Seeks Jail Integration

BATON ROUGE, La.—De-segregation of all jails and penitentiaries in the state is being sought in a suit filed in the U.S. District court. The suit, filed on behalf of Eddie Louis Bell by his guardian, Major Bell, charged that the younger Bell, serving a 40-month sentence in the East Baton Rouge Parish jail, was being held in segregated, and thus inferior penal facilities. The rights of all segregated Negro prisoners are being infringed upon, the suit asserted.

'Murdering the people of Viet Nam can be fun, but there's nothing like the
our own Negroes!'
