The Messenger of Allah:

THE TRUTH OF THE TIMES!

Mr. Muhammad

(The year 1966 saw an unprecedented number of requests come into the offices of MUHAMMAD SPEAKS Newspaper asking for reprints of the outstanding articles written by the Honorable Elijah Muhammad, Last Messenger of Allah. By popular demand, we in this issue, reprint some of those for which the most requests were received.)

Time and Knowledge

By Elijah Muhammad

Messenger of Allah

Time brings about changes. It brings us into new fields of knowledge. Today, we have lived under an adverse condition or world. A world which is foreign to the very nature in which we were created.

TIME NOW takes away the old adverse world and is bringing in a new world. A new idea is being born into the people whom God intends to build the new world out of.

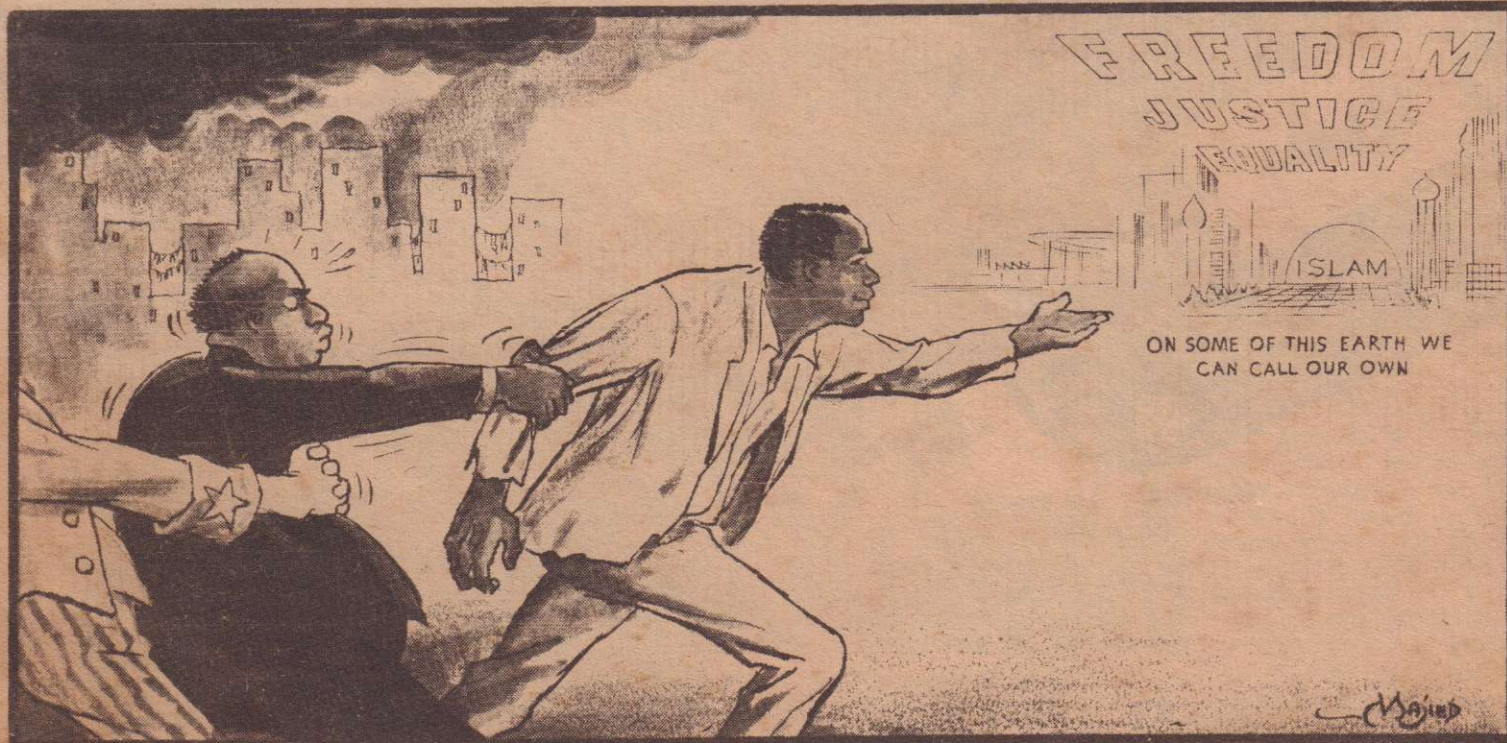

Time, a limited time was set upon the adverse world. That time has now come to pass so that the Nations of the righteous can unite and build a government of truth, peace, justice and righteousness.

The 400 years in which we have been obedient servants to the white race of America (the enemies of God and the righteous)—the time of 400 years that we have been serving them has given us knowledge and experience of a life which has been devoid of good for us.

KNOWLEDGE is 'to know!' We now know that this people whom God has made manifest today, and is still making manifest to the whole world of humanity are the enemies of us and God. Their works testify to the

(Continued on page 2)

Time, Knowledge

(Continued from page 1)

world that there is no good in them. It was not put in them by nature, as God has revealed to us. Their works justify the truth of God that they are a race of devils. For God did not teach us merely the surface of their history. He taught us the root of their history and how they were made (grafted from black man into the last stage—completely out of that from which they were grafted and made a new people altogether). They have new ideas which are foreign to us and to our kind.

SINCE THEY are a people which the God of truth, justice and righteous—coming in the last days—did not make, He will not accept them in His Kingdom or Heaven of righteousness and truth, unless their nature would be changed back into

that from which they were taken.

Knowledge—we must have a thorough knowledge of this people, ourselves and of God. We are now getting out of this people (the white race). You and me are a foundation for His new world, or the Kingdom of Heaven on Earth.

Since 100 years up from slavery, the slavemaster's children have opened the doors of their education and their churches to us. Doors are wide open to us to learn Christianity. But their way is to deceive us under a falsified religious teaching. With the coming of God in the Person of Master Fard Muhammad — To Whom praise is due forever — He has inspired us to seek and to believe in that of our own which was justice and right-

eousness by nature (Muslim).

After we have learned letters and spiritual understanding of God and knowledge of the devil, we want leave of the enemy of ourselves, our God and the people of the Nation of whom we are members.

WE WANT equality with the civilizations of the earth—not with the enemies of our kind and of our God. This spirit of learning justifies our act today of trying to better ourselves, both physically and mentally. We want better environments. Some of us go after it in the wrong way. We cannot force our presence upon those who have destroyed us and made us abject to the civilized Nations of the earth.

And now the student wants what his teacher has!

Muhammad: On the Truth

THE TRUTH

The Truth as revealed by Allah, in the Person of Master Fard Muhammad, to Messenger Elijah Muhammad, verifies the Truth of the Bible and Holy Qur-an.

