville, recently raided and shut down a labor camp, where they found 148 rocks of crack cocaine, 20 cases of beer and dozens of cases of cigarettes, that were being used to pay workers, most of whom were black men, transported to the camp from homeless shelters, whose prior convictions made it hard for them to start over with a real job.

### Newly released personal files of Edgar Hoover reveal conspiracy against the Nation of Islam

**WASHINGTON D.C.**--The recent release of J Edgar Hoover's personal files to the public for the first time, held at the National Archives outside Washington, prove that from 1957 until he died in 1972, Hoover employed FBI agents to illegally bug the headquarters Nation of Islam on South Woodlawn in Chicago and the home of Messenger Elijah Muhammad.

John Edgar Hoover was the first and only director of the Federal Bureau of Investigation from 1924 until the day he died in 1972. He served under eight U.S. presidents.

As documented in Hoover's notes, the FBI infiltrated the Nation of Islam with hundreds of agents to cause "faction-fighting", "rumor-mongering", and other tactics "designed to foster internal disputes" within the Nation.

According to Hoover's notes, the "ego" of Malcolm X would make it "easy to cause a split between him and Elijah Muhammad". Later notes, dated, January 22, 1969 revealed that the split between Malcolm X and Messenger Elijah Muhammad, didn't "just happen." Rather, it had "been developed" by deliberate Bureau actions - through infiltration and the "sparking of acrimonious debates within the organization."

Hoover's notes reveal that he regarded the death of Malcolm X as something of a model for "successful" counterintelligence operations.

### 2005 Hurricane Season Breaks All Records

**NEW ORLEANS**--The 2005 Hurricane Season will go down in the meteorological history books as having the most named tropical cyclones in known history. On October 22 the twenty-second named tropical storm of the year formed. Never before has there been 22 named tropical cyclones. Twenty-five tropical cyclones actually formed in 2005, but 3 never reached maximum sustained winds of 35 mph, which is what it takes to get a name.

#### A DISASTER SUPPLY KIT SHOULD INCLUDE:

**Water (one gallon per person per day), food that won't spoil one change of clothing and footwear per person one blanket or sleeping bag per person a first aid kit, including prescription medicines emergency tools, including a battery-powered radio a flashlight and plenty of extra batteries, Baby wipes, and extra set of car keys and a credit card or cash special items for infant, elderly, or disabled family members.**

# Young Bold Muslim Soldiers take Responsibility for Misguided Actions at Liquor Store

By

Muhammad Saleem Bey

OAKLAND, California —In the last edition of Muhammad Speaks, I introduced, 23-year-old Captain Antar Bey. And before this edition was printed, he was assassinated, on October 25, 2005 for nothing more than jealousy and envy.

A little over a month later, on December 1st his younger brother,

of Islam, which the store owners also claim to believe in, that prompted the action these young brothers took.

What was it that prompted George Bush to go into Iraq and destroy those peoples entire country? Was it hatred for Iraqis or was it for the love and protection of America. And he only THOUGHT they had 'weapons of mass destruction', but never found them.

Our Beloved Brother Captain Antar Bey, pictured here as he speaks at Your Black Muslim Bakery, was assassinated on October 25, 2005

Yusuf Bey IV, 19 boldly walked into the police station to accept responsibility for marching into a liquor store and destroying some of the 'weapons of mass destruction' (liquor and cigarettes) that are being used throughout the Black community in America to kill our black people.

While I do not condone the way these young soldiers went about trying to defend their people, I applaud their spirit and fearlessness. These brothers were wrong in the way they handled this matter. It is not the teachings of Messenger Elijah Muhammad to handle things this way. We are never to be the aggressors. Messenger Elijah Muhammad taught us to obey all the laws of the land. But the so-called Muslims who own the liquor store ARE WRONG THEMSELVES and they know it. They should drop all charges against these young brothers and stop selling liquor and cigarettes, if they Fear Allah!

The devil is trying to make this some kind of "hate crime". That is dead wrong! It was not done out of hatred, but out of love for their own Black people and the religion

What would George have done, had he found the 'weapons of mass destruction' that he THOUGHT that MIGHT be used against his "white American" people. He would have destroyed them, right?

Chemical warfare has been waged against Black people in America since we got here. Black neighborhoods throughout the country are saturated with liquor stores. You can hardly walk one block in our neighborhoods without there being not just one, but two or three liquor stores within the same block.

According to the Centers for Disease Control (CDC), "Smoking is the leading preventable cause of death in the United States". And that thousands of black people die each year from alcohol-related causes".

The CDC reported that "Early use of either product can result in long-term addiction, health problems, and premature death." And using alcohol and tobacco at a young age-especially before high school-increases the risk for using other drugs later, such as marijuana and cocaine. "

**'...The F.O.I. is an Army but not in the traditional sense of the world's armies. It is not an army of destruction, it is an army of construction. Our arms consist of Muhammad Speaks and Whiting H&G...'**

Captain Raymond Sharrieff  
Muhammad Speaks Newspaper, September 20, 1974

We don't expect any better from our open enemy (the white man) and we don't expect any better from our mentally dead black people who buy these "legalized drugs", and use and sell illegal drugs. But we expect those who profess Allah as their God and call themselves Muslims to encourage all people not to use that which is harmful, and we certainly don't to expect Muslims offer or sell the people that which is harmful.

Many times young people lose patience with doing things the RIGHT WAY. What is the Right Way? First and foremost, The Messenger warned his followers NOT TO CARRY WEAPONS (no guns or knives. Not even a pin knife). Messenger Elijah Muhammad designed an Economic Blueprint that would put the sellers of all LETHAL SUBSTANCES (including beer, wine, whiskey

and hog and narcotics) to our people OUT OF BUSINESS. The Messenger pointed out in his book, **The Message To The Blackman in America**, that **if we would save the money we spend unnecessarily on tobacco (cigarettes, cigars, chewing or snuff dipping), beer, whiskey, wine, cigarettes and cigars, and hog, sports and gambling, and other vices, not only would we save billions of dollars a year as a nation, but that we would put an end to the sale of these things in our community.**

We don't sympathize with wrongdoing by our brothers, but we certainly don't take sides against our brother and claim to be "friends", with other than our own kind, who don't believe as we believe, and who are also wrongdoers.

These young brothers didn't merely act. They REacted to a

Brother Muhammad Saleem Bey

wrong, being done by to our people, by those who claim to be Muslim.

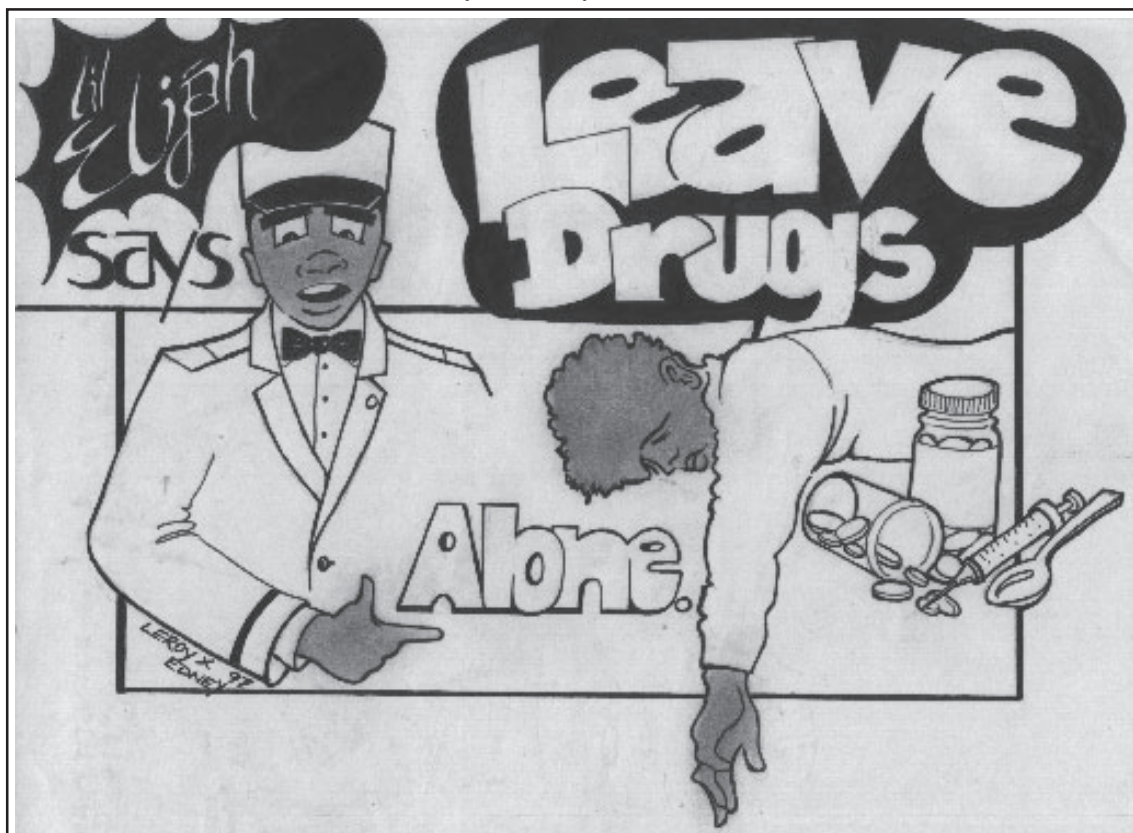

This is nothing new, where you have impatient young people who mistake the wisdom of the elders with fear or foolishness. There is an old saying that, "Fools go where wise men fear to tread".

In 1962, in Los Angeles when the Police gunned down unarmed Muslims at the Temple, many of the young brothers got impatient with the wisdom Messenger Elijah Muhammad used in handling the incident.

They thought we should arm ourselves and go to war with the LAPD.

But the Messenger explained to them that, "**He (Master Fard Muhammad) has stripped us of arms. We go without arms. We don't need any. We are armed with the power of God! We don't need no arms...These**

# THE TIME AND WHAT MUST BE DONE

*As Taught by the Hon. Elijah Muhammad Last and Greatest Messenger of Allah*

By  
Sister Lucy 2X

There are many things happening around the country and around the world. The majority of them are completely out of our control. We are living to bear witness to the validity of the teachings of our Holy Apostle, the Messenger of Allah, the Honorable Elijah Muhammad (peace be upon him).

Several things have happened that remind us of how everything he taught from 1933 to around 1975, totaling over 40 years; were designed to save our lives. For instance, if the poor blind deaf and dumb Black people in New Orleans, in the 9th Ward, had listened to the Messenger's instructions about having a SURVIVAL KIT for emergencies, that history would have been written differently.

If they had accepted the doctrine of "Do For Self" they would not have lain limp pacing back and

forth waiting on the whiteman to come and save them. They would have followed their General Orders and taken charge of the situation and all similar situations in view. They would have been watchful, especially at night, to protect the women and girls, and they would have certainly not allowed anyone to commit a nuisance in the area they commanded.

If they had accepted the instructions on How To Eat to Live, they would have known that they would not die if they fasted a few days. In fact many of the Black women there were so overweight, like most poor Black women in America are. They needed to fast a few days anyway. But the fear of starvation took over the minds of the majority of the people and it robbed them of any rational thoughts of how to make a plan of survival.

What unfolded was a complete breakdown of any civilized decorum and they all went savage and began to live a beast life. Not one

Black man stepped forth in a leadership position to try to organize the people — especially the women and children, the sick and the elderly. They collapsed under the weight of the environment.

If they had decided to follow the Messenger's instructions to "make your neighborhood a clean and safe place to live," they would have gotten together in teams and cleaned up the area they were in by sweeping up the trash, tried to control the human waste problem and sent out squads at night to find food and water which was still available in several areas.

The newspapers reported that the majority of the poor were from the 9th Ward area. This is a manly crime-laden, drug infested, single mother area, which is often frequented by the police to stop physical, fights, domestic disturbances and petty street crimes. Some of the meanest characters reside in this district so it is inconceivable that these same Negroes faltered

completely and lost all will to survive and chose to sit out their pain with their women and children and wait until the devil decided to feed them and give them a drink of water. To the trained Muslim-eye there were many options that were not pursued because of the density of blind-deaf and dumbness that exists among our people.

And NO, this is not about blaming the victim. We have also been taught that "no amount of pity will be given out" which means that incidents like what we all witnessed on television of the poor Black people in New Orleans after Hurricane Katrina will be repeated many times before its all over. The viewing public may have felt sorry for them but the people in power over them and their predicament felt absolutely nothing. They kept our people contained in those selected areas because they did not want them roaming the around recklessly, they thought,

**Continued on Page 7**

## Weather Altering Experiments May Have Caused Recent Disasters

**Continued from Page 2**

ways to enhance a hurricane's severity. Scientists, no doubt, will never reveal to the public that Hurricanes, Ivan, Katrina, Wilma, Rita and untold others were tampered with.

In 1968, Professor Gordon J. F. MacDonald, in his book Unless Peace Comes, wrote "One instability offering potential as a future weapon system is that associated with tsunamis (tidal waves resulting from earthquakes)" in the chapter titled, "How To Wreck the Environment".

MacDonald went on to write, "[Military] Operations producing such conditions might be carried out covertly, since nature's great irregularity permits storms, floods, droughts, earthquakes and tidal waves to be viewed as unusual but not unexpected. Such a 'secret war' need never be declared or even known by the affected populations. It could go on for years with only the security forces involved being aware of it..."

The earthquake that struck Pakistan on October 8, 2005, killing at least 86,000, and injuring more than 69,000, might well be the one of America's coveted nuclear induced earthquakes.

