Mr. E. Mohammed

The Minister of Islam

Detroit, Michigan

North America

Dear Brother:

Here is a few line to let you Know that I have received both of your letters one return mail and the other regular, also one from Kallatt; I have been just getting over the terrible mistake and unofficial movements that you been taken not only one that you went to Birmingham but different time you have done minus things with out saying any thing before. I have numbers of records of charges against you; but I not brought them to enforce knowing you have taken these steps with good attentions. NOW MY DEAR BELOVED BROTHER, I will tell you again and again you have heard me from time to time that must not under take the labor of Islam unless you do know it 100%; This is why I am here to guide you to the right road, you must always tell me other you will not be successful. It is true that you can use the wisdom but remember you are the wise and is in the mouth of the lion in his cave or civilization without any right in regards to the rules and regulations for practicing your profession in this cave civilization in first place you have no business being here but since you are here long way from home and your kind and are in the cave of savage you must use your wisdom with care, other this savage will peice you in two; The law of nature will not allow a man to run the home of another man, so be clear on this and use your wisdom with care; I will tell you to get out on the street and on the top of all the high building, yell out you wisdom when the time come, the time is not ripe yet, how many time have I told you this? Are you wasting my valuable moments on the same things over and over; My movements time and hours are limited and are for the dead nation, so you be aware not to rob the dead and your ???

You keep this letter and present to me when I see you and I will read for you and explain to you, I know you going to ask 1000 un-valuable question but write them down and present to me when I see you get on the labor now and study your assignment. See that you master your history all of the form all of the problems. All every thing I left you is to be dug out and study; Problem 31 should clear you of the mystery that you all long for but your wisdom and keep all to your self. Now right along with your study you can go over to Chicago unexpected do not tell no one where you going or when you going excepting Kallatt Mohammed, give them a lecture and run over to MILWAUKEE at 8th and Center St. inquire about Mr. Joe Bey, many semellers around there and ask to have a special metting for you, give them a lecture or two and go back to Evanston and ask for Mr. Brown. Try to get aquaited there and start a station there; you may promise some Ice Maker a big bone and get in with him and start arising the dead, With your wisdom you easily do this, but have patient; just look at me. I have all the hard luck and confronting more hard luck cause by my own people; Don't you see they are poison by the devil and so badly poison that they can't see me walking among them every day and eating with them give them Knowledge to compare with any body in the world and they are still in doubt. How many you want me to pick out each time when you have meeting; be wise and take lots of graveness for you are dealing with babies There will be time when they all will know you then

your happiness will be give, Now I go back to my subject; Then from Evanston you can round Chicago again unexpected then home, stop in these little towns on your way home and leave little wisdom everywhere get around and get acquainted caravan the territory between your home and Milwaukee start stations every where you can St. Louis and Kansas City will be your territory too but at present you can master the above said and later I will tell you when to there; about your labor working the problems, you are doing fine; you may consult one of the Teachers on beginning and forming your figures, the distance of Platoon is given in one of the problems Light travel 186,000 miles per second and the sun is 93,000,000 miles from the Earth Then if you divide the traveling speed in to the distance it shall give you the time to strike the Earth. Ha! Ha! this is good one for you, I shall have big time with you when I see you; but now do not be bashfull to study, for the wise always go to the bottom to scure real curc: Write to me every day and tell me all about your study, My best wishes to you and family all the labors and 17,000,000 I am going with you, from W.D. Fard