By Elijah Muhammad
Messenger of Allah

1. IT IS TRUE that we must come face to face with God in the resurrection.
2. IT IS ALSO TRUE that we must come face to face in the reality of the devil.
3. ALLAH HAS TAUGHT MUHAMMAD that the white race is the devil.
4. IT IS TRUE that the Lost-Found so-called Negroes are members of the Divine Family.
5. IT IS TRUE that the scriptures verify the truth that we must be returned again to our own.
6. IT IS TRUE that before they can be returned they must first have a thorough knowledge of self.
7. IT IS TRUE that the Black Nation has no birth record.
8. IT IS TRUE that the white race (the devils) had its beginning 6,000 years ago and its time was limited to that period of time (6,000 years).
9. IT IS TRUE that they have lived and ruled the darker people under evil, filth, indecency and deceit. They have built a world of sport and play.
10. IT IS TRUE, according to the scripture of both the Bible and Holy Qur-an, that God would, on finding the Lost members, set those who believe into heaven. This is true, according to the great change in the lives of Muhammad and his followers.
11. IT IS TRUE that there will be a display of the power of Allah (God) against the wicked to whom the Lost-Found members are in subjection.
12. IT IS TRUE that Messenger Muhammad is now warning this government that Almighty God Allah has numbered America as being number one on His list for destruction because of the evil done to His people, the Lost-Found members of the aboriginal Divine People of the earth, with storms, rain, hail, snow, and earthquakes. These plagues of judgment are now going on over America.
13. IT IS TRUE that we are now being called by the white man's names. It is equally true that the Bible teaches us that on the resurrection we must accept the name of God, which shall live forever, if we are to see the Hereafter. This warning, Messenger Muhammad warns us, the so-called Negroes, daily.
14. IT IS TRUE, according to the religious scientists of both Christianity and Islam, as both agree that this year 1966, of the Christian calendar, and which is 1386 of the Arabic calendar, is the fateful year of America and her people, and that the so-called Negroes should fly to Allah and follow Messenger Muhammad, for refuge from the dreadful judgments that Allah has said that He will bring, and which have already begun upon America.

True History of Jesus Revealed

By Elijah Muhammad
Messenger of Allah

1. How could Jesus have been other than a prophet when he repeatedly says that he was depending on the help of Him Who sent him? He died, praying Allah (God) to help his disciples whom he had converted out of Israel. He declared that he was not praying for the world (that the world be forgiven and saved from sin).

2. **EVIL** sinners (the devils) know this. (Born to save his people from their sins, Matt. 1:21 — This does not refer to them. It refers to a modern-day Jesus. They are well aware that it means the so-called lost and found members of the Black Nation).

3. Where, in the old testament of the Bible — by the old prophets — is it prophesied of Jesus as being born to save his people from their sins, or to save the world from its sins? As I have already written in this article — the teachers and preachers misunderstand the scripture — the Bible as well as the Holy Qur-an and their teachings or their readings. It is to be understood.

The average Christian teacher and preacher — as you will notice — only preaches what they, as you, read without giving you the meanings. This is the reason they and their followers, today, are blinded to the knowledge of the truth of it

HIGHLIGHT OF 1966 was Saviour's Day meeting in Chicago Coliseum where the Honorable Elijah Muhammad delivered historic two-day speech on the black man and personally greeted many of the thousands who attended.

They Talk Peace, Peace, But What They Do Is Kill, Kill

By Elijah Muhammad

WAR! WAR! PEACE! PEACE! THE DEAD! THE DEAD! It is the time of war — and universal war. It is sometimes referred to as the Holy War — universal war — and is interpreted as such because every life in the universe is affected by this thing which we call war.

The reason the universe is affected this time is because this one affects all human life on the planet earth. Why? Because this war involves the ruling powers of the nations of earth for the first time since the nations have been on the earth.

Why should it affect them at this day? The answer is this war is a war to remove the chief powers—the rulers of this earth (the white race). Since this is the case, we have come face-to-face with the removal of a world. Therefore, we must understand — why war?

THIS IS the understanding of 'Why War?' It actually takes war to remove chief authorities who will not submit to another chief of authority. Why then does it affect the universe when only earth is involved? It is due to the fact that the ruling powers of the earth have become so powerful that they seek to extend the war into space and to other planets if possible.

This is why we say it is universal war, because that will bring into war that which originally was not of the earth's ruling power. They have become so strong that they are affecting neutral powers — or I should say, they are spreading the war of the earth into the peaceful zone of the universe (the life on mars and venus).

The Honorable Elijah Muhammad

There was no event of greater significance to the black man in America and the world in 1966 than the prophetic declarations delivered by the Messenger of Allah, the Honorable Elijah Muhammad.

Throughout 1966, as throughout the past 36 years, this divinely-missioned leader to whom Allah appeared in the Person of Master W. Fard Muhammad more than three decades ago, courageously carried out his mission to lead the way towards true freedom, justice and equality for the black man in America—and to separate him from the destruction God has reserved for the world serpent, whose oppressive and evil rule is nearing its deserved end.

"The wicked always believe they are mightier than Allah," the Messenger has written. "They make a supreme effort to thwart the plan and purpose of Allah to bring about a better world."

"They always love to attack the Messenger . . . The Holy Qur-an repeatedly prophesies a miserable, shameful and disgraceful defeat for the disbelievers and hypocrites in the campaign against the last messenger of Allah whom Allah would raise in the time of the resurrection of the dead people."

The life-giving messages brought to the world in 1966 by the Messenger has alerted millions of men and women not only in America but throughout Asia and Africa; and in 1966, as in years before, an astonishing number of true world leaders of tomorrow continued to "beat a path" to the doorsteps of Messenger Muhammad—a door always open to those seeking the truth and the path towards freedom and liberation of the black man.

The articles on these pages represent only a few excerpts from these life-giving messages which bear on the key question of our times—the changing world, the demise of the old world and the bringing in of the new.

Messenger Muhammad on Fear of Black Power!

By Elijah Muhammad
Messenger of Allah

WHY SO MUCH talk about Black Power? Why are there so many improper answers given by the so-called Negro leaders, Christian preachers, black educators and black politicians of the U.S.A.?

We must not forget that on August 28, 1966, at the International Amphitheater, the very origin of Black Power was given. Read the MUHAMMAD SPEAKS newspaper of that date.

BUT YOU DO not like that explanation. Why? Because it placed the so-called Negro

in the position of being originally a brother of God. It revealed the mental death of the knowledge of self and the knowledge of the Supreme Being and the making and rulings of the devil over the American black slave and the Black Aboriginal Nation of the earth for the past 6,000 years.

It makes the present black leadership fear and tremble to accept his own and to speak in defense of his own—in the presence of the devil. He has been crushed by white power and this makes him fear Black Power (black rulership).

WHITE POWER has been planting white supremacy and black inferiority in the minds of the Black Nation. According to the words of Allah, Who came in the Person of Master Fard Muhammad—to Whom praise is due forever — we, the so-called Negroes, were born and nursed under such untruth and teachings by the enemy. They put the fear of themselves in us. We were fed upon this fear as we nursed at our mothers' breasts.

I cannot blame the poor black preachers for their fear to speak out in behalf of the spiritual truth that has come to them from the true religion of Allah, Islam (entire submission to the Will of God).

THEIR FIRST fathers were made preachers by the enemy of God. They are not

the preachers of the God of truth and justice since they are blind to the knowledge that they are the brothers of God.

Some preach the truth from inspiration because they are the brothers of God and members of the Family of God. They are Gods themselves, but they are asleep to the knowledge of it.

* * *

FOR THE past 4,000 years of his 6,000 years, the devils have proved themselves to be the enemies of God and the righteous, according to the translation of the Holy Qur-an by Maulana Muhammad Ali. The devil has tried to destroy the very nature of God out of the black slave in America and wherever he comes into contact with black people or any color,

Jesus: Only a Prophet

which Allah, from the mouth of our God and Saviour (in the Person of Master Fard Muhammad) to Whom he praises forever) revealed to me.