# A March for Righteous Believers

By Brother John 9X

**RHODE ISLAND--As-Salaam-Alaikum, Brothers and Sisters.**

We (Black People) are the most analyzed people on the planet. We have more people analyzing what's wrong with us than anyone else. They're asking themselves, what's wrong with our families, why we join gangs, why we're on crack, why we kill each other in increasing numbers, and among other things why so many of our un-wed sisters are getting pregnant. There are literally hundreds of people writing grants, and getting money to solve our problems!

This has been going on for a long time. The question should now be asked: has it made a difference? With all this attention

we're getting....have things gotten any better?

With all the NAACP programs out there to help us. With all the Urban League funded programs, with all the Rainbow coalition programs, the situation for many brother and sisters have not gotten any better, it has only gotten worse. And we were asked to go on a march. It was put to us this way, "If you don't support this march, if you don't participate in this march, if you don't contribute financially to this march you are somehow against Black people."

But the question should have been asked: "Why should we march?" There was the march on Washington, there were marches on Selma and Montgomery back in the day. Ten years ago, there was the Million Man March. After that came the Million Woman's march. The Million youth march, the million family march...with all this marching, we certainly should have holes in our shoes.

The question should have been asked what did these marches accomplish? I know what you are thinking, Brothers and Sisters. Without those early Civil Rights

marches we still wouldn't have the right to vote, we would still have to sit at the back of the bus. I would ask you: what has the right to vote gotten us?

Most of the time we have to vote for the devil (white man) anyway and even when we can vote for one of our own, he or she really turns out to be the devil's stooge anyway selling us right down the river.

Getting the right to vote certainly hasn't solved any of our problems. And neither has these marches.

Listen, Brothers and Sisters, in 1995 I was at the Million Man March. And I must say, in a way, it was a glimpse of paradise. To witness an unending sea of Brothers who were kind and polite to each other....for those fleeting few hours it was heaven on earth .... But getting back home again...it was the same old story. Nothing had changed!!

We were fed a line that we had made a difference, but it didn't really matter. What mattered was that they got to our pocketbooks with the never ending series of buckets being passed around asking for "funds". And now things haven't

gotten any better. Things have only gotten worse.

And then we were told by these Brothers and Sisters, these misleaders, that we've needed to march again! Like the devil him-

**Continued on Page 10**

## Messenger Elijah Muhammad's Followers and the Draft

**Continued from page 2**

tion (CO) claim that say, "the man's life-style prior to making his claim must reflect his current claims."

The claimant will have to prove his claim by "written documentation or include personal appearances by people he knows who can attest to his claims.", according to the SSS.

So those who say they are believers should start now by PRACTICING the teachings of Messenger Elijah Muhammad before it is too late.

The local board will decide whether to grant or deny a CO classification based on the evidence a registrant has presented. The person who is op-

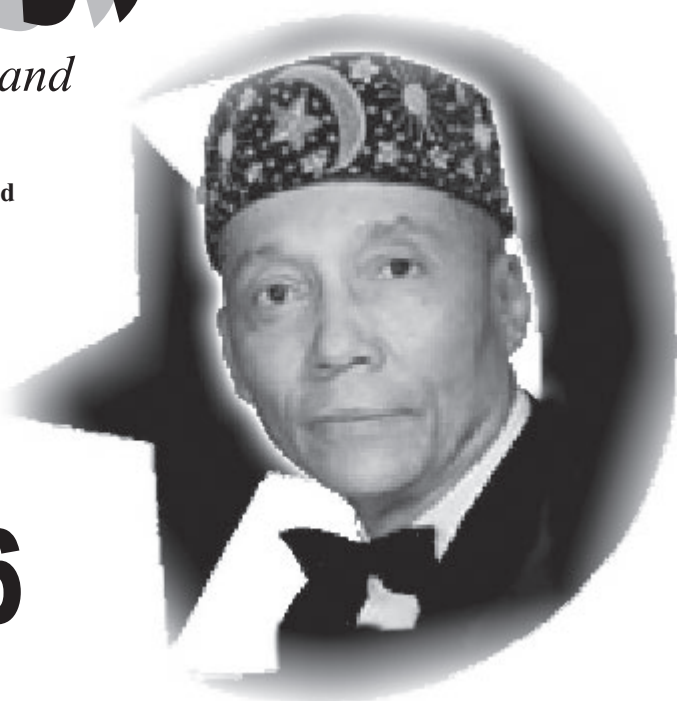

posed to any form of military service will be placed in the Selective Service Alternative Service Program. This program is supposed to match COs with local employers in jobs deemed by the SSS to make a meaningful contribution to the maintenance of the national health, safety, and interest.

Examples of Alternative Service are jobs in, conservation, caring for the very young or very old, education and health care. Length of service in the program will equal the amount of time a man would have served in the military, usually 24 months.

# The Believers Unite Nationwide for Saviour's Day, 2006

# The Science and Art of a Divine Courtship

By

**Sister Yasmeen Muhammad**

**OKLAHOMA**--Courtship is the process of getting acquainted with one another for the purpose of marriage. The science of courtship is having the knowledge of how to perform divine courtship. The art of courtship is carrying into practice in the most skillful manner the knowledge of courtship.

In the Nation of Islam we are given rules and regulations by the Honorable Elijah Muhammad (peace be upon him) to help us to perform courtship so as to make the right choice of a mate.

In Islam marriage is sacred so to keep from divorce, which is not liked in Islam (but permitted). We strive to make the right choice. The Honorable Elijah Muhammad (peace be upon him) said "We should be happy with our husband especially if we choose him.

When we see each other for the first time we can be attracted to one another for physical purposes but we must not take physical attraction as a base for marriage. Always

remember there is no such thing as "love at first sight". First sight might show a beautiful face and body but when that person opens their mouth, you will find that they are not so beautiful.

Courtship in Islam is for the purpose of marriage. Marriage for life. To have marriage for life, both the brother and sister should have been trained in their respective classes (F.O.I and M.G.T), to submit to and obey the teachings of their class.

Their classes are designed to return them to their nature, by teaching them the proper way we should act. A divine courtship will lead to a marriage of righteousness that gives us peace and happiness.

Please remember what we do during courtship will be carried over into our marriage so we must make sure we do what is right.

Having trust between husband and wife is most important. You want a marriage based on trust. You want to trust one another so that no matter what situation comes up or what decisions is to be made you are at peace with one

another and you know that you can trust each other to do what is best and right for all concerned. Remember, having trust between husband and wife is very important and it is first formulated during courtship.

The Honorable Elijah Muhammad (PEACE BE UPON HIM) teaches us that we are to get better acquainted with one another by mail or by telephone and he also said we must keep the conversation clean. Keeping it clean means no talk of sex or anything that leads to a low desire and the breaking of any restrictive laws.

Now, when you get acquainted you are learning about one another, who you are, what do you do, what you like or dislike, etc. You are trying to find out if you are suited for one another.

You are to ask questions concerning each other's families, health, friends, means of support, have they been married before, do they have children, do they pray, are they clean, do they own property (car, house, etc.), pay charity, what their future plans are, and are they for unity as taught to us by the Messenger.

Notice to see if they are lazy or progressive, if they are truthful, if they are gentle in speech and actions to others, if they are known to be a fighter of men and women, are they practicing Islam, as taught by the Honorable Elijah Muhammad (peace be upon him), and are they obedient to the restrictive laws of Islam?

Do they complain about problems instead of trying to solve them? Do they give charity willingly? What type of education do they have? Do they have good hygiene habits as far as you can see (clothes-shoes shined etc.)? Do they work? What do the brothers think about sisters working out of her home?

What kind of disposition do they have (peaceful-nervous-abrupt-arrogant-argumentative-bossy-jealous-demanding etc.)?

Do they have any creative abilities, hobbies, etc.?

In the devil's world there is no restriction in their so-called courtships. Couples do as they please. They go out to movies, dinner, and they even go on weekends together, etc.

**Sister Yasmeen Muhammad**

In Islam, we do not spend time alone with each other as this will lead to breaking the law. As you know, opposites do attract.

If you would like to see each other to talk and get better acquainted then you can ask one or two believers to chaperone you. (A married couple is best.)

Below you will find some public places suitable for these outings. For security reasons, it is a good policy to make sure you spend your time together during the daylight hours. Of course, there are times you might not have control and you are caught out at night, but if you are properly chaperoned, everything should be fine.

## PUBLIC PLACES

1) Temple: If you are attending any of the temples, you may have light conversations with one another after the meeting is over with and everyone is giving the greetings as we used to did during the lifetime of the Messenger. You can even eat together but remember have you a chaperone with you. This is a good time to see if each other attends temple regularly.

2) Dinner: As we eat between four and six o'clock this time would be good to have dinner together. When you have dinner together you can check out how each other's table manners are, how much food they eat and what kind of food they eat.

In the conversation you can find out if they eat once a day or if they eat more than once a day. You can find out if they fast every month and if they fast for Ramadan.

When we are single the Honorable Elijah Muhammad taught that we should fast and pray to keep our needs in check. The Holy Qur'an teaches fasting keeps away evil and

indecentencies.

You can have dinner at a nice clean restaurant, at the sister's house, at the brother's house, at other Muslims homes, at the sister or brother family's homes if they are Muslim too. If you do so you can see and learn more about each other. You will see how they interact with one another, how they treat their mothers, fathers, sisters, and brothers, and other members of the family. Much can be learned from one another at dinner.

3) Muslim Families: If you are acquainted with any Muslim families, it would be good to be invited for dinner so that the two of you can see how a Muslim home functions.

You can see how the home is decorated, how the children are treated, how the husband and wife interact with one another etc.

To be invited into the home of a Muslim family is a blessing and if you watch, listen and ask intelligent questions concerning marriage, it will help you make good choices and decisions when you marry.

4) Other peaceful outings: There are many things that can be done that will give you some information concerning each other like a visit to the library or Museum, etc.

Note: Please remember we do not go to movies, Christians or devil's dances or parties, funerals or their weddings. We don't participate in anything that might lead us from Islam.

I am sure you can find many other things you can do to get better acquainted with each other that I've not mentioned here, but remember never to be alone and keep your talk clean.

**Continued on page 10**

## The Time and What Must Be Done

**Continued from page 4**

taking their savage behavior and desperate conditions on the road.

The Honorable Elijah Muhammad taught us that there will be "Four Great Judgments on America." He spoke of RAIN destroying property and lives, flooding cities and towns, and large bodies of water swelling dumping billions of tons of water over the seashore lines, and that the rain would make the atmosphere too heavy with moisture and cause sickness. He spoke of how the wind and rain would also bring germs causing more sickness and making unclean water. He said rain is a destructive army.

He further said SNOW is the most dreadful plague when it comes from five to thirty-five feet. He said it would destroy roofs, homes, highways and cities. He said the cutting off of transportation will cause starvation and that communication will be destroyed due to the icing of the wires. He predicted snow, rain, wind, hail and earthquakes and fire. He said America is in the grip of divine

judgment for how she has mistreated her once-slave – US. So it is now too late – for us all. We are stuck here. Caught up in the judgment – along with the disbelievers, the hypocrites and the devils. Any preparation for the time of want should be done now.

The weather forecasters predict a harsh winter. Meanwhile, the utility companies say they must increase the cost of heating fuels nationwide due the damage to the tankers and the oil industry during the Katrina Hurricane in the Gulf. It will no doubt be a rough winter for everyone, especially on the East Coast. The time for all Blacks to be frugal is now. The time to investigate other means of heating is now. Let us not get caught like the poor Blacks in New Orleans – let us not be lying at the rich man's gate begging for mercy – because none is coming. Not from the devil. Ever.

# The Problem Lies Within The Man

**NEWSPAPER & WEBSITE**

**DETROIT, Michigan**--In The Name of Allah Who came in the Person of Master Fard Muhammad, to Whom all praises are due forever. I forever thank Him for His Last and Greatest Messenger The Most Honorable Elijah Muhammad (peace be upon him).

What makes the believer successful is his or her obedience to The Messenger, The Honorable Elijah Muhammad. When we are obedient to the Messenger's Teachings, Allah (God), Who came in the Person of Master Fard Muhammad rewards us with happiness, peace of mind, contentment and things that we need, because He is the Best Knower of what we need at all times.

When we disobey the Messenger's Teachings we bring hell on ourselves. Allah (God), Who came in the Person of Master Fard Muhammad loves to bless us. It is by our own disobedience to Allah and His Messenger that we creates problems for ourselves.

There are only a five principles that we are required to uphold as Muslims: Belief in Allah and His Messenger. Prayer at least five times a day. Practicing Charity in it's broadest sense, Belief in the Divine Revelation, Belief in Fasting, especially during the month of Ramadan.

When these things are not observed, a man's heart becomes hardened against the remembrance of Allah, Who came in the Person

of Master Fard Muhammad. He becomes neglectful (slack) in his prayers; knowing that the remembrance of Allah is the greatest force (against evil practices). He becomes stubborn and disagreeable to live with in peace. He becomes a victim of his own doing. And he can't blame anyone else. He can't make excuses for his own short-coming. He is responsible for his own actions. He is his own problem.

Ever since I became a registered Muslim in the Nation of Islam, I have heard of brothers complaining about being "forced" to sell papers in the Nation. That is weak! I was never forced to sell Muhammad Speaks Newspapers.

I came in the door with the WILLINGNESS to do. I sold the Nation's quota, at that time, of 300 papers every issue.

That is what The Messenger said that we should do if we wanted to help him.

I sold them because I wanted to. I wanted to because I believed, and I still believe, that Allah came in the Person of Master Fard Muhammad and that The Honorable Elijah Muhammad was Allah's Messenger.

I sold them because I wanted to help push the Nation's Number One Program.