MANY Christian Teachers and preachers take the prophecies of Moses, and the other prophets after Moses, especially Isaiah, to refer to Jesus, while none of this is referring to Jesus nor Isaiah, Chapters 53, 54.

Study the old testament theology and you will agree with me that they do not refer to Jesus 2,000 years ago, but to God and a Messenger chosen by God at the end of

the world (in the resurrection).

Jesus could not have been blind, deaf and dumb to his enemies as Isaiah, Chapter 53 shows that the prophet was. Revelation 1:18 refers to himself as one that was dead and now alive, and having the key of hell and death.

This could not refer to Jesus 2,000 years ago. Such a man and work refer to the general resurrection and the end of the world of Satan, the devil. Read Rev. 5, 6, 7, 12—Here a lamb is referred to.

JESUS DID not claim to be illiterate.

Muhammad: "I Will Bring Out of the Dragon That

other than himself.

The worst robbery is the robbery of the knowledge of self. Physical blindness is a terrible thing. But it is worse to be spiritually deprived of the knowledge of self and others. This is just what the devil white race has done to you and me while we were babies.

BLACK leadership is afraid to speak out for self and it is afraid to bear witness with God's Messenger of the truth of self and our enemy. In so doing, they are showing love and friendship with the devil, after knowledge. To fear to bear witness to the truth is to reject the God of Truth and your own members of the Family of God. This makes you an equal partaker with the devil as an enemy of God, the truth and the salvation that He offers to you.

BLACK POWER means unity of the black nation of the earth, especially the righteous of the black people (Muslims). Nowhere on the earth today do you see the Black Nation of the Islamic World, the Muslims, declaring themselves as being on

"... He is the black man's murderer... don't try to reform him; Moses couldn't reform him; Jesus couldn't reform him, Muhammad couldn't reform him... Don't you even try..."

the side of the enemy by helping him to continue his wicked rule over the world of the Aboriginal Black Nation.

After World War Two, some of the Turkish Muslims were fighting in Korea

on the side of the white Christian European race.

BUT TODAY, there is no independent Muslim country fighting in Viet Nam on the side of Christianity and the Hindu religion. The Christian religion and the Hindu religion are friends. They both are idolatrous religions. Islam has no friendship in either of these religions.

UNITY IS power, as I have been preaching to you for 35 years and telling you this. A chain is as strong as its weakest link. A nation is as strong as its weakest leadership.

You are ashamed of your God and my God, and you are ashamed of me and the truth that your God and my God has brought for your own salvation, as He did for the people of Noah, the people of Lot, and as he did for the people of Moses. History bears witness against you as being the same opponents, and mockers of God, His

Which He Has Swallowed"

GOD-SENT LEADER of America's 22 million black people, the Honorable Elijah Muhammad, addresses hundreds of followers and visitors at Chicago's International Amphitheater. The Messenger of Allah called for a birth of black dignity and truth to oppose teachings of the "World Serpent" who is attempting to deceive the black man with a form of adulterated Christianity.

They Talk Peace, Peace But Kill, Kill

(Continued from page 3)

IT IS actually the interference here of earth — of war and the makers of war — spreading among the peaceful zone of people who do not want a part of making war among the peaceful. Therefore, the God or authority of peace must take part and help in bringing about peace for Himself and the righteous, peace-loving people of the earth, who by nature were created peaceful.

This is the time that we must look forward to the God of peace to set up a kingdom of peace (a government) as the prophets predicted He would do (the prophet Daniel, Jesus and all the other prophets from Moses to Muhammad of the last). They all predict the coming of God Who will destroy the god of evil and troublemaking—who delights in war.

EVERY PLAN and event taking place in our eyes and ears verify that the predictions of the prophets are coming true at this time. They predicted that it would be a time of the resurrection

of the dead, as they are called in Rev. 20. At the time of the resurrection, the nations would be angry and the dead would be rewarded according to justice and give reward to the prophets; or verify the truth which He revealed to them at this day of manifestation of true prophesy.

The symbolic words used in the prophets' predictions

"... the power is unity... unity builds a house."

* * *

"... the power of heaven is on our side... every power not from you is working for us..."

here and there can be dismissed with the real meaning of the symbols used. It is apparent in the eyes of everyone of us that the so-called Negro is now acquiring more knowledge of self than ever before since we have been in the Western Hemisphere — the knowledge of self; the knowledge of God; of righteous and the

knowledge of the enemy or adversary of God and the righteous.

AT SUCH time, we notice that there is confusion, misunderstanding and disagreements between the heads or rulers of the nations of earth. And there is anger and disagreement among the peaceful and weaker forces of earth — this is the answer to the prophecies of the anger of the Nation of God and the anger of justice and the divine coming to the so-called American Negroes, who came in chains, forced by their captors — unwillingly brought here in chains.

Almighty God, in the Person of Master Fard Muhammad — to Whom praise is due forever and I am His Messenger — is breaking the

"... someone's eyes must be opened so they can see the stones that are in the way of those who would walk in the new smooth and clear path... My eyes have been opened to see these stones that I may show them to my people... so that they may not stumble and be snared in the trap of the enemy..."

locks and chains (mental) so that our people will be free indeed with knowledge and go to their own without the metal shackles of the enemy.

It is written that God will destroy those who delight themselves in war.

Messengers, and the messages God sent through the mouths of such Divine Representatives.

* * *

On the last page of **MUHAMMAD SPEAKS** newspaper, I have outlined the program that you know is the best way to get away from an enemy of yourselves. But you know the enemy hates any black Negro leader who preaches freedom, justice and equality for Negroes, and who preaches a way for Negroes to prosper—if they are united together for self. You reject this program and try with your little weakness (I say weakness, because you are weak), to attempt to oppose the plan of God, which He already has put on the pages of your Bible and Holy Qur-an.

WHAT IS wrong with uniting with us, the Muslims, and asking the government for some of this United States of America? We have given our sweat and blood for white America's independence and have backed it up with our lives in every war, from the American Revolutionary War to the war of this day, and we have not been given so much as justice.

* * *

IT IS THE devil (your open enemy, the white race of America), who is after you to set you in hell with false promises and with a false show of sympathy and love for you; with false promises of better prosperity for you—but he does not promise you any of this

American soil or earth.

He does not promise he will build better houses and apartments and give them to you, for your helping to build better housing for them for the past 400 years, and for helping them to accumulate the millions and billions of dollars which enable them to deceive you with a show of a prosperous future in America—while if you sniff the air, you can almost smell the smoke coming from the fire of their destruction.

* * *

YOU SHOULD want freedom from the slavemaster and his children, by this modern time, especially with the ugly face of total destruction staring the

"... we are not here to declare war on each other, we are here to declare truth on each other..."

world of our enemies, those who are with our enemies, and the simplest fool in the eyes.

You are wise, yet you can easily be classified with the simplest of people, because you worship and believe in a salvation for yourself under the power of those who have destroyed your power and nailed it to the cross so, that you cannot see your way of resurrection from the cross.

REMEMBER the old prophecy of the book: Those who worshipped Satan and his mark went down with him.

Most Tragic Story of 1966

Death of Black GI's in White Man's Viet Nam War

WASHINGTON—The most tragic story of the year 1966 is the ruthless use of black troops as buffers by white America in the bloody, barbaric aggression against the people of Viet Nam.

THE INCREASINGLY disproportionate number of black troops slaughtered in the genocidal conflict is spurring more and more Negro leaders to castigate the blatantly - rigged U.S. draft policies which permit deferment of youths economically fortunate enough to attend college and doom the poverty-stricken, ghetto-dwelling majority to involuntary military service.

"America's use of Negro cannon-fodder against the black man's brother in Viet Nam follows the same pattern as the use of Africans and Asians to conquer and oppress Africa and Asia for hundreds of years by British, French, American and Portuguese imperialists," an African diplomat recently said on the floor of the United Nations General Assembly.

An Asian representative to the United Nations pointed out recently that "if it were not for the fact that mainly black youths are slaughtered in Viet Nam, white citizens of America would have demanded U.S. withdrawal from Viet Nam long ago."

Stokely Carmichael's assertion that black youths fighting in Viet Nam are out-and-out mercenaries has been echoed repeatedly by other Negro leaders.

Yet the blood of black youths continues to soak the soil of Viet Nam as America maintains its bias draft system, feeds more and more youths into the Viet slaughter mill and further escalates its genocidal destruction of the brave Vietnamese people.

Negro Jobless Twice That Of U.S. Whites

NEW YORK — A recently released review has stated that despite some economic gain, Negro unemployment remains twice that of whites, and that 48 per cent of Negro families with children must be classified as "poor."

ON WHAT is supposed to be the "positive side," the review states that total jobs for Negroes has increased 3.5 per cent, and the unemployment rate for married Negro men whose homes were disrupted by divorce or separation is less than 2 per cent — the same as for white men in the same category.

TERROR STRUCK black soldiers flee onrushing Viet Cong emerging from background forest. Three-to-one Negro-white ratio in photo gives indication of mainly black cannon-

fodder white America is feeding into Viet slaughter mill. These seem to be escaping, but how many youths lie dead or wounded behind them?

Most Poignant Story of 1966

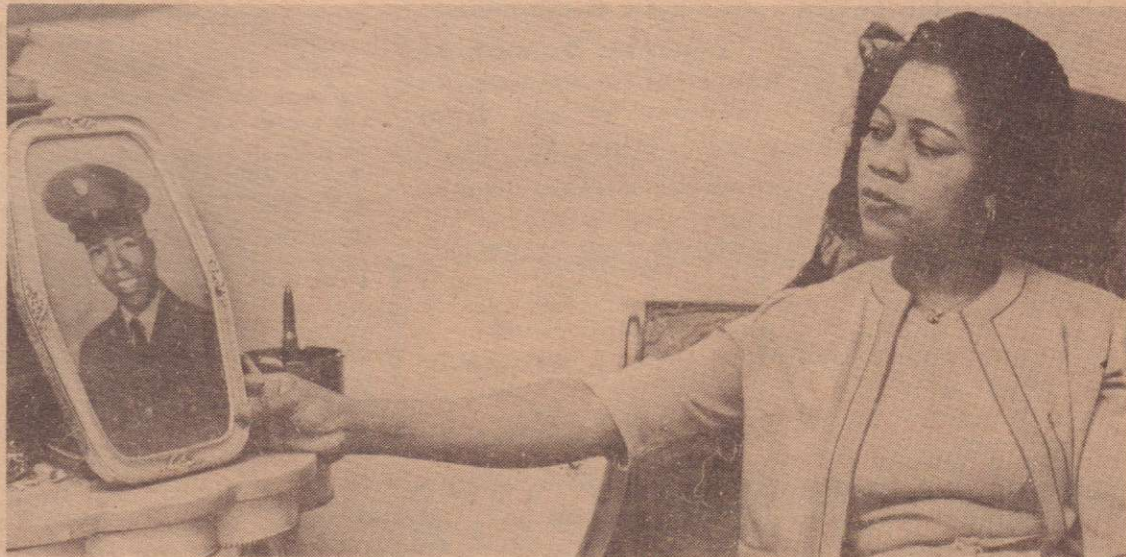

How America Sent Mother's Last Son to Death in Viet

"After I had lost my husband, three sons and a daughter, both the Red Cross and the Army promised not to send my last son into battle in Viet Nam. But two months after he was over there, I received word that he died from wounds suffered on a 'search to kill' mission," said Mrs. Christine McCullough during an interview with a MUHAMMAD SPEAKS reporter in her West Side home.

THE PROMISE the Army and Red Cross made Mrs. McCullough of course, was violated in the case of Mrs. McCullough.

"Prezel didn't want to fight the Vietnamese people," the bereaved mother continued, referring to her last son. "He said in many of his letters that he didn't understand the war and didn't see why he should fight for America when America never fought for him."

Mrs. McCullough pointed out that she lost a son and a daughter in infancy. Another son, three-year-old Hughey Scott, died of a heart attack, and her oldest son,

MRS. CHRISTINE McCULLOUGH looks at picture of son, Pretzel, a victim of Viet Nam war. Woman earlier lost three sons and

daughter only to have last son sent to slaughter in jungle.

Charles McCullough, who had been a singer with one of Sam Cook's group, died at the age of 21. Her husband died on the 25th of April, two years ago.

Thus this handsome, hard-working black woman credits the stifling slums to which Negroes have been relegated for centuries and an unpopular, unjust war

10,000 miles away from home for cruelly robbing her of what she was born to be: wife, mother and grandmother of children to come.

"A few months ago I spoke with one of Prezel's buddies who went overseas on the same ship with him," Mrs. McCullough recalled.

"HE TOLD me that Prezel said he'd rather jump into

the ocean from the upper deck of the ship than fight the Vietnamese. The Army had promised both me and him that he wouldn't see action.

"I don't know if they would have taken a white woman's last son that way," she added, lowering her tear-filled eyes. "But they cer-

tainly sent my last child to his death. Now I have nobody.

She said she feels "sick to the stomach" when she thinks of fighting in Viet Nam, "where black boys are giving their lives in a war they don't understand and can't win.

"I know at least eight Negro soldiers from my neighborhood who have been killed in this war," she said. "I mourn for the mothers who are losing their sons. I know what they're going through. The boys didn't know what they were fighting for and the mothers don't know, either."

Mrs. McCullough said the damage is done now, and nothing she can do will bring her son back.

"They interviewed me on television," she said, "and asked if I was angry with anyone.

"I'M HEARTSICK and lonely and very sorry they broke their promise to me and Prezel, but I'm not really angry with anyone and I told them so. My last son is dead. There's no sense in trying to create trouble now."

Mrs. McCullough is a book finisher for the Donnelly Publishing Co. She lives alone in a small West Side flat, but plans to move to the South Side in the near future.

"It isn't easy to go on in the same home when you've lost your entire family," she asserted. "This apartment has nothing but bittersweet memories. My one consolation is that I know I did all I could for my family. I even got them to promise they wouldn't send Prezel into battle. It wasn't my fault they broke their word and sent him to his death."

A Poem For Certain Cats (for the Negro Soldiers)

By ROLLAND SNELLINGS

Hey you—Black boy!

You with the submachine gun!

What you think you doing in them wet rice paddies, man?

This don't look like Birmingham to me.

Hey you—Black boy!

You with the M-1 on your shoulder!

That whitey at your side looks just like the one who shot your uncle Clyde in Mississippi; ask him and see. (Looks just like him to me.)

See those folks there? Those young yellow cats in black peasant pajamas?

Well, they're fighting whitey's sons to keep their land.

(Ma-a-an, they're about your age, too.)

See those young whiteys at your side?

They're fighting those yellow cats in black to keep the land for daddy's corporation . . .

... What you fighting for, Black boy?