I didn't have to be "forced". My belief in the work Messenger Elijah Muhammad was doing compelled me to get an arm full of papers and go out to try to help to deliver the 17,000,000 to the Lamb of God.

That is my only motivation today. To try to do my part to help push Messenger Elijah Muhammad's Teachings and Programs.

That's what you do when you really Believe in a thing. You do all you can to help in the cause of that thing.

No matter what it is that you Believe in, you will work to help make that thing a success.

If you are REALLY a Believer in Messenger Elijah Muhammad's Teachings, you will automatically do what is necessary to help Push the Program. You don't have to be forced.

Messenger Elijah Muhammad taught that Allah doesn't have to force you. The Messenger said, "If you don't want Islam. Islam doesn't want you. He said, "Allah wants a WILLING man."

Those who sat around and com-

plained about being forced to push the Nation's Number One Program had a PROBLEM. And it wasn't the Muhammad Speaks Newspaper. The Problem lies within the man.

Now don't get me wrong. Selling the Paper was not, and is not, the ONLY way to help Push the Messenger's Program.

Muhammad Speaks just happened to be the NUMBER ONE PROGRAM.

The Honorable Elijah Muhammad, Messenger of Allah, spoke to the Fruit of Islam concerning the Muhammad Speaks Newspaper, Sunday, November 4, 1962.

*The Messenger said, "There is truth in our newspaper, Muhammad Speaks! There are some of us who say we are willing to give our lives for the truth or that we will die for Islam. Yet, we are not willing to go out and among the public and offer the truth to our dead Brother living right next door to us! Think over that!"*

*The truth is right in our paper. Your dead brother who is living*

*next door to you, does not know it! Why don't you go knock on his door? Say: "Brother, wouldn't you like to read this? Here it is." You are then helping to raise the dead. You are doing charitable work for the cause of truth. However, you say, "I cannot sell papers." Why are you telling me, brother, that you will give your life? You cannot give your life for that which you will not give your time.*

*Some of us show that when we sell the paper, we care nothing about the truth. We take the money we make for the paper and use it for ourselves instead of using it for the truth, by paying for our papers. You should be ashamed of yourself! You should sell a million papers in Detroit alone. The people are not rejecting the paper. It is you who is refusing to carry the paper to the people. You are the one. The people want the paper!*

*Throughout the country, I find very little opposition to the Muhammad Speaks Newspaper. Everyone now wants to read what Muhammad is saying. I don't blame them! Anytime a man comes*

*under the chains of bondage of the white man, then speaks and says the things Muhammad is saying, I would walk ten (10) miles to buy one. If you give them to me to sell, I would not sleep until I was turned down by all of the people with an arm full of papers.*

*Brothers, this paper will get you rest. It will bring life to you. It will unshackle you. It will establish you on something that is your own. Be ashamed of yourselves. You have the preachings. So go sell a paper to the person without the truth from the one who is preaching. Do your part of charity toward the truth. Don't say: "you don't have time". Yet you have time to "die for the truth" but no time to represent truth. Of which one are you telling the truth.*

*Allah is bringing light to a people that sits in darkness - all praise is due to Allah.*

*There are many who have not even been to a meeting of Islam. The paper gets the truth to them. The Christian world is on fire, but Islam will live in a cool place!*

*Note to Minister: Our newspaper*

# The Science and Art of a Divine Courtship

Continued from page 7

We are also taught that we do not have long engagements and when we are being courted, we do not flirt or pursue the brother. We let him pursue us.

Equal means of the same quantity, value or rank. In Islam when we marry we are taught to marry someone who is seven (7) years older or seven (7) years younger. This places us in the same generation. When it comes to education and finances we should be equal because if the sister has more of the above, this can cause confusion. Even in Islam when the sister has more knowledge and the

brother does not have the same confusion can come about if the wife tries teaching the husband.

During courtship if you submit and remember that the Muslim's Courtship reflects restraint, courtesy and modesty as taught by the Honorable Elijah Muhammad (peace be upon him), Allah who came in the Person of Master Fard Muhammad will bless us with a mate that is compatible to us and the two will have happiness and peace (Heaven).

## Other Things To Remember During Courtship

**Commit not adultery**

**Commit not fornication**

**You should not marry non-Muslims**

**You should not gaze upon beautiful men**

**least they turn your hearts into unclean thoughts,**

**Nor do we look a brother in his eyes.**

**Do not listen to their love songs or any other sign of charm.**

**No Muslim woman or girl should live with no man nor let him touch her unless he marries her first in a lawful manner.**

**She should not be kissed by anyone but her parents.**

**No Muslim should be denounced.**

**Note: The above applies to all, both married and single.**

**Muslims sisters shall not marry anyone that is not her equal.**

## A March For Righteous Believers

Continued from page 4

self, these people tried to put fear in us by telling us if we didn't support them, it would lead to our death as a people. That this was our last chance! We see now that this was utter nonsense!!

There were be plenty of buckets passed around this time. Plenty of causes that needed our support. And let me ask you this, if this was about the poor, if this was about the downtrodden, what kind of arrangements were made to get them there? Who gave them a bus ticket and three days lodging at a hotel so they could participate?

This March welcomed Black men, woman and "forward think-

ing' whites. The only thing the devil is "forward thinking" about is the Black man's destruction!

Brothers, Sisters the only March we need to make is to our Temple. That is a March for righteous Believers! And the only thing that will unify us, the only thing that will make a difference, the only thing that will solve our problems is following the Messenger's program to the letter.

We need to stop listening to these mis-leaders. I've said it before and I'll say it again, Brothers, Sisters, stop dancing with the devil once and for all !! As-Salaam-Alaikum.

# Why is everybody so mad?

By  
**Brother Alif Muhsin**

DETROIT--As salaam Alaikum There are a lot of stereotypes on young black men these days. From we can't dress properly, were rude, we're not professional, we can't keep a job, we don't want a job; and the list goes on and on.

The truth is, these are all true to the naked eye. It's not that we're incapable of doing these things, we just haven't been taught how. We must be able to do these things in order to function as equals in society.

Today's youth, including my generation (I'm twenty four years old), doesn't realize how savage and ignorant we have become. Even though we are a bit more educated than past generations. We are yet wilder, crazier, louder, ruder and simply more mad then any other race of people on this here American soil.

Why is everybody so mad? Why are we so far from our roots? And why can't we treat each other like brothers and sisters? We all have this chip on our shoulder and we don't know how to love each other. You might think this sounds soft, but we are the only nation of people who don't look out for one another.

The Honorable Elijah Muhammad taught us that if you have a bowl of soup then your brother has half of that bowl of soup. And this is how it should be. We should be able to lend a hand with out something up our sleeve.

Lets talk things over like gentlemen instead of arguing and cursing. The Honorable Elijah Muhammad taught us in "The Proper Handling People" that the only way to get the best of an argument is to avoid it. Show respect for the other man's opinion. Never tell a man he's wrong. And if you are wrong, admit it quickly and emphatically.

The way we carry ourselves among the public has gotten to be a little embarrassing. I was in the mall recently by myself in a men's clothing store and a group of young black men my age came in acting crazy, cursing and acting completely savage. There were some white, businesslike, men in the store as well, and deep down I wanted to apologize to them for the way these brothers whom I never saw before in my life were acting. And I'm sure those white men act

*'Lets talk things over like gentlemen instead of arguing and cursing... The way we carry ourselves among the public has gotten to be a little embarrassing'*

--Brother Alif Muhsin

**Brother Alif Muhsin**

crazy, curse and act savage too, but I bet when they do it only they see it.

We should carry ourselves professionally because they stereotype all of us young black men according to they way the majority of us act. I want to be stereotyped as a hard-working, righteous, intelligent man don't you?

Whether you believe it or not, the black man is going to rule after the power and authority of the white mans rule has been broken. We

must prepare ourselves to do that. And the Honorable Elijah Muhammad taught us how.

We can be good men, good fathers and good brothers to each other. But not under what we've been taught to us by the devil (white man) Christianity. It has failed us in this day. We are getting worse under Christianity. Lets unite under the Messengers teachings and be on the right path.

As salaam alaikum

## The Problem Lies within the Man

Continued from Page 9

*is very important. I am charging you with the responsibility of instilling the followers at your Temple the spirit to put a successful effort on your own.*

*This paper must go into every home, every issue. This paper must not die because of the lack of enthusiasm or effort.*

*Note: What we are asking is small compared to what the devil is asking for us and even his own people.*

*The devil will take people into his army for two or three years and some lose an arm, a leg or an eye and may even become paralyzed for his cause. Being asked to sell Muhammad Speaks is not half as bad as that!!!*

Submission is the key. We must submit to the Messengers Teachings. Not some of it. All of it! Messenger Elijah Muhammad taught us to keep our duty to Allah, and His Messenger. We must be Truthful to ourselves and clean ourselves up and divest ourselves of the devil habits. Stop lying,

stop smoking (dope and cigarettes), stop drinking (wine, beer or any alcohol), stop shacking-up, stop backbiting our brother and sister, and stop putting ourselves in bad positions.

The PROBLEM LIES in us Black Man. When we stop praying like we should, we have no guidance or protection from Almighty God (Allah), Who came in the Person of Master Fard Muhammad. We become self-guided.

The Messenger said, "prayer is like gas in your car". It keeps us going. That's right it keep us going in the right direction. When we fail, blackman, to keep up prayer, we start going in the wrong direction.

The Most Honorable Elijah Muhammad taught us his followers that every thing that we do, we do to ourselves. Man is the maker of his own problems. He creates them and he solves them.

# A Nation Can Rise No Higher Than It's Woman, Part 2

By Sister Sophia Muhammad

Sister Sophia Muhammad

**MASSACHUSETTS**--In the name of Allah who came in the Person of Master Fard Muhammad. I bear witness there is no God but Allah and the Honorable Elijah Muhammad is his last and greatest Apostle.

As-Salaam-Alaikum.

We left off in our last article discussing the great importance of the MGT (Muslim Girls Training) Class, the black woman and the great importance of the Blackman regaining the power to control and protect her.

According to the Merriam -- Webster dictionary, the word "control" is defined as such: "To exercise restraining or directing influence over; to have power over." Merriam-Webster also defines the word "protect" as follows: "To cover or shield from exposure, injury or destruction; to maintain the status or integrity of especially through financial or legal guarantees, to foster or shield from infringement or restriction."

We could go into the deepest levels of this word "control" however; for the purpose of this article we will stay with the context in which the Messenger of Allah used it. Why is this so important that it is the first step to our returning to our land and into knowledge of our own selves? What is so important about the Black woman that she has to be controlled and all efforts must be made to protect her?

The Originator of the Heavens and the Earth: a Black man made the woman after looking within himself and seeing there was another being inside him. He made

*'Allah, Himself, has said that we cannot return to our land until we have a thorough knowledge of our own selves. This first step is the control and the protection of our own women. There is no nation on earth that has less respect for and little control of their women as we, so-called Negroes, here is America. Even animals and beasts, the fowls of the air, have more love and respect for their females than have the so-called Negroes of America.'*

---Words of Messenger Elijah Muhammad  
Message to the Blackman, Chapter 33

this other being: the woman to be his comforter, someone to honor, respect, and worship him, console him, birth his children and raise them up according to his standards, wishes and desires.

The Messenger of Allah explains the making of the woman as such: "He wanted a different human being than Himself, so He studied Himself. He made a woman by studying Himself. He made a woman secondly so this would solve His problem of a search for another man."

This is a being he made from Himself to console his troubled mind, heart, and soul. This is a being he made from himself to reproduce himself and have charge over his seed, to make sure they are guided and raised in a righteous, godlike manner. This is a being he made from himself to be his confidant, best friend, his heaven.

Knowing the reason why the Blackman made the black woman, protection of her is inevitable. Even the most foolish of fools, guard and protect that which is valuable to them. Your most precious jewels are not displayed openly. They are secured at all times. It is human nature to secure and keep safe, that which has a great deal of value or is irreplaceable. Why wouldn't the Blackman do all that is in his power to control what this being is exposed to? Why would he let her run wild and loose, knowing the how special and important she is to him in her creation? Why would he let her do just anything, go just anywhere and act just anyway? Why wouldn't he watch over his investment, his treasure, his peace of

mind.

When we further break down the word "protect" we see it comes from the Latin word "protegere" (Pro meaning "in front" and tegere meaning "to cover"). So the Blackman is in the forefront. He is the one who is always seen, the woman is kept shielded and well protected especially living among his mortal enemy.

The Black woman can once again become that which she was made to be by the Original Blackman through the control of the righteous Black man. He made her, she didn't make him, and she naturally will submit to his righteous direction, guidance and control.

The Messenger of Allah was risen up from among us to teach the Blackman the value of the Blackwoman. So that he may, once again, maintain, protect, control and elevate the Black woman. For without this, we will never elevate as a Nation and we will never be accepted and respected by other civilized Nations.

The Messenger wrote in his book, The Message To The Blackman in America, "It is the civilized Blackman that protects his black woman even if it means giving up his life. It is his duty to her." The Messenger wrote, "She is your first nurse. She is your teacher. Your first lesson comes from your mother. If you don't protect your mother, how do you think you look in the eyes of other fellow human beings?"

Inshallah, we'll continue next article with this subject: A Nation can Rise no Higher than it's Woman. I leave you as I came: As-Salaam-Alaikum.