The land don't belong to you, and "daddy's corporation" is strictly OFF LIMITS.

Hey you—Black boy! Explain it to me; I'm puzzled. Why police dogs and bombed-out churches only make you mad enough to slaughter YELLOW folks you've never seen?

Hey you—Black boy!

Everybody's waiting for your answer.

Resurgence of the Champ:

Greatest Sports Story of 1966

NEW YORK — By all odds the greatest sports story of 1966 was the miraculous resurgence of world heavyweight champion Muhammad Ali from a powerful, artificially-contrived boxing "boycott" in the earlier months of the year to become the greatest single attraction in Europe and America by the dawn of 1967.

THE YOUNG Muslim athlete has acknowledged to the world that his inspiration and guidance came through his resurrection into the knowledge of himself by the Honorable Elijah Muhammad, the Messenger of Allah.

Together with his manager and long-time consultant, Herbert Muhammad, the world champion in 1966 underwent the kind of trials designed by opponents to break his spirit and force him to capitulate in or out of the ring.

BY MID-YEAR, however, following closely the guidance of his leader and teacher, the champion had broken the back of the so-called "boycott" by fighting an unprecedented four straight title fights in foreign countries.

He came back to America to set a new indoor record for attendance at a boxing contest in Houston's Astrodome when he defeated Cleveland Williams.

Muhammad had moved onto the international scene

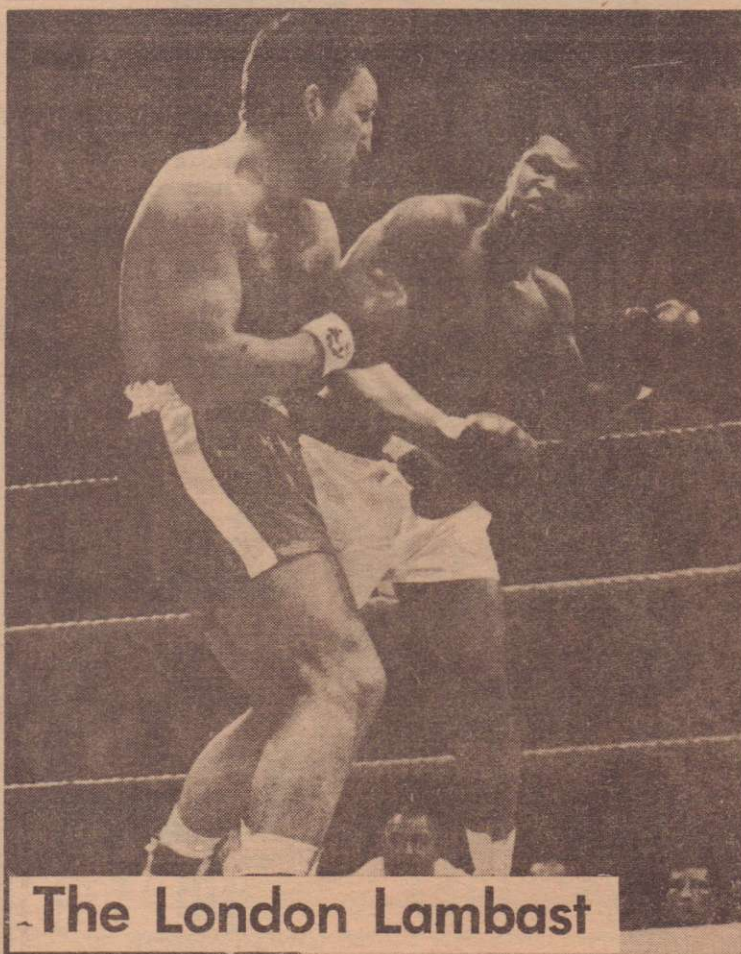

in a manner hitherto unknown in sports history and made the title "world champion" worthy of the geography it pretended to cover.

Thus the World Boxing Association's lifting of the title from Muhammad Ali earlier and applying it to one who had never won it in the ring, Ernie Terrell, set the stage for the forthcoming Feb. 6 title match in Houston's Astrodome.

ALTHOUGH Madison Square Garden lost to the Astrodome in the bid to stage the lucrative struggle, owners of the Garden will install a 40-foot closed-circuit TV screen, the world's largest, and prepare to seat 10,000 viewers who are anxiously awaiting the long-delayed showdown between Muhammad and the WBA title holder.

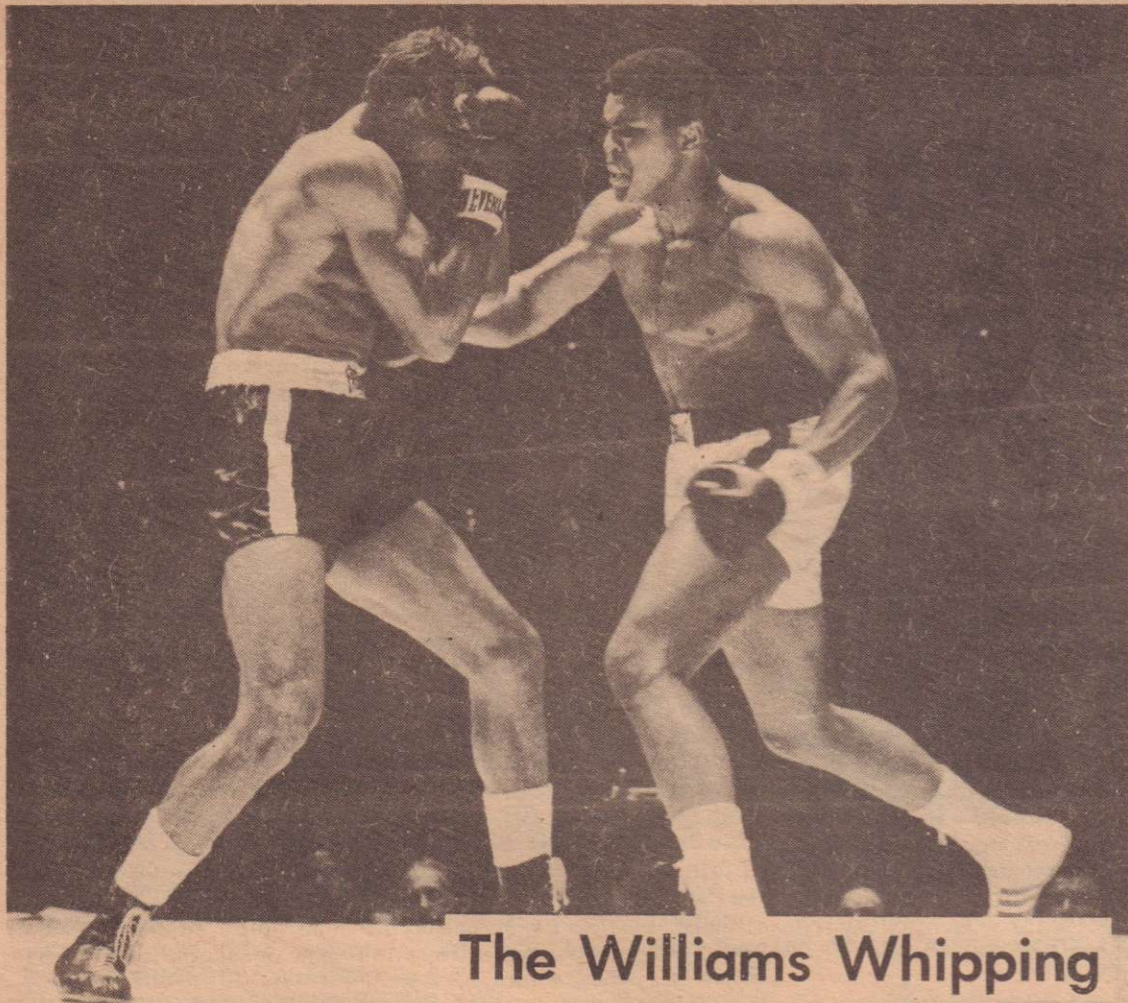

Earlier press reports indicate that Canada, England and Germany, all countries where the Muslim heavyweight has staged a championship fight, are making special provisions for the showing of the bout via early-bird satellite.

THUS the year that began in what would have become a disaster for most athletes, because of the following and fellowship of Muhammad Ali, and his faith in the only divinely-missioned leader in the world, the Honorable Elijah Muhammad, turned into what is the greatest success story of 1966.

White Press Hushed, But Dominican Struggle Goes On

(Pan African Press)

NEW YORK — Although newspaper headlines have quieted on the subject, a violent struggle for freedom persists in the Dominican Republic. Each day, the brutal Joaquin Balaguer government uses armed force to put down new upheavals.

ACCORDING to reports received from Santo Domingo, Dominican students and women held a demonstration on the city to protest against political repression by the reactionary government and the high cost of living. Police attacked them, and injured or arrested some.

In another part of the city, Dominicans stoned an automobile carrying Organization of American States technical personnel.

In La Vega, capital of nation's central province, more than 150 peasant households recently reclaimed plots of land, under the slogan "land to the tillers," which they tilled for many years and had to give up to government forces.

EARLIER, the students of some secondary schools refused to attend classes in protest against the appointment of reactionaries to run their schools. University students also condemned offi-

cials for their violation of university authority.

Since assuming power last July with U.S. backing, Joaquin Balaguer has carried out a series of reactionary policies to suppress the revolutionary people, deprive the Dominicans of their political rights and dismiss workers and employees. He has placed the country's political, economic and military affairs under U.S. control.

Study Chad Basin

NEW YORK — The water resources of the Chad Basin, one of Africa's least developed areas, is the target of a comprehensive study and the basis for the promotion of agriculture, cattle raising and fishing.

WORK ON the project will be executed by the United Nations Educational, Scientific and Cultural Organization (UNESCO).

The project will receive \$369,100 from the United Nations Development Program and the equivalent of \$99,000 from the Governments of Cameroon, Chad, Niger and Nigeria which, as members of the Chad Basin Commission, are co-operating in the survey.

Plot to 'Lynch' Powell May Hang Only the Hangmen

(Pan African Press)

WASHINGTON — Almost as though America's traffic in black slaves was historically uninterrupted, an odd assortment of lily-white, holier-than-thou Congressmen here have proceeded amidst the gleeful clamor of the white press to sell down the river the nation's most courageous and brainiest legislator, Harlem's A. Clayton Powell.

THE CRUDE political destruction of the black Congressman, who for decades supported and led countless crusades for the equality and justice of black Americans, is being staged here unashamedly and with the same brazen disregard for world opinion as demonstrated by Hitler when he sought to destroy the Jews.

Powell has remained quiet during most of the lynch preparations. They center around a kangaroo-type so-called "investigation" of his expense accounts and the activities of his high calibre staff.

It is well known, however, that their fear of Powell stems mainly from his able use of his seniority powers as head of the important House Committee on Education and Labor—a post coveted by many lesser breeds and one which Powell has handled with increasing effectiveness.

OF THE hysterical attempt to force him out of the chairmanship, Powell stated:

"It is a move, not only against me, but against every black man in America.

"Articles have accelerated in the white press, as publishers joyfully clap their racist hands at the prospect of my political demise, while disclaiming in a nauseating orgy of sanctimonious breast-beating that race is the only reason behind this political conspiracy," he continued.

Powell now believes that his decision not to speak out against the plot has thus far fostered a public misrepresentation of his strong feelings on the matter.

"HOW MUCH," he asked, "is all this a part of the convulsion of change — the beginning of the new era of the rejected Negro, an organized turning of white America's back on black people?"

"The following facts speak for themselves:

"(1.) In the past 50 years, not a single Congressman has ever been denied his seat by the House of Representatives.

"(2.) Of the present 20 House Committee chairmanships, only two are held by Negroes. I am one of the two. Thus, Negroes would lose both their sec-

ond and highest ranking Negro Congressman as well as one of the only two committee chairmanships we now hold.

"(3.) Of the present 435 Congressmen, only six — or one per cent — are Negroes. To consider unseating even one of these Negro Congressmen, particularly the second highest ranking one in terms of years of service, is to scissor a full one-sixth of the political power of the already miserably under-represented and wretchedly powerless black people.

"(4.) There are more Negroes on my Congressional staff than on any of the 535 Congressmen and Senators' staffs — and that includes those who are most loudly committed verbally to civil rights.

"(5.) There are more Negro employees on my committee — the Education and Labor Committee — than on any of the 36 committees in both the House and the Senate. In fact, half of the

24 full committee staff members are Negro. The move to unseat me or have me step aside is also a move to fire 12 well-paid Negro staff members. Racial bigotry in employment in the House of Representatives is one of the critical problems confronting America today.

"(6.) The voters of the 18th Congressional District of New York State re-elected me to my 12th term by one of the largest margins of any of the contested Congressional races — 74.1 per cent — a percentage far higher than that of many of whom are seeking to unseat me. At the time of my re-election, my electorate was fully aware of my existing status.

"THOSE FACTS, taken in concert, unequivocally permit the conclusion that a political conspiracy has not only been mounted against Adam Clayton Powell, but against black political lead-

Student Rips Lop-Sided Draft of Puerto Ricans

(Pan African Press)

A Puerto Rican student recently pointed out that Negro youths are not the only nonwhites fighting and dying in disproportionate numbers in America's genocidal war against the people of Viet Nam.

JUAN MESTAN of the University of Puerto Rico, said Puerto Ricans also are being drafted in vastly larger proportion than American whites.

Mestas, who is in Chicago to attend the National Conference for a Student Strike for Peace, said he hopes Puerto Rican students can participate in any nationwide action to demonstrate their objection to the war.

Marjorie Kinsella, secretary of the Chicago Peace Council, called on some 200

delegates to the conference to lead their representative colleges in strikes, or even to close down the universities — use any means to make their opposition to America's barbaric war known to national political leaders. She recalled that it was students "who began the present-day peace movement.

"ONLY AFTER your example and inspiration did professors, church leaders and unions begin their involvement against the war," she added.

The conference, held at the University of Chicago, is designed to develop and broaden the student anti-war movement and decide on plans for nationwide student action in the spring, said Bernard Farber of Roosevelt University.

Tanzania Ousts Foreigners

DAR ES SALAAM — Official reports emanating from here indicate that Tanzania has made considerable achievements in the Africanization of its government officials since independence. Almost 93 per cent of the government posts are now manned by Tanzanians.

BHOKE MUNANKA, Tanzanian Minister of State in the presidential office in charge of general establishments proudly stated the progress in a article published here.

Minister Munanka said that until June of this year, 67.5 per cent of the govern-

ment posts at the higher and middle levels have been taken over by Tanzanians. This compared with 26.1 per cent in 1961.