## I Go To the Temple To Learn How To Be A Good Muslim

By  
Brother Rauh Karim

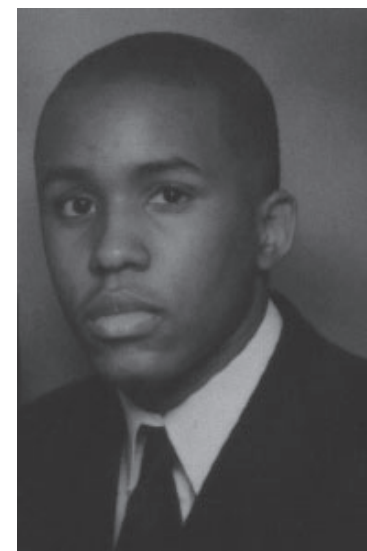

**DETROIT**--Some grown-ups might be surprised to know that a lot of kids my age are having sex. The kids my age ask me "You haven't had sex yet?" I answer, "Nope". When they ask me why, I say "Because it's against my religion." Then some of them start to laugh and make fun.

They don't realize that religion is a way of life and should be taken very seriously. Even the Bible they claim to believe in teaches, not to drink alcohol, not to gamble, not to eat pork, not to lie, not to cheat, not to steal, and not to have sex before marriage! (fornicate!)

But they treat their Christian church like just another place to hang out. They don't go to church to learn how to live a righteous life. They go for entertainment (from the preacher and the choir).

When I go to the Temple, I go to learn how to be a good Muslim. A Muslim is a person that does what God says to do.

Another thing they fail to re-

Brother Rauh Karim, Age 12

alize is that people (including me) can do what ever they want to, but there are consequences to everything we do good or bad.

I don't want to have sex before I'm married and I don't want the girl I marry to have sex before she is married. That way we both come into the relationship clean. Then neither of us has to worry about sexual disease, which is one consequence of having sex before marriage.

# HOW TO EAT TO LIVE

## A Natural Cure For Sugar Diabetes

By Messenger Elijah Muhammad

*Selected Excerpts from How To Eat To Live, Books 1 & 2*

Sugar diabetes can be controlled and cured if you only eat right. By eating the proper food at the proper time you will never know that you ever had it and you will never see any sign of it. But, you must not continue to pour in the body power and strength of sugar from your meals that add to the sugar spilling over in your body.

Naturally, it is going to reach out for something or it is going to flood itself after putting too much sugar and starch in the body. But, some of us are so built upon eating what we want that we just cannot abstain from eating these starches and sweet foods. These things are nothing but friends to the sugar diabetic condition.

Stay off of sugar and starchy foods and leave those old, white potatoes alone. Do not eat spaghetti and macaroni at every meal. If you are overweight, do not eat it at any meal, and if you want to live a long time, do not eat it at any meal. Food such as spaghetti and macaroni is processed, not cooked thoroughly, and is hard to digest.

Stay away from it and you will live longer, for diabetes is an evil

enemy. It is an enemy to both the flesh and bones of the body. If you will stop eating foods such as sugar and starchy foods, I know you will do better. I have been self experienced in everything, and I have been a victim of everything that you are a victim of, except cancer. I do not think that I have cancer; but as I mentioned in this book before, The Last Messenger is not immune to the sickness and complaints of the common people.

Do not say, "I am already so old that I do not have much longer to live anyway. That is true, but if you want to add a few more days to this already distant age you have, you can add to your life by stopping right now from plunging into the grave, and you could add more days to your life.

Fresh fruit and fresh edible vegetables and good pure wheat bread, pure milk and butter are the best food for man.

A LOT OF SWEETS is not at all good for man. There is enough sugar in fruits, vegetables and bread for us (notably sugars from sweets, wheat, cane and beets), without our need to prepare and

refine any to such a sweet degree that it causes sickness in the body of man, i.e., diabetes and other such ailments caused by too much sugar in the body.

But whatever you eat, by taking long intervals between the meals (such as days), the effect will have time to destroy itself, if not added to by new meals.

The natural food value of the vegetables that we go to the market and buy should not be destroyed with a lot of additions. They contain the vitamins and proteins nature put in them for us, if the experimenters and poisoners of food do not interfere.

Natural food will give to us natural health and beauty and prolong our lives, if the poison hand of the commercializer does not touch it.

None of us would suffer with sugar diabetes if we would eat natural food, because the sugar in natural food is not enough to poison our blood with sugar.

It is the sugar that is manufactured by the commercializers on sweets that causes the dreadful disease of sugar diabetes.

All sufferers from sugar diabetes should abstain from eating sugar after they learn they are sufferers from diabetes and they should eat the natural food that Allah has placed in the earth for us, without the addition of sugar.

WE SHOULD cook the food the way we like it and season it with a little natural salt and natural pepper the way we like it.

It is sometimes hard to get natural salt. There are several salts on the market that the commercializers on food have put before us. The best salt is the natural salt or that which the Jewish people eat and season their food with. The Jews are old settlers of the white civilization and the first guides of the white race in the natural and commercial fields of foods.

The Holy Qur-an teaches the Muslims that the food of both the followers of Moses (the Orthodox Jews) and the food of the Muslims is good for each, because the foods of the two people do not vary too much. There are some weak Muslims and there are some weak Orthodox Jews but they (Orthodox

**The Honorable Elijah Muhammad  
LAST MESSENGER OF ALLAH**

Jews), as God taught me, live more closely to the Muslim way of eating than any of the rest of the white civilization.

We cannot expect to live, if we don't try doing the thing that God Advises us to do to live. We must remember, Allah Comes with light and life to add more days to our life. And, the only way we can enjoy longer life, we have to obey the teaching of how to live.

High blood pressure, diabetes, colds and fevers, ailments of the heart, headaches, stomach aches and all types of ulcers can be cured and vanish under the right food and time that we should eat.

Drink good milk — good, fresh milk. Eat butter, bread (slowly baked, thoroughly done), eat fruits, good vegetables. And, stay away from lots of sweets, because sweets are dangerous.

America has the record of eating more sweets than any other people.

Do not take chances, period, on your stomach. When it wears out, you are gone. You cannot replace stomachs.

The people suffer with so many sicknesses and diseases, due to the

lack of care of what they put in their stomachs. There are many other things — the drink is included. Stay away from drinking that which you know is not good for you to drink.

USE NO DRUGS to keep blood-sugar down. Just eat right. Stop eating sugar and starches and the sugar in your blood will clear up. I know because I have self-experience.

LAY off of starchy food and eat foods that contain protein.

DO NOT LET ANYONE TELL YOU THAT YOU CAN ENJOY GOOD HEALTH WHILE EATING THREE (3) MEALS PER DAY.

If you are sick, you are not required to follow the course of one (1) meal a day. But, if you are only sick with a greedy appetite, eat one (1) meal a day and you can control your sugar diabetes. You can also control little minor ailments such as all kinds of local fevers and diseases. By eating one (1) meal a day you will not attract minor ailments.

YOU will not have high fevers if you eat right and if you think right

**Continued on Page 18**

## Advertisers Use Disease to Sell Food

Rising rates of obesity, diabetes and other health problems have advertisers looking to these illness as a way to convince sufferers to buy their products.

Many people have begun to accept The Honorable Elijah Muhammad's Teachings that "what we eat keeps us here and what we eat takes us away", so advertisers are using "good-for-you" slogans to persuade consumers.

Two thirds of all adult people in America are overweight. Twenty-one million people in America suffer with diabetes, and more than 70 million people in America have some form of heart disease. These people represent nearly \$100 billion in annual buying power.

Marketing good-for-you foods is nothing new, but the tactic is becoming increasingly sophisticated

and ailment-specific.

A shopper with diabetes would be drawn to store signs that say "Low in Sugar" or "No Sugar". A shopper with heart disease would be drawn to advertisements that say, "Recommended by the American Heart Association" and of course, overweight people love to buy, products that use, "Great taste with half the calories".

Some critics accuse the industry of trying to profit off sickness, but a spokesperson for the American Dietetic Association reportedly said, anything that makes it easier for consumers to make healthy choices is a good thing.

Misinformation is another concern. Dietitians say look to the back of packages for nutrition facts and assume anything else is advertising.

# Requirements of a Healthy Pregnant Woman

By

**Sister Samirah Muhsin**

In the Name of Allah who came in the Person of Master Fard Muhammad and in the Name of His last and greatest Messenger the Most Honorable Elijah Muhammad. I greet you As-Salaam-Alaikum!

Knowing that without the strength, stamina, ability to adapt to change, and the complex body system that Allah blessed us with, human life would not continue, being pregnant means a lot of responsibility.

Along with all the changes that happen naturally a mother's actions must change to motherly before she even has a baby to cuddle. No longer does a woman's daily actions only effect her they also effect her growing unborn child.

Messenger Elijah Muhammad, concerned with the health of mothers and their unborn babies, gave **Instructions to the Muslim; Fathers and Mothers of Islam in North America**, saying, "We did not know how to treat out poor pregnant mothers and her little unborn babe. Yes we were very foolish people and rearing up foolish children wicked, sickly drunkards, murders, adultery, robbers, gamblers, game-makers, deformed, ugly, and some come with mark of strange animals, or fowls, cross eyed, bowlegged, uncircumcised. All of this could have been avoided if we only had known."

All praise is due to Allah who came in the Person of Master Fard Muhammad for teaching the Messenger the way an expectant mother should be treated and behave. The Messenger gave these instructions, "The mother's must not be made angry, and must not look at undesirable objects." "No one should bring sorrow upon the pregnant mother at no time, the husband should keep her very happy at all times, as her desire is to her husband more at that period than ever."

Babies in utero respond to different noises, including its mother's voice and is in tune with the life rhythm of his mother, he often wakes and sleeps with her. Seeing how closely connected the mother is with her child it is no surprise that fetal heart rates are related to

## WANTED: Temp

- Job Description: Temporarily house a growing child. Prefer candidates who enjoy nausea, vomiting, dizziness. Shortness of breath and stretching like a balloon, must be able to work 24 hours, and relish changing hormones and raging appetite. And the occasional stranger trying to rub your stomach
- Salary: \$0 Benefits: Unlimited when I was pregnant stories, 9 months of "I wonder what this one will be like".

mothers overall anxiety level. Babies can also hear their mother's heart beating. It is one of the many noises that it is surrounded by.

So when a mother is scared, from watching a horror movie, or crying, from going to a funeral, her heart rate changes and just as mother has a reaction to certain things so does baby.

Low birth weight and premature births can be a risk caused by stress during pregnancy. It has been noted that babies born to women suffering from depression are more difficult to soothe shortly after birth and have poorer reflexes and higher levels of the stress hormones cortisol and epinephrine.

It is no wonder the Messenger Elijah Muhammad wanted us to be happy and in the company of people who can give support and comfort. He also taught, "...eat pure foods, fresh at all times, no animal meat should she eat if meat must be had eat fresh fish..."

Messenger Elijah Muhammad gave us many warnings and instructions that many of us understand better, now, than we did when the warnings and instructions were being given.

Now, with reports of the "bird flu" and "mad cow disease" lying dormant in animals for years, we can understand that exposing unborn children unnecessarily to these harmful things should and can be avoided. And with the hor-

rific practice of cannibalism, genetic manipulation, and hormone injecting, on factory farm animals, who knows what type of damage eating these meats can do to our children.

There are studies, now, showing a disturbing amount of mercury in fish including tuna, a canned fish, that many people eat. Mercury poisoning can happen in utero, meaning it can be transferred through the placenta into the fetus. Mercury is a neurotoxin, and exposing yourself and child to it could lead to brain and nervous system damage. This damage could cause learning and attention disabilities and mental retardation.

But Messenger Elijah Muhammad already told us that tuna fish was not good for us to eat. As a matter of fact, The Messenger said, No fish, weighing more than fifty pounds, is good for us.

The Messenger Elijah Muhammad, also, said "Not no kind of strong drinks, not even one spoonful of wine. She must be active as long as she can. And must be extremely clean."

Dr. Nancy L. Day, MD, professor of psychiatry and epidemiology at the university of Pittsburgh School of Medicine told WebMD "... small levels of alcohol exposure can affect the developing fetus." The Alcohol can pass from a mother's blood into the fetus cre-

ating damage including growth problems.

Abnormal facial features like small heads, flat face, and narrow eye openings. Learning, behavior problems and birth defects can also be some damage from prenatal drinking.

Prenatal Smoking also has an effect on babies. Risk includes premature birth, smaller infants, increased nicotine receptors in baby's brain and possible physical and mental long-term effects.

But pregnancy is not all don'ts. There are some do's.

Do remain active, rest, prepare (reason to shop), seek medical care, relax (reason to commandeer the bath room for some "you time") pamper yourself, have a little ice cream there is calcium in there you know (at least that's my excuse), enjoy the last "just us" time with your husband if it's your first (cause you both will be different people after baby), think up baby names even if they change every trimester, but most of all have patience. The baby will come soon enough it's really not that long, even if it feels like forever.

So whenever you're feeling frustrated with the demands of pregnancy, just know, as the Messenger said, "...if you and I will strictly follow the above and keep up prayer, In the remembrance of Allah Our Saviour, our little children will come into the world righteous. As it is written everyone that sees

them will call them the children of the blessed."

It's a lot of responsibility, like I said, but remember it's temporary work and come due date you will be rewarded.

## Scientists say Pregnant Women Should stay away from Cats

Some scientists suspect cats can cause mental illness in people, due to a parasite, called *Toxoplasma gondii*, commonly found in cat feces.

Alan S. Brown, a Columbia University professor of psychiatry and epidemiology, has found people exposed to toxoplasmosis in utero were 2.6 times more likely to develop schizophrenia.

Schizophrenia is a severe mental illness, wherein a person suffers with grossly disorganized thinking and may also experience delusions or auditory hallucinations (such as; hearing voices)

Toxoplasmosis is a parasitic infection that can develop from eating undercooked meat and unwashed fruits and vegetables, drinking contaminated water, or not washing one's hands after gardening or changing cat litter boxes.

**Sister Samirah Muhsin**

# America's Land Bein

By Messenger Elijah Muhammad

*Reprinted from Chapter 37 of Fall of America*

Holy Qur'an, Ch. 13:41, "See they not that We are visiting the land, curtailing it of its sides? And Allah pronounces a doom — there is no repeller of His decree. And He is swift in calling to account."

**Black Man in America, there is no one as blind as you are in seeing what is going on against America.** I have warned you for nearly forty (40) years that Allah (God) in the Person of Master Fard Muhammad, to Whom praises are due forever, came to me and gave me the knowledge of the truth; and I have been preaching it to you continually.

**Now you see what is going on. As America has done, so now it is being done unto her. America has surrounded the countries of other peoples. She has blown their cities to**

**pieces and she has killed their inhabitants. Those who were left alive she put to flight, running for shelter from the destruction by America's might.**

It is very sad and horrible to look at the things that America had done, which are now coming on this country. For many years — centuries of years, **America has lived a luxurious, wicked life, while hating her Black slaves and depriving them of justice — shooting them down on the streets, on the highways and in the woods and fields, for nothing.**

She did it just because she felt that she had the advantage; and she wanted to kill Black people,

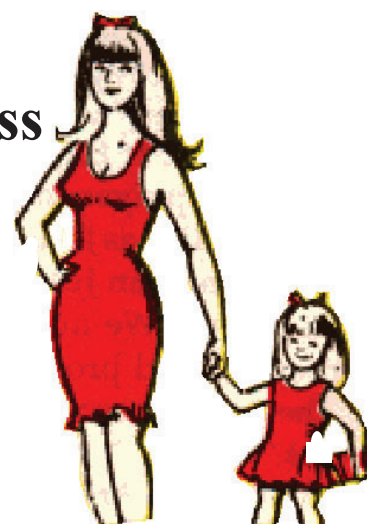

as she was made to do.

Bible Ps. 10:8, "He sitteth in the lurking places of the villages: in the secret places doth he murder the innocent: his eyes are set against the poor."

**Up until this very minute, she is seeking to destroy the Black man in America and to deprive him of the freedom to do for self.**

America never desires a departure of the Black slave from his white slave-master. America wishes only to hold the Black

slave in order to continue to treat him with evil.

**Pharaoh's hatred and injustice to Israel, in Egypt, in the time of Moses, should serve America as a warning; but she has fallen head long into the throes of the destruction of Allah (God).**

America runs to and fro seeking a way out, but she does not try to justify her Black slave for justice and equality among the nations of the earth.

**America made us into nothing and she used us to mock us before the nations of the earth.**

But a God with unlimited wisdom, knowledge and power, is now befriending the Black slave and He has chosen the Black slave to be His people.

**But the foolish Black people have yet to come into that knowledge; that Allah (God) is their best friend and that He is here to save them from the destruction of a people who have shown enmity and hatred to us all of our lives.**

America divided us one against the other. **The Black man in America is so divided against each other that you seek all of the time to do evil against each other.**

You cannot even befriend them lest they take advantage of it. They call you a fool for

The Honorable Elijah Muhammad  
ALLAH'S LAST AND GREATEST MESSENGER

trying to befriend them, as it was with us, by midway Technical School.

Midway Technical School came to us for help. We gave them that help to keep them from falling. It cost us thirty thousand dollars to set them free of their back rent and other bills that they had. Take a look at how they have turned on us for the purpose of wrecking all of the beautiful businesses set up for them and others to enjoy on the south side of Chicago, Illinois.

are safe in following the invitation to evil and see.

# THE TRUTH OF THE TIME

By  
**Min. Earl Muhammad**

Atlanta, Georgia—In the Name of Allah, who came in the person of Master Fard Muhammad to whom praises are due forever and in the name of His Last and greatest Messenger, the most Honorable Elijah Muhammad. As -Salaam - Alaikum

The truth of the time is what the Honorable Elijah Muhammad taught us more than 70 years ago. The truth of the time is the fall of America. America is being destroyed inside and out. Inside, America is faced with very high unemployment, natural disasters, low paying jobs, working hours cut short, and people cannot afford the basis of living.

Outside, America is faced with war and revolution, trade deficit, and those in other countries saying, "America go home." Money is the god of this world. Consider the extra things we have to pay usury, high interest, late fees, application fees, bank fees, parking fees, auto rip-offs, over-priced homes and land, high taxes and

so much more.

Look at your satellite bill, cable bill, cell phone bill, and internet bill. The charges for these services are out of control. All of this is to come about at the end of the whiteman's rule.

The finale of the truth of the time is when all the prophecies have been fulfilled from Genesis to Revelation and from the Al-Fatiha (Opening) to Al-Nas (The Men). The Honorable Elijah Muhammad is the one that taught the understanding of the Bible and Holy Qur'an.

The Messenger gave understanding on such prophecies as Genesis 15: 13 & 14 (Black people in slavery); Malachi 4:5 (Behold I will send you Elijah); Matthew 17: 11, (Elijah must first come). Malachi has four chapters which means, after 400 years of slavery, God will raise Elijah.

Well, God (Allah, Who came in the Person of Master Fard Muhammad) did raise Elijah, right here, from among the Black man and woman in America. He was a man, as the Holy Qur'an says, raised up from among a people to Whom

No warner was sent before. We are that people!

Before Allah raise up Messenger Elijah Muhammad, no one came to point out where we fit in in the Holy Scriptures (Bible and Holy Quran). Read Holy Qur'an 41:44 -The Messenger taught us that we are that people. If an Arab had been sent to us we would have said, "An Arab and a strange book, I don't understand".

A Muslim is one who submits entirely to the will of Allah, a righteous person. There are those who say the followers of the Honorable Elijah Muhammad are not real Muslims. They say this because they don't accept the Honorable Elijah Muhammad as a Messenger of Allah. They say that they won't accept anyone after Prophet Mohammed (who was raised for the Arab people 1400 years ago). But this is nothing new. When Jesus came on the scene, the Jews said to Jesus, Moses did not teach us that. and Jesus said, Think not that I come to destroy the Law of the Prophets, but to fulfill. Messenger Elijah Muhammad taught

the same thing to his opponents. And that is exactly what he did. These things we are now witnessing.

Each Warner (Prophet, Messenger or Apostle) was sent with information to be given to the people of their own time and which served as a sign of a people come. Messenger Elijah Muhammad taught us that we (Black People) were the people allegorically spoken of in the Bible. He said, "We have parables in the Bible which the writers of the history of Jesus tell us were spoken by Jesus—the Parable of the Lost Sheep and the Prodigal Son — they returned and became the owners. This only means you and me. Why do not we take our place? Why should we give our babies to the enemy to be destroyed because he says you have nothing to feed them with? Follow me and I will show you: you will get more houses than you need and more money than you can spend. Help me, brothers, and Allah (God) will not deprive you of your good reward. I know you understand. What we do for

Allah (God) He will do it for us. In this day and time we are all tried—the wicked and the righteous are both tried."

The Messenger Warned us that, "The little money, with its dying value, will not help you against God's aims and purpose of the resurrection of the dead Lost-Found members of the Aboriginal Nation. You will lose your lives for so doing- and you should, for you cause innocent ones who are blind, deaf, and dumb to go to hell with yourself and the enemy." He said, "Black Brother, do not look for a high paying job drawing a big roll of money, after the war, unless with the help of Allah (God), you prepare this for yourself, which I advise you to do. The most dreadful divine judgments that have ever been witnessed by man are now coming on America. America is the divine target because she could have bettered herself in the divine eyes of Allah (God), Who came in the Person of Master Fard Muhammad, to Whom praises are due forever. But America did not and will not better herself, as it is written and prophesied, concerning Ancient Babylon and Egypt..."

Finally, The Messenger says, "If only the American so-called Negroes had knowledge of the time in which we now live, they would accept Islam at once; for it is just the acceptance of Islam which will bring the so-called Negroes the things they desire; good homes, money, and friendship in all walks of life. This is the time that they should enjoy such heaven, the Time of God. They are really chosen by God to be His people, and not the Jews nor white Christians. It is you, the American so-called Negro, but it is just you who are blind, deaf, and dumb to the knowledge of the Time of your salvation and the judgment and death of your enemies.

I say, my friends, that today you have to do something for yourself. I say that the white man has done a great thing for you to give you education how to go for yourself. I again give the white man credit for even trying to feed you when you are hungry. You are begging him

## Unity is a very hard thing to gain

By  
**Minister Al-Muntaquin Ali**

Minister Al- Muntaquin Ali

**PHILADELPHIA**--In The Most Holy Name of Allah, Who came in the Person of Master Fard Muhammad, and in the Name of his Last and Greatest Messenger, the Most Honorable Elijah Muhammad, I greet all believers and readers of Muhammad Speaks newspaper with As-salaam Alaikum.

Allah is the best knower. We must

*'As long as you still believe that the Honorable Elijah Muhammad is the Last Messenger of Allah, and that Master Fard Muhammad is Allah (God) in Person, you are my Brother Believer.'*

never ever forget that. We like to think that we have things all figured out, only to learn that we don't.

When I heard the call for unity I was so happy to hear about a united Saviours Day in Baltimore Maryland.

I thought to myself this is a nice location for it, as most people could get there real easy. I like the location, I mean hey, at the Great Blacks in Wax Museum. What could be better?

We have a good Brother Minister there, named Samuel Ramadan.

Minister Ramadan has worked hard there for many years. Sometimes with help, sometimes alone. Nevertheless he has worked hard to put a Temple in Baltimore. No matter how humble, there's no

place like home.

Last February, two car loads of brothers from our Temple in Philadelphia went to Baltimore.

We didn't go to there to try to boss Minister Ramadan but to be a Brother to a Brother, and help him to repair damages to The Temple Building.

Bro Minister is a fine Muhammad Speaks salesman. I might add one of the best I've ever seen.

This is why I was shocked to find that some one has gone on the Internet to slander this hard-working Brother, simply because he was not fooled into accept "rope-a-dope" money, that would have put him under the control of the lender.

The Slanderer did not stop at Minister Ramadan, he went on to falsely accuse me as well. Let the record show that I do not nor have I ever been a follower of Solomon out of Kansas City. The Temple I spoke at in New York are not followers of Solomon out of Kansas City either.

I am a pure follower of Messen-

ger Elijah Muhammad and our God (Allah) Master Fard Muhammad and so are all the Temples I deal with.

Unity is a very hard thing to gain. People wanting fame have long tried to keep the Lamb's (Messenger Elijah Muhammad's) followers apart. They always fail.

Any Brother that believes in Messenger Elijah Muhammad's Teachings is my Brother.

So, don't let any person that is hungry for recognition divide us.

I belong to a circle of Ministers who believe that the Messenger's funeral service in February, 1975 was real. And that now is the time for us to Execute the Messenger's teachings ourselves.

I don't dislike you if you can't see this truth.

As long as you still believe that the Honorable Elijah Muhammad is the Last Messenger of Allah, and that Master Fard Muhammad is Allah (God) in Person, you are my Brother Believer.

# A Natural Cure For Sugar Diabetes

**Continued from Page 12**

(a right heart). You CANNOT get good results from Allah's (God's) Law except that you think right. Your heart has to be in accord with what you say.

By eating one (1) meal a day, you will not be always paying doctor bills and drugstore bills for prescriptions. Eat one (1) meal a day and eat the proper food. Do not try to eat everything that is edible.

Just get yourself some common food. Number one, a bag of navy beans. Cook them well-done so that you will not get the colic from eating half-done beans. Put a little seasoning in the beans, if you want to. If you want meat in them, do not put pig in them. Use beef lamb or chicken in the pot of beans. Do not use fish to season the pot of beans.

EAT the beans and if you want something else, like vegetables, eat the best of the vegetables that Allah (God) Has Caused to Grow out of the earth, for us.

Virtually all vegetables are good to eat except collard greens and turnip salad. The roots of turnips do very well, but not the salad. Cabbages are good, especially the white head, but not the green leaves. Cauliflower is a really fine vegetable, but take away the green

leaves. There are a lot of other good vegetables that have been grafted from original vegetables, though some of the grafted vegetables are not good to eat. Do not eat the vegetable called kale.

Eat some spinach, but do not become an habitual spinach eater. Eat rutabaga, a little every now and then. You may eat as much garlic and onion as you like, but no sweet potatoes and no white potatoes. Sweet potatoes were never good for any human to eat. They are good for hogs, but not for you. White (Irish) potatoes are a food for people who live in frigid zones, a staple food for such as Europe, Northern America and Canada; but potatoes and rice are too starchy for you and me. They laden us with too much starch and fat, which are friends to diabetes.

Allah forbids us to eat peas. He considers most peas fit for cattle and herds of animals, but not for the delicate stomachs of human beings. No black-eyed peas, field peas, speckled peas, red peas or brown peas. Do not eat the split peas you find in the store.

Peas, collard greens, turnip greens, sweet potatoes and white potatoes are very cheaply raised foods. The Southern slave masters used them to feed the slaves, and

still advise the consumption of them. Most white people of the middle and upper class do not eat this lot of cheap food, which is unfit for human consumption.

No beans did He advise, except the small navy, the small size and not the larger size, the little brown pink ones, and the white ones. This bean He valued to be very high in protein, fats and starches, and it is a safe food for prolonging life. As you will find, most of the Muslims like their bean soup.

These beans are dry beans. He said that He could take one of our babies and start him off eating the dry small navy bean soup, and make that child live 240 years. He described no other bean. This dry bean, or pulse, is of ancient origin. It was this bean, according to certain historians, that Daniel preferred for himself and his followers in the prison of Nebuchadnezzar. Do not add rice and meats to these beans, because they contain proteins, fats and starches.