The Government has also adopted a number of measures to train Tanzanian cadres and promote them to more responsible positions in place of foreigners, Munanka continued.

IN THE government training center which began training civil servants in July, 1962, more than 5,000 full-time students will complete their courses by the end of this year.

From the Holy Qur-an

By Elijah Muhammad
Messenger of Allah

The Devil's Opposition to Man (Black Man) and the Devil's Insinuations.

Chapter 7, 3rd Verse: Follow what has been revealed to you from your Lord and follow not beside Him any guardians. Little do you mind.

7:4 And how many a town have We destroyed? For Our punishment came to it by night or while they slept at midday.

7:5 Yet their cry when Our punishment came to them was nothing but that they said: surely we are wrong doers.

7:6 Then certainly We shall question those to whom Messengers were sent and We shall question the Messengers.

7:7 Then surely We shall relate to them with knowledge and We are never absent.

7:8 And the judgment on that day will be just. So as for those whose good deeds are heavy, they will be successful.

Chapter 7, 26th Verse: O children of Adam we have sent down to you clothing to cover your shame, and clothing for beauty, and clothing that guards against evil. That is the best. This is the Message of Allah that they may be mindful.

This is referring to the white race, after they stripped off their clothes and were naked in the caves and hillsides of Europe to remind them today that they were given clothes to cover their body and shame, and then He clothed them with beauty, the clothing that guards against evil.

That is the Law and guidance of God that He gave to them through Moses and the Supreme Wisdom of how to protect themselves against mockery of civilizations — it was Supreme for their time.

Now with knowledge of decency and intelligence they have turned to the practice of going nude, partly nude, and acting indecent in order to tempt the world of Black Man to break the Law of decency and intelligence that their fathers were taught not to break.

This is to lead Black men and Black women astray from the respect of God (Allah) and decent society of man, so they will find a place of divine chastisement and doom along with them (the white race).

In the following verse (27) Allah still warns them, and the Black people here are mentioned.

Chapter 7, 27th Verse: O children of Adam let not the devil seduce you as he expelled your parents from the garden, pulling off from their clothing that he might show them their shame. He surely sees you. He as well as his host from which you see them not. Surely He made the Devil's to be the friends of those who believe not.

Those who believe not is referring to the American so-called Negro (Black Man). The devil becomes their friends and guardians and they adopt indecency and the devil's way of civilization, and thus become the enemy of God and their Nation of righteousness (Black Nation). And therefore, their doom is that of the devil's (white man).

Second Chinese Medical Team in Tanzania

ZANZIBAR — Tanzanian vice-President Abeid Amani Karume personally received a Chinese medical team arriving in Tanzania in the continuing Chinese aid to Africa program.

It was the second batch of Chinese medical personnel arriving in Tanzania. The team was to replace the group of medical technicians already on duty in the country for more than two years.

Vice-President Karume paid high tribute to the work done by the Chinese personnel in the past two years. He said the "Chinese doctors have contributed to the strengthening of friendly relations between the peoples of Tanzania and China. The Tanzanian people will always remember their work."

U.S. Islam Movement Enhances Prestige and Proves Positive, Peaceful in 1966

By Abdul Basit Naeem

Looking back at the year just ended, I believe 1966 was, on the whole, a good year for the "Nation of Islam" in the wilderness of North America.

SURROUNDED as it is by sizable, immensely hostile elements — both white and black (such as the so-called Negro integrationists and preachers of Christianity)—

Naeem

the U.S. Muslim movement can thank Allah for survival itself during the past year. (Not that the Muslims are ever likely to face extermination. We must, nevertheless, repeatedly give our heartfelt thanks and gratitude for the various gifts of God—the first and foremost of which is life.) That it was even able to make substantial progress, both numerically and economically, call for particular gratefulness and thanksgiving on our part to our Maker and Sustainer (Allah).

I am aware that old Uncle Sam and his obedient serv-

ants, as well as the white American press, would love to ask: "Exactly what is the 'Nation's' membership NOW? How many converts did the Muslims gain this past year?" (I think we all understand why our foes are forever keen at securing such information.)

HOWEVER, I am convinced that revealing its precise strength is prone to do the "Nation of Islam" much more harm than good. We must, therefore, refrain from divulging this information. Let it suffice to say, to the extra-curious, that there are many, many more indigent Muslims in America today than there were in 1965 — or in any previous year.

Speaking of the Muslims' economic progress, I can safely state that the "Nation of Islam" is a picture of health: It is common knowledge that the Muslims come, in the main, from the lowest economic strata of black America. Soon, however—thanks to the Honorable Elijah Muhammad's unique and effective teachings of self-help and self-improvement—they find their links with poverty and destitution completely severed and literally overnight emerge as

fully self-sustaining, useful members of the community.

To the best of my knowledge, there are few Muslims (if any) who, while mature, able-bodied and in full control of their mental faculties, are ever out of work (many, in fact, maintain a part-time economic endeavor in addition to keeping a full-time job) or wind up on public assistance rolls.

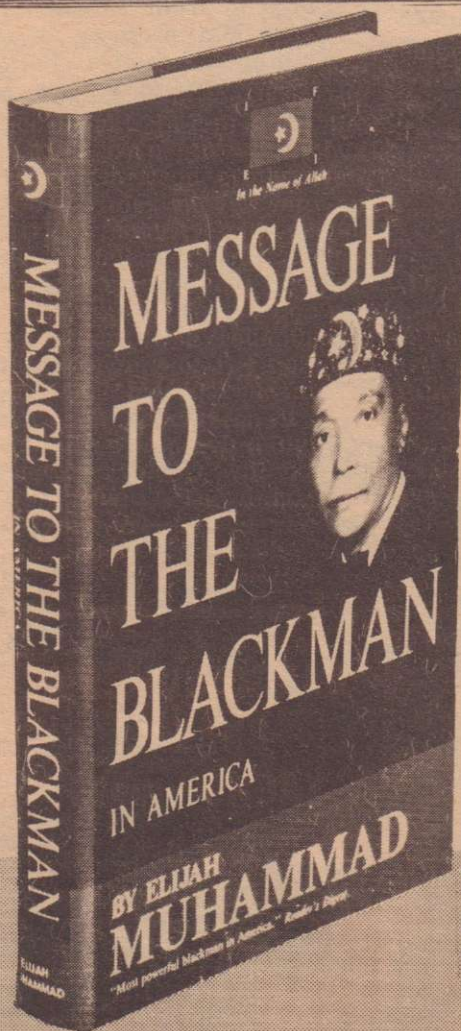

PERHAPS THE most significant gain the "Nation of Islam" has made during the past year, in my estimation, lies in the area of prestige and esteem. That is to say, it was able to win, in effect, unprecedented respect and recognition as an essentially constructive, peaceful and law-abiding organization (though our adversaries will not acknowledge it publicly or with enthusiasm).

While nearly every major so-called Negro ghetto in the U.S.A. was at one time or another in 1966 the scene of wanton rioting and violence, it is a matter of record that the Muslims, or followers of the Honorable Elijah Muhammad, were in no way, form or manner involved in a single act of willful lawlessness.

I must add here, of course, (Continued on page 11)

How to Eat to Live

By ELIJAH MUHAMMAD
Messenger of Allah

"What Allah, in the Person of Fard Muhammad, Has Revealed to Me"

If what we eat and drink keeps us alive, then we must be careful what we eat and drink, because the same that keeps us alive also can bring death to our life. There are so many of us who do not know the right kind of food and liquids to eat and drink for long life.