Virtually all fruits are good. We eat apples, oranges, bananas, pears, peaches, tangerines, mangos, plums, grapes (do not eat processed dried grapes, eat natural sun dried grapes), pomegranates, lemons and grapefruit.

Eat whole wheat, but not the whole grain, it is too much for the digestive system. Eat wheat, never white flour, which has been robbed of all its natural vitamins and proteins sold separately as cereals. You know, as well as I that the white race is a commercializing people and they do not worry about the lives they jeopardize so long as the dollar is safe. You might find yourself eating death, if you follow them.

He flatly forbids us to eat corn bread. The white race, and some African people used to live off corn bread because it is cheaply made. It is not good for human consumption because of its potency which only animals stomachs are able to digest. Positively do not eat corn bread.

Take time and prepare your own foods. Do not kill yourselves by running to the store buying processed foods to eat, and never buy those ready made biscuits. Do not eat the highly rich soy bean, which is a new flour on the market. These beans are for cattle not human beings. The oil from soy beans is not good for our stomachs. Soy bean flour is being mixed with wheat flour by the flour mills. In fact, the Christians are experimenting with all foods. They do not care what they eat as long as it does not

kill them instantly. Beware!

The white race is a commercializing race by nature. It is the almighty dollar they are after, not long life.

The Less you eat the longer you live. You can eat once every two days. You will live that much longer. If you eat one meal a day from the cradle you should live three hundred (300) years or more, for you will not be sick, Allah (God) Who Came in the Person of Master Fard Muhammad, to Whom Praises are due forever Assured me of this.

Fasting and staying away from sugar and starchy foods is far better than having your limbs cut off your body because of your foolish carelessness in eating sweets and starchy foods all times of the day. Cut out that sugar; do not use any at all. Use honey, but not the whole bottle full at one time. If you have too much sugar in your blood, be careful not to eat any sugar of any kind until you get it out.

Some doctors will tell you that you have low sugar. But just tell them that you will have "high life" in you.

## CDC reports rise in diabetes cases

Almost 21 million Americans have diabetes, a 14% jump from two years ago, according to a report by the U. S. Centers for Disease Control Prevention.

Seven percent of the U.S. population has diabetes, and as many as a third of cases haven't yet been diagnosed, the Atlanta-based agency said in a report released in October, 2005 on its Web site.

An increase in adult-onset diabetes drove the number of people with the disease up from 18.2 million in 2003, the CDC said.

Diabetes is the sixth-leading cause of death in the United States, the CDC said.

It raises blood sugar, increasing the risk of heart attacks and strokes.

Messenger Elijah Muhammad said when we eat right we can control sugar diabetes, and have good health The Messenger said Eat to Live not To die.

# LEARN

# ENGINEERING!

*Messenger Elijah Muhammad's Ideal  
as drawn by E. Majied*

*Reprinted by popular request From the October 30, 1970 issue of Muhammad Speaks*

# ENGINEERING AND ENGINEERING TECHNOLOGY EDUCATIONAL PROGRAMS

By Brother Muhammad R. Zahir

**KANSAS**--In the Name Of Allah, the Beneficent, the Merciful; Who Came in the Person of Master Fard Muhammad. We forever thank Allah for blessing us with His Last and Greatest Messenger, the Honorable Elijah Muhammad (peace be upon him).

As-Salaam-Alaikum

Dear Family, and especially my younger school aged brothers and sisters and their parents:

The following is a list accredited four year university Engineering programs leading to the bachelor of science degree.

## ENGINEERING (FOUR YEAR BACHELOR OF SCIENCE PROGRAMS)

**Aerospace engineering** majors learn how to use math and science to design and develop aircraft and spacecraft. They also study such topics as aerodynamics, launch, flight controls, and engines.

As an **Agricultural Engineering and Bioengineering** major, you'll learn how to use science to improve the production of food, timber, fiber, and renewable energy sources while protecting the environment.

**Architectural Engineering** programs combine architecture and engineering. Majors learn about the links between design and construction. Course work covers such topics as building materials and construction methods.

**Biomedical Engineering** majors learn how to use engineering to solve health and medical problems.

**Chemical Engineering** majors learn how to put chemicals to work. Classes cover such topics as improving the way factories use chemicals to make products and solving problems such as rust and pollution.

**Civil Engineering** majors learn how to use math and science to design big construction projects. Topics covered include the calculation of how much weight a structure will hold and the environmental issues that surround construction.

**Computer Engineering, General:** Through the study of mathematics, physics, and computer science, computer engineering majors learn to analyze, design, and develop computer hardware and software.

As a **COMPUTER SOFTWARE ENGINEERING** major, you'll study the scientific and mathematical basis of computer software. You'll learn a variety of programming languages and how to design, analyze and maintain software.

As an **ELECTRICAL ENGINEERING** major, you'll study electricity: how it works, how it's generated, and how it's used to

*Muhammad R. Zahir earned his Bachelor of Science Degree in Industrial Engineering and Manufacturing Technology*

power everything from light bulbs and radios to cell phones and robots. You'll also learn how to design your own electric-powered projects.

Students in **Environmental Engineering** learn to design, develop, and evaluate structures, equipment, and systems that protect the environment from the effects of human activity and that improve public health and well-being.

**Geological Engineering** majors learn to use geology and math to solve construction and engineering problems. Classes cover such topics as locating natural resources, deciding if a plot of land is suitable for construction, and the effects of geological forces, such as earthquakes, on buildings.

**Industrial Engineering** majors learn how to improve the way factories, hospitals, and other organi-

zations run. They learn to take all factors into account — from equipment and materials to people.

**Manufacturing Engineering** students learn how to use math and science to create manufacturing systems. Classes cover such topics as cost-effective ways to make products, ways for manufacturers to beat the competition, and assembly and product engineering.

**Marine Engineering and Naval Architecture** students use math and science to learn how to design ships and other watercraft. They also study many engineering problems related to watercraft. These include rust and other forms of wear and tear, environmental

## Allah will Liberate the Blackman?

By

Brother Muhammad Zahir

**KANSAS**—The Honorable Elijah Muhammad makes it painfully clear in Message to the Blackman In America who will liberate the Negro.

He defines his role and that of Allah, leaving no responsibility to any of his students or followers.

Allah Himself will liberate us. The Honorable Elijah Muhammad's great work involves liberating us spiritually. But it is Master Fard Muhammad Who will free our people. There is no mention made of anyone else because Allah does not need helpers.

Here is a quote of Messenger Elijah Muhammad from Chapter 81 of his Book, Message To The Blackman in America:

*"This is the divine problem. God, Himself, will liberate the Negro. Africa is trying to liberate herself from the same enemy."*

*These prophecies concerning the Resurrection and Freedom of the so-called American Negro cannot be cast aside as false, especially today, for you*

*can see the fulfillment. The so-called Negro must be delivered by God and God only. He will use a Messenger who is symbolically referred to as the Lamb of God in the Resurrection to spiritually liberate the American Negro.*

*They must be taught a thorough knowledge of their people and the devil. They must be Muslims to be liberated. They must have the Name of God, which means one of the 99 names that comprise the Name of God. The names are now being given."*

It is very unfortunate that some of the Muslims who claim to be followers of the Honorable Elijah Muhammad have failed to understand many of the most vital and life sustaining principles of our Theology.

Because of this misunderstanding, many believers remain confused about the divine mission and purpose of the Honorable Elijah Muhammad. Hence, they are also confused about The Time and What Must Be Done.

They don't know what to do

next. They are waiting on a man to return to "finish" his mission.

These poor brothers and sisters are waiting on an impossibility. They are still waiting on Jesus.

I would like to make this very clear to you. The Honorable Elijah Muhammad completed the job of spiritually liberating the American so-called Negro by delivering his divine message of truth and salvation over a forty four (44) year period.

Our people are spiritually free, thanks to the magnificent efforts of the Last Messenger of Allah. All praise is due to Allah.

The Messenger's job was to deliver the truth given to him by Almighty Allah. He must not try to force our people to accept it.

We know this, without one iota of doubt, that the Honorable Elijah Muhammad successfully delivered the message of truth, freedom, justice, and equality to and for the Lost and Found Nation of Islam.

Once this great message was

delivered, our people were made spiritually free, though they may choose to remain in spiritual darkness and bondage.

But, they most certainly have been given a more than adequate opportunity.

Hence, there is no work left for the Messenger to complete because after the message has been successfully delivered, then follows the punishment (final warning), then the chastisement, and finally the physical liberation (separation) in that order.

Clearly, the punishment, chastisement, and the physical liberation (separation) will be done by Allah Himself.

Those of you who claim the Honorable Elijah Muhammad to be alive must rethink your position immediately because you are very lost and wasting precious time.

Much of this confusion is a direct or indirect result of an unfortunate misinterpretation of the Bible, specifically the relationship between the Hon-

## America's Loss of Friendship

By  
**Brother Malik Muhammad**

**Brother Malik Muhammad**

Detroit Mich---In the name of Allah, Who came to us in the person of Master Fard Muhammad, the true and the living God to Whom all Praises are due.

We forever thank Him for raising up the Most Honorable Elijah Muhammad (peace be unto him)

from among a people that had never had a warner come to them before.

Messenger Elijah Muhammad Warned us in His Book, The Fall of America that, "America has done the worst work of deceiving other peoples and making false friendships with them. Now her turn has come. No one wants to trust her for friendship, for she has deceived many nations."

**IN AFICA**, on December 14, 2005 the United Nations Security Council agreed to Eritrea's demands withdraw Americans, Canadians and Europeans from the so-called "peacekeeping mission" on the border of Eritrea and Ethiopia. Since October, Eritrea has banned U.N. helicopter flights and other vehicle movement at night on its side of a 15-mile buffer zone. On Dec. 6, Eritrea gave the U.N. 10 days to pull out peacekeepers from North America and Europe, including Russia. It gave no reason for the demand.

**IN ASIA**, North Korea is blaming the United States for

holding up the resumption of international negotiations between North and South Korea concerning nuclear disarmament.

Prospects for a resolution of the nuclear dispute have dimmed since the latest dispute between the North and Washington over U.S. financial sanctions for so-called "illicit activities that include money laundering and counterfeiting".

North Korea threatened last week to boycott the disarmament talks among the U.S., China, Japan, Russia and the two Koreas until Washington lifts the sanctions, which the North claims are based on "sheer lies."

The North issued another call on December 15, 2005 for the U.S. to lift the sanctions, denying allegations of counterfeiting.

"No matter how often American political imbeciles may orchestrate farces of every form at their back parlor, it will only reveal the moral vulgarity of the Bush group and further de-

teriorate the standoff over the nuclear issue," the North's official Korean Central News Agency said. "The only way for the Bush group to get rid of its present deplorable position is to lift its financial sanctions against (North Korea) and sincerely work to find a solution to the problem at the six-party talks,"

KCNA said.

The Messenger went on to write, "America has not only lost and is still losing friendship all over Asia and Africa,...but she is now losing friendship right here with her next door neighbors, Central and South America."

## Why We Need Laws

By  
**Brother David Muhsin**

DETROT, Mich.--In the name of Allah, Who came in the person of Master Fard Muhammad.

We (especially) as black people need laws and restrictions to govern us. As I am sure most of us can see that without restrictions we act like wild fools. And if we would stop and think, we would see how much better off we would be, as a people, if we followed restricted laws.

There is nothing wrong with restrictions. Messenger Elijah Muhammad taught that the restrictive law is our Success. This is the truth, and I know this for a fact, because as a Muslim in Islam I have restrictions. I can not be a Muslim and go around doing any indecent thing I want, even though in this country (America) we can do whatever indecent or evil deed we want to do.

Since America is so corrupted, the wrong things we do may not seem as bad to us (black people)

as they really are. I mean, most of us would not look at smoking, drinking, premarital sex, gambling (and all the other indecent acts done in this country) as all that big a deal. But that is because they are done on a every day basis, so they have become common law.

Some of us may feel that being told what not to do is a punishment. Laws are not put in place to punish. That (punishment) only comes when you break the law. Now, when I say punishment, don't get the idea that I'm saying God is going to throw lightning bolts down at you or what-not. That's acting spooky. No, we punish our own self by the wrong that we do. Allah (God) only turns us to that which we turn ourselves.

Laws and restrictions are placed to protect us. Like a red light in the street, it tells you to stop so that you will not be hit by oncoming traffic.

Some of us make excuses about accepting our own and becoming Muslim. That is because we have

**Brother David Muhsin**  
18 year-old Soldier

some weak indecent thing, whatever it may be, that we like to do. So we hang on to it, and deprived ourselves of heaven on earth.

Restricted laws not only protect us, they also strengthen us because whenever a person can let go of any habit such as smoking, drinking and so on it makes them strong and it gives you confidence to overcome whatever other habit you might have, because you have already passed one mile stone.

# Not Everyone Your Color is Your Kind

More and more black people born in the United States are coming in contact with Black people with foreign accents and cultures very different from their own. According to the most recent Census Bureau data, there has been a 67 percent increase in the number of black residents in America, who identify themselves as Caribbean-born and nearly three times as many of those who are "African-born." In an article, titled *The New African Americans: African and Caribbean Immigrants Are Changing Black Identity in the United States*, published on the "Black Voices" Website (www.blackvoices.com) author Carla Thompson quotes one Nigerian sister who lives in Atlanta that says, "Most parents don't want their child to marry Americans. So dating is very limited. A lot of my peers only date Nigerians."

Many black people, who are here for no other reason than that our forefathers suffered 400 years of slavery here, might take offence to that statement. However our Messenger, The Most Honorable Elijah Muhammad warned his followers, years ago against, not only marrying black people who are foreign-

ers, but also against accepting their traditional African tribal styles and garments.

In the June 28, 1968 edition of Muhammad Speaks Newspaper, The Messenger wrote: "This is a warning to the M.G.T. & G.C.C. (Muslim women) against adopting the African dress and hair styles (this applies to the Brothers of the F.O.I. also) and seeking to intermarry with foreign people whether they are Muslims or not; and against accepting traditional African tribal styles and garments with gay colors.

Such Sisters will be dismissed, from now on, from the circle of Islam, wherein I am the shepherd.

No style of dress is to be worn but the style of real Muslim people and the one that I am offering to you. The head piece of traditional and tribal African people who are other than Believers of Islam is also forbidden for you to accept.

If you are not satisfied with the styles I give you then I am not satisfied with you being my follower.

Do not love to marry foreign people other than your people of America (your own Black brothers and sisters who have been lost

and now found by God, Himself). If you do, I will no longer respect you as my follower.

Remember what intermarriage did for the people of Moses in Median and elsewhere wherever they mixed with foreign people? They took them away from their God and they were forbidden by Allah to intermarry with people whose faith was not their own and later, a death penalty was effected on the for such things, because the love of such foreign disbelievers takes away your faith and your religion that God, in the Person of Master Fard Muhammad, to Whom praises are due forever, has given to you for your success.

As intermarrying with foreigners did to the people in the time of Moses, it will do the same here in this day and time, if you marry foreign disbelievers and traditionalists. They were not believers in Islam and brothers and sisters who are going "drunk" in love with just anyone whom they think is of their kind, will not stay in the circle here with me.

I will not permit it. God has not sent me to mix any such thing as intermarrying or associating in such a way as "sweethearting" with foreign people. A closer knowledge of this will be given to anyone of you who would like to come and ask me personally, but you are

not to do these things.

God is only after you to make you an example for the world to be guided by. You are being given the tops of the Divine Wisdom and He wants to make you the greatest of all people of the earth.

Study Jesus' parables of the "Prodigal Son", "The Lost Sheep" and "The Lost Tenth Piece of Silver" and other parables of the Old Testament and you will find many parables there made of you and me here in America, as being found and returned and put on top."

**Conversations with The Master ~ The Reflections of a Disciple** is an engaging novelette that weaves philosophy, fact and fiction into a captivating adventure along the path to self-realization.

Author and Master Martial Artist, Al-Waalee Muhammad, uses vivid visual imagery and his extensive knowledge of Islam and Tai Chi Chuan, the Grand Ultimate martial art of China, to reveal how we can overcome those elements that limit our ability to reach our full potential. Tai-Chi Chuan is practiced by millions worldwide for its health benefits, as well as its focus on realizing the harmony between mind, body and environment

**Conversations**, chronicles the adventures of "The Disciple," as he travels from The Great Mountain and back again, to gain wisdom, knowledge, and understanding of the Universe, and of himself - with the ever-present guidance of his Master, the Great One Who Resides at the top of the mountain. His travels parallel his inner journey into the deeper philosophical aspects of Tai-Chi Chuan, which enables him to lead others to rejuvenation, and emerge unscathed from a variety of perilous encounters.

# ENGINEERING AND ENGINEERING TECHNOLOGY EDUCATIONAL PROGRAMS

Continued from page 21

hazards, and safety.

As a **Materials Engineering** major, you'll use math and science to study ceramics, metals, polymers (such as glass, rubber, and plastic), and other materials. You'll learn how to invent and manufacture new materials.

As a **Mechanical Engineering** major, you'll learn the science behind machines and the energy that makes them work. You'll also apply what you learn by creating your own machines.

**Metallurgical Engineering** majors study the properties of metals, learn how to design metal parts, and solve problems concerning manufacturing. Students also learn how to test different metals to find out how well they stand up to stress, environmental changes, and other conditions.

**Mining and Mineral Engineering** majors use math and science to study minerals (such as coal and diamonds). They also study the processes for removing them from the earth. They learn how to locate minerals and how to design and develop mines and systems for refining ore. Other topics include the environmental and safety concerns of mining.

**Nuclear Engineering** majors study radioactive materials and radiation and learn how to use them in areas such as power, nuclear medicine, and industry.

**Operations Research** majors learn to use math and computers to create ways of solving problems in areas such as scheduling and transportation, where people are a factor. Students learn advanced mathematical modeling and statistics.

**Petroleum Engineering** majors learn how to find and remove petroleum and natural gas from the earth. Other topics include the process of turning petroleum and gas into products (such as gasoline) and environmental and safety issues.

**Systems Engineering** majors learn how to use math and science to design systems that solve a wide range of engineering problems. Students learn about the human,

physical, energy, communications, and information requirements of useful systems.

## ENGINEERING TECHNOLOGY (Two Year Programs)

This is a list of technology engineering support programs which are two year (or less) educational programs leading to an Associates degree in the respective area of study. Most of these programs are offered by junior colleges or community colleges.

Students of **Architectural Engineering Technology** learn to use basic engineering principles and technical skills to help architects, engineers, and planners develop buildings and related systems, such as lighting and communications systems. Classes cover such topics as analyzing sites, drawing plans, building models, and testing designs.

**Civil Engineering Technology** majors learn the technical skills needed to help civil engineers design and build large projects, such as dams and bridges. Students learn how to analyze construction sites, use and maintain equipment, draft plans, and write reports.

**Computer Engineering Technology** students learn the technical skills they need to help computer engineers design computer hardware and software. Class topics include computer electronics and programming, computer installation and testing, and report writing.

Students of **Construction Technology** learn the basic engineering principles and technical skills necessary to help engineers and other professionals supervise the construction of buildings and other structures.

Students of **Drafting and Design Technology** learn to use technical skills to create drawings, plans, and computer models that will be used in constructing a building or manufacturing a product. You'll also learn how to use computers. With computer-assisted drafting programs, you can make changes and add detail to your plans quickly. Increasingly sophisticated technology allows drafters to create more realistic images that almost seem like three-

dimensional models, making it easy to imagine the finished structure or object.

Students of **Electrical Engineering Technology** learn the design, drafting, and technical skills they need to assist engineers and put engineering ideas into action. Classes cover such topics as electrical circuitry, systems analysis and testing, and instrument preparation.

Students of **Engineering and Industrial Management** learn how to plan and manage engineering and industrial projects.

**Industrial Technology** students learn the technical skills they need to help industrial engineers put their plans into action. Classes cover such topics as the way people act at work manufacturing processes, software use, and report writing.

**Manufacturing Technologies** majors learn the technical skills they need to find and solve problems in manufacturing. Class topics include machine operations, engineering analysis, automation, and computer-aided manufacturing (CAM).

**Mechanical Engineering Technology** students learn the skills they need to help engineers plan and develop mechanical systems. Class topics include Newton's laws of motion, testing procedures for new designs, and the care and operation of testing equipment.

**Robotics Technology:** This major prepares students to use basic engineering principles and skills to help engineers create and test robots. Courses include the principles of robotics, the design and testing of robots, and robot repair. Students of **Surveying** learn to use math and survey equipment to measure, map, and plan areas of land.

**Telecommunications Technology** students learn the technical skills needed to help design, build, and install telecommunications systems, such as telephones, the Internet, and wireless networks. Classes cover data networking, digital signal processing, and programming.

**Water Quality and Wastewater Treatment:** This program trains

students to help engineers and other professionals who create and use systems for water storage, waterpower, and sewage treatment. Students learn basic engineering skills such as testing and inspecting these systems, maintaining equipment, and writing reports. We expect to open an on-line educational discussion and information forum for Muslim youth who wish to study science and engineering. We warmly welcome the participation of all University of Islam teachers, home-school educators, parents, and students. In the meantime please feel free to contact us at: seventhfam@aol.com Please be sure to get the next edition of Muhammad Speaks Newspaper when we will discuss admission requirements and pre-engineering and engineering technology course preparation.

May Allah be with each of you. May He bless us in this very vital educational endeavor.

As-Salaam-Alaikum

## Who Will Liberate the Blackman?

Continued from page 21

orable Elijah Muhammad and the biblical account of the history Moses.

And Moses says that God told him (Deut. 18:18) "I will raise them up a prophet from among thy brethren like unto thee and will put my words in his mouth and (he) shall speak unto them all that I command him....

Please take a careful note that the scriptural Moses was promised by Allah that in the Last Days, Allah would raise up one LIKE Moses.

Thank you for reading these words.

*"Your children have to be prepared for a future they have not lived. You must shape your child. Lazy parents cannot make a child successful."*

-Messenger Elijah Muhammad

## Questions for Black Leaders

By  
Brother Lt. Quadus Allah

As Salaam Alaikum

I thank Allah everyday for allowing me to recognize the only solution to our people's pain, suffering and economical situation is the Most Honorable Elijah Muhammad's program.

I have this question for you so called leaders for the black man, woman, and child. Do you think you have a better program than what the Most Honorable Elijah Muhammad left for us? This is what we should be asking the so-called leaders of the black nation.

I refuse to accept any leader or teacher besides the Most Honorable Elijah Muhammad. I'm happy with taking my cup and dipping it straight into the fountain of water (wisdom) straight from the Messenger himself. You so called leaders can't guide me anywhere, especially with all of your so called events and big money making fundraisers in the Name of the Messenger, and here we don't even own a water ice stand. Under the guidance and leadership of these so called leaders we as a nation have absolutely nothing. Under the guidance of the Most Honorable Elijah Muhammad we as a Nation built an 88 million dollar empire. I'm a young brother who didn't get to personally see that. But I know that the only way that I will ever see it is by following the plan left for us by Messenger Elijah Muhammad.

I understand how important it is for unity, because division will kill us. Keeping us divided is one of the tricks of the Devil. When you are referring to the Nation of Islam there is no compromising the laws or the program that the Messenger Elijah Muhammad left for us.

The Most Honorable Elijah Muhammad left a blueprint for our success. I have one more question, Do you think the Most Honorable Elijah Muhammad would have accepted any class of white people (Devil) poor or rich to fight for their rights. NOOOOOOOO!

I leave you as I greeted you in the Nation's greetings of peace, As Salaam Alaikum.

# The Most Obvious Article I've Ever Written

By

Pia' Angela Shabazz

Sister Pia' Angela Shabazz

CINCINNATI, Ohio--In the name of Allah, who appeared in the person of Master Fard Muhammad. We can never thank him enough for raising up our Messenger, the Honorable Elijah Muhammad as our guide to attaining Heaven while we live in the midst of Hell.

As-Salaam Alaikum to the Believers.

The following is the most common sense concept I have ever considered. Though, at first glance it seems, judging by our actions or lack thereof, it may not be.

The thesis is: To be a follower of the Honorable Elijah Muhammad you must FOLLOW him.

You might think, "No kidding!" All jokes aside... Follow is a verb. This means that following takes action. You can not follow passively.

The word follower means one who subscribes to the teachings or methods of another; an adherent; a supporter, as of a cause or individual.

Some other meanings for the word follow are: to pursue, to result from, to take as a model; imitate, to obey, to watch or listen to closely and understand.

So how are we doing in our effort to be The Messenger's followers?

Many of us have come into knowledge after the Messenger's departure. I, personally, was not even born in time to see him.

Regardless of age, we all are still trying to pursue him. He has touched something in every one of us.

The teachings are like that spark of energy that gets the atom of life rotating in the triple darkness of the womb then causes it to grow and regenerate. That minuscule, dormant speck of mental life within us was awakened and keeps evolving until we reach maturity in understanding and application of Islam.

We study the Messenger's example constantly in an effort to become civilized, respectable people and to come out of the mud that we were submerged in before Islam.

Living in heaven results from knowing and implementing this way of life.

Most of us have some measure of success with this. We could all do better, though.

The Messenger should be our model. We should imitate him. That means that what he did, we should strive to do. What he did not do, we should avoid.

We must strive to be perfect reflections of him. Wherever Elijah put his foot down, our feet should be right there with his. No questions or excuses. No slumping over, but standing upright.

Many of us do not emphasize this, and that is how we can justify marches, improper diet, mishandling of people and disobedience to restrictive law.

If we do not justify it, many sit passively in silence while these things go on.

We are taught, "obedience to The Messenger is obedience to Allah", for they are as one.

It is well known that we study the Honorable Elijah Muhammad constantly.

His followers (the ones under no other leadership) are becoming absolute Theologians.

This is good, because it ensures that what happened in 1975 will never happen again.

The question now becomes, "Are we listening closely to what he taught and do we understand?"

Even amongst the true followers of the Messenger, there are major disagreements.

It is one thing to disagree; it is another to let that disagreement separate you from another believer in Islam.

The Messenger stressed unity. He said our unity would be more powerful than an atomic bomb!

How can we say we are following him and be disunited with each other when we all bear witness to Master Fard Muhammad?

This seems to me to be nothing more than lip profession. If we have theological misunderstandings or disagreements, then let us come together as adults and resolve them. Or we can just agree to disagree. Either way we should be reaching out for each other.

We must strive to do better. This is not the time to be isolated from your fellow believer. One day, we will need each other.

Some believers who are "on the fringes", so to speak, engage in all types of activities that are questionable at best.

Some of these believers feel the need to march every year. This wastes money that many believers do not have to spare. This also has failed to show a long-term impact in our community.

Well, the Messenger clearly said, "Allah is sufficient for all our needs. This is why I do not have to beg from our oppressors or march on their Capitol with my hat in my hand."

Now, some say that they do not have their hat in their hand (begging for money) and that the only goal is atonement.

Well, we all know realistically that these marches are money generators for certain individuals.

We are not marchers. Any personal atonement can be, and should be done at home.

The Messenger of Allah never had us marching. Our time of congregation is Savior's Day (Savior's not Savors'.

We also "fast" in December, for spiritual growth and "atonement" to Allah for the celebration of pagan holidays. That is sufficient.

When the Messenger's foot goes down... if you are his follower, you put yours down too!

## Truth of the Time

Continued from page 16

and won't work for Self! This is right. I say he is very nice to you because if I had a whole Nation of people into the millions and they would not go out and do something for themselves, I would sit down on them. I would.

But he nurses you like the slave or like his fathers did when you were under them in servitude slavery. He still nurses you - gives you bread and water, clothes, shelter, money, jobs, just to keep you with him. That is all now. He pulls the string if too much is coming down and turns it off. He keeps you in that position. He doesn't try

to help us go for Self. He doesn't want us going for ourselves. He wants us a subject people to himself. Regardless to you being free, he still wants you to remain with him. He will give you today, not yesterday, but today, better jobs - if you will go along with him and stay with him. He knows that this is the Days of Your deliverance. He knows that a God has visited you. He knows that God has raised up a Messenger as a guide to you. They are very wise - a long way from dumb. It is you that is dumb. They don't want you going out building for Self. They want you to ask them

*are the things that you should learn."*

The Messenger said, "How can they win against a well-armed people? I say, my friends, we must remember that his Problem of the so-called Negroes in America, Lost and Found members of the Aboriginal people of the Earth, (The Black Nation) -The solution to their problem is a divine one. Try and solve it. Try and make attempts, here and there, throughout the country, to solve this problem and lose. You can not solve this problem without the Divine Supreme Being on your side."

"I say, my friends, we must remember that his Problem of the so-called Negroes in America Lost and Found members of the Aboriginal people of the Earth The Black Nation The solution to their problem is a divine one. Try and solve it."

"I say, my friends, we must remember that his Problem of the so-called Negroes in America Lost and Found members of the Aboriginal people of the Earth The Black Nation The solution to their problem is a divine one. Try and solve it."

Try and make attempts, here and there, throughout the country, to solve this problem and lose. You can not solve this problem without the Divine Supreme Being on your side."

We have got to learn to understand that ONLY by following the way Messenger Elijah Muhammad taught, will we be helping our people.

We must teach our people to clean themselves up and join with us in the Nation of Islam under the guidance of Messenger Elijah Muhammad's Teachings.

The best weapon we have is the TRUTH, as taught by Messenger Elijah Muhammad. When our people become followers of Messenger Elijah Muhammad, they stop using alcohol and cigarettes. This will put an end to the sale of these things in our community.

I pray the young brothers never lose their spirit and fearlessness.

I only hope that they will re-directed to be in accord with handling matters in the way Messenger Elijah Muhammad instructed us.

I hope that, from now on, they

will use the only weapon (TRUTH), given to us by Allah (God) Himself, to fight any and all evil and opposition to our Beloved Black People.

May Allah, Who came in the Person of Master Fard Muhammad, grant all of the Believers in Messenger Elijah Muhammad's Teachings with Mercy and His Protection. As-Salaam-Alaikum.

### Truth of the Time

to build. That means you are their slave. He doesn't want you going out farming even as ~~Continued from page 26~~ your own food. That means that you soon will be stuffing your stomachs with bread and meat that you raised; and he cannot profit from that. Think it over."

### Insurance Companies do more damage than Hurricanes

NEW ORLEANS--After hurricane Andrew wiped out every cent of profit insurance companies had ever generated on property policies in the state of Florida and forced 11 insurance companies out of business, in 1992, the insurance industry and the government teamed up to shift the burden for paying hundreds of millions of future storm-related losses, from insurance companies to the property owners.

State governments have allowed insurers to raise premiums as much as 400% in some cases and to add huge new deductibles.

Now hundreds of thousands of homeowners in New Orleans, Mississippi, Texas and North Carolina, many of whom thought they were paying for full property insurance, now find themselves having to pay a much bigger portion of billions of dollars in insured damage.

## ANNOUNCEMENT Subscription Rate Increase

When we began publishing Muhammad Speaks Newspaper in 1991. It cost twenty-three cents to mail a paper to a subscriber. Since then, the United States Postal Service has steadily increased it's rate, while we never did. It now cost us eighty-eight cents to send a \$1.00 paper. And, beginning January 8, 2006 The United States Postal Service will increase it's rates again. Beginning January 8, it will cost us 94 cents to mail a paper to a subscriber. As a result, we must increase our subscription rates, as well.

**Beginning January 8**

**A Six-Issue Subscription is \$10.00**

**A 12 -Issue Subscription is \$15.00**

## I Don't Follow Solomon

By

Min. Isaac S. F. Muhammad

BROOKLYN, New York--In the Name of Allah, Who came in the Person of Master Fard Muhammad. I forever thank Him for raising up His Last and Greatest Messenger, The Honorable Elijah Muhammad (peace be upon him). As-Salaam-Alaikum.

There seems to be some confusion among the believers resulting from a flyer, I put out, advertising a lecture I gave in Baltimore on October 16, 2005 at the Great Blacks in Wax Museum.

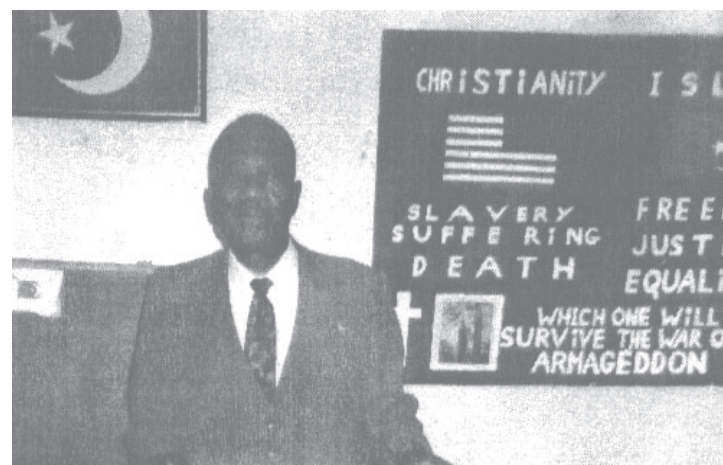

On that flyer, I listed as my subject: "Who is that man, Solomon, who is to come after The Messenger?"

I want all of the believers to know that I do not, nor have I ever, followed or supported the man in Kansas, who calls himself "Solomon" claiming to be some kind of prophet or "the one to come after the Messenger". I don't even know this man!

Furthermore, I don't believe ANYONE is coming after Messenger Elijah Muhammad to teach us ANYTHING other than what Messenger Elijah Muhammad has already taught us.

I am one, in a circle of brothers, who follow no one but Allah, Who came in the Person of Master Fard Muhammad and His Messenger's (The Most Honorable Elijah Muhammad's) Teachings.

These brothers include: Minister Muntaquin Ali, of Philadelphia,

**Minister Issac Shabazz Fard Muhammad**

Pennsylvania; Minister Samuel Ramadan, of Baltimore, Maryland; Minister Levi Karim, of Detroit, Michigan; Minister Earl Muhammad, of Atlanta, Georgia; Minister Hector Muhammad of Louisville, Kentucky; Minister Shaheed Muhammad, of Harlem, New York; Brother Harvey Shabazz, of Richmond, Virginia; and Brother Elijah Shabazz of Chase, Virginia.

I took my subject from the Messenger's book, "The Message To the Blackman in America" in the chapter titled "Answer To The Critics", wherein the Messenger writes, "Absolom stole the affection of the people because he thought he looked better and younger than David. He thought, therefore, the people would follow, that he could steal the people over to himself and get rid of his father as king and be king himself. But he was not to be king. The man that was to be king

had yet to be known; that was Solomon."

My flyer never stated who or what I was talking about. How many of you heard my lecture, before you jumped to whatever conclusion it is you jumped to.

Let us not jump to conclusions before hearing each other out. Then, afterwards, if we find one in error, correct him without crucifying him. And certainly do not blame the whole brotherhood for the mistake of one brother.

If I am found in error, that is my error and not my brother's. And if my brother is found in error, that is my brother's error and not mine.

We love for our brother what we love for ourselves. And, as Messenger Elijah Muhammad taught, we do nothing unto no one that we would not have done unto ourselves. We treat everybody right. Even the devil. As-Salaam-Alaikum.

# The Muslim Program

## What the Muslims Want

This is the question asked most frequently by both the whited and the blacks. The answers to this question I shall state as simply as possible.

1. We want freedom. We want a full and complete freedom.

2. We want justice. Equal justice under the law. We want justice applied equally to all, regardless of creed, or class, or color.

3. We want equality of opportunity. We want equal membership in society with the best in civilized society.

4. **We want our people in America whose parents or grandparents were descendants from slaves, to be allowed to establish a separate state or territory of their own...either on this continent or elsewhere.** We believe that our former slave masters are obliged to provide such land and that the area must be fertile and mineral rich. **We believe that our former slave masters are obligated to maintain and supply our needs in this separate territory for the next 20 to 25 years...until we are able to produce our own needs.**

Since we cannot get along with them in peace and equality, after giving them 400 years of our sweat and blood, and receiving in return some of the worst treatment human beings have ever experienced, we believe our contributions to this land and the suffering forced upon us by white America, justifies our demand for complete separation in a state or territory of our own.

5. **We want freedom for all Believers of Islam now held in federal prisons. We want freedom for all black men and women now under death sentence in innumerable prisons in the North, as well as the South.**

We want every black man and woman to have the freedom to accept or reject being separated from the slave master's children and establish a land of their own.

We know that the above plan for the solution of the black and white conflict is the best and only answer to the problem between two people.

6. **We want an immediate end to the police brutality and mob attacks against the so-called Negro throughout the United States.**

We believe that the Federal government should intercede to see that black men and women tried in white courts receive justice in accordance with the laws of the land - or allow us to build a new nation for ourselves, dedicated to justice, freedom and liberty.

7. As long as we are not allowed to establish a state or territory of our own, we demand not only

equal justice under the laws of the United States, but equal employment opportunities - NOW.

We do not believe that after 400 years of free or nearly free labor, sweat and blood, which has helped America become rich and powerful, that so many thousands of black people should have to subsist on relief, charity, or live in poor homes.

8. We want the government of the United States to exempt our people from All Taxation as long as we are deprived of equal justice under the laws of the land.

9. We want equal education -but separate schools up to 16 for boys and 18 for girls on the condition that the girls be sent to women's colleges and universities. **We want all black children, educated, taught and trained by their own teachers.**

Under such schooling systems we believe we will make a better nation of people. The United States government should provide, free, all necessary text books and equipment, schools, and college buildings. **The Muslim teachers shall be left free to teach and train their people in the way of righteousness, decency and self respect.**

10. We believe that intermarriage or race mixing should be prohibited. We want the religion of Islam taught without hindrance or suppression.

These are some of the things that we, the Muslims, want for our people in North America.

## What the Muslims Believe

1. WE BELIEVE in the One God Whose proper Name is Allah.

2. WE BELIEVE in the Holy Qur'an and in the Scriptures of all the Prophets of God.

3. **WE BELIEVE in the truth of the Bible, but we believe that it has been tampered with and must be reinterpreted** so that mankind will not be snared by the falsehoods that have been added to it.

4. WE BELIEVE in Allah's Prophets and the Scriptures they brought to the people.

5. **WE BELIEVE in the resurrection of the dead - but not in the physical resurrection -- but in mental resurrection.** We believe that the so-called Negro's are most in need of mental resurrection therefore they will be resurrected first.

Furthermore, we believe we are the people of God's choice, as it has been written. That God would choose the rejected and the despised. We can find no other persons fitting this description in these last days more than the so-called Negro's in America. We believe in the resurrection of the righteous.

6. **WE BELIEVE in the judgement; We believe this first judgement will take place in America.**

7. WE BELIEVE this is the time in history for the separation of the so-called Negro's and so-called white Americans. We believe the black men should be freed in name as well as in fact. By this we mean that he

**The Most Honorable Elijah Muhammad  
THE LAST MESSENGER OF ALLAH**

should be freed from the names imposed upon him by his former slave masters. Names which identified him as being the slave master's slave. We believe that if we are free indeed, we should go in our own people's names - the black people of the earth.

8. **WE BELIEVE in justice for all, whether in God or not;** We believe as others, that we are due equal justice as human beings. We believe in equality -- as a nation -- of equals. We do not believe that we are equal with our slave master in the status of "freed slaves".

We recognize and respect American citizens as independent people and we respect their laws which govern this nation.

9. **WE BELIEVE that the offer of Integration is hypocritical and is made by those who are trying to deceive the black people into believing that their 400 year-old open enemies of freedom, justice and equality are, all of a sudden, their "friends".** Furthermore, we believe that such deception is intended to prevent black people from realizing that the time in history has arrived for the separation from the whites of this nation.

If the white people are truthful about their professed friendship toward the so-called Negro, they can prove it by dividing up America with their slaves.

We do not believe that America will ever be able to furnish jobs for her own millions of unemployed, in addition to jobs for the 20,000,000 black people as well.

10. WE BELIEVE that we who declared ourselves to be righteous Muslims, should not participate in wars which take the lives of humans. We do not believe this nation should force us to take part in such wars, for we have nothing to gain from it unless America agrees to give us the necessary territory wherein we may have something to fight for.

11. **WE BELIEVE our women should be respected and protected as the women of their nationalities are respected and protected.**

12. WE BELIEVE that Allah (God) appeared in the Person of Master Fard Muhammad, July, 1930; the long-awaited "Messiah" of the Christians and the "Mahdi" of the Muslims.

We believe further and lastly that Allah is God and besides HIM there is no God and He will bring about a universal government of peace wherein we all can live in peace together.