LIVING under the guidance of the enemy of right and the God of the righteous is a very dangerous position to be in. This is just the position in which you and I, the poor righteous so-called Negroes (Lost-Found members of the Aboriginal Black Nation), are living. We are now eating and drinking poison food and water. Sometimes there is too much poison to kill poison in our food and drinks. Perhaps it is the wrong poison for us humans, whether in food or drinks.

For instance there is the use of flouride, chloride and sodium, which, if not used rightly, can destroy our entire life. Maybe it is best to find something else that will clear our water without killing both us and the poison in our food and water.

Poison chemicals — such as flouride, chloride and sodium — the scientist should not advocate their use when it comes to a poison that has an effect on our brains and our human reproductive organs. The scientist who uses such poison on human beings either wants to minimize the birth rate or cause the extinction of a people.

THE SPRAYING of food while it is growing from the earth with D.D.T. is also poison that should not be put into the human body, regardless to the desire to kill the insect that loves to dine on

the same food on which we dine.

The poison may not take instant effect on us, as it does the insects, but it can, over the long years, help shorten the span of our lives. We live in a world commercializing on everything and this has speeded the production of everything but human lives, in order to fill the demand of the people.

This has caused many scientists to overlook the harm such fast production is doing to the health of the people. Therefore, the only way out for us, the poor-Lost-Found, is to seek refuge and guidance in Allah for our protection from evil plannings and doings of Satan.

ALLAH (GOD) has pointed out to us the right foods for us to eat in both the Bible and the Holy Qur-an and He has indicated the poison food and poison drinks. Follow His guidance or suffer the consequences.

Do not eat the swine — do not even touch it. Just stop eating the swine flesh and your life will be expanded. Stay off that grandmother's old-fashioned corn bread and black-eyed peas, and those quick 15 minute biscuits made with baking powder. Put yeast in your bread and let it sour and rise and then bake it. **EAT AND DRINK TO LIVE, NOT TO DIE.**

Burundi Leaders Explain Change In Government

NEW YORK — Leaders of the new government of Burundi circulated a news release declaring that its recent ouster of the reigning monarchy and the establishment of a Republic was done with the popular support and that "there have been no arrests, no imprisonments or assassinations in its wake."

CAPTAIN Michel Micom-

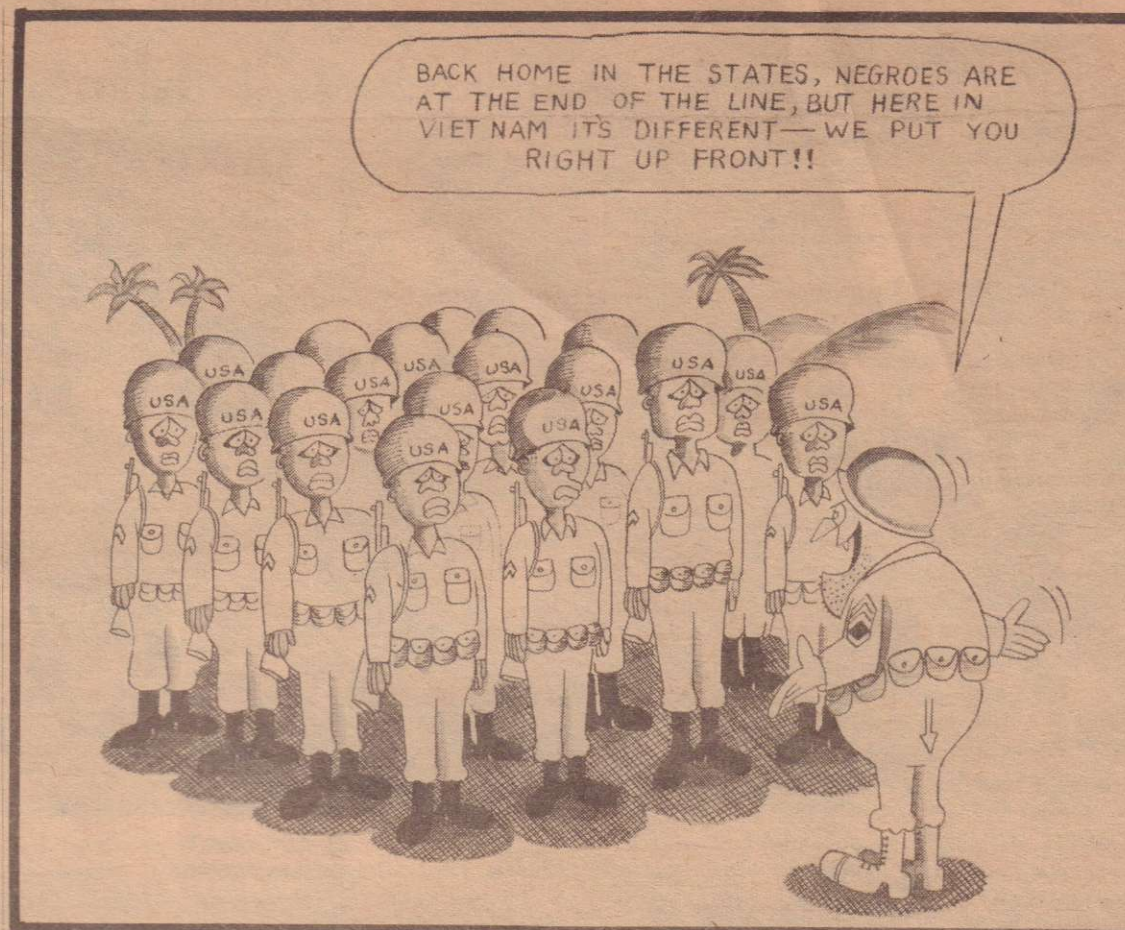

Blames Congress for South's School Bias

WASHINGTON — School segregation in the South continues to be ignored because of Congressional fear of forced racial balance in Northern schools, the Southern Regional Council has charged.

bero, president, who proclaimed Burundi to be a Republic after ousting the reigning monarch, 19-year old Mwame Ntare V, said the new stand was dictated by current political, social and economic circumstances in Burundi.

Continuing, the release said that, "A few hours after the proclamation of the Republic, all the social, political organizations in Burundi and outside pledged allegiance to the Republican regime."

Reports issued indicate that the establishment of the republic grew out of growing disappointment with the constitutional monarchy and the failure of the monarch to abide by the constitutional demands.

Messenger of Allah in '66 Moves Ahead

(Continued from page 10)

that my statement does not mean the Muslims do not comprehend or feel sympathetic for the continued plight, misery and frustrations of their kith and kin who inhabit the veritable hell-holes across this "Land of Opportunity and Plenty." To the contrary, there is no group of black men and women more deeply or directly concerned with the never-ending mental anguish and physical suffering of others of their own kind and race.

HOWEVER, the followers of the Honorable Elijah Muhammad recognize that, as taught by their divinely-raised leader, the brazen lawlessness of looting liquor shops and pork stores does not solve but seriously aggravates the so-called Negro problems. They simply will not aid, abet or join in the actions of those who refuse to be guided by the sensible code of conduct established by the venerable American Muslim leader for "all of my people who sincerely desire freedom, justice and equality..."

Naturally, the devils (who are descended from the wicked former slavemasters) cannot be expected to "cease and desist forthwith"

Sue Union Charge Bias

NEW ORLEANS — A lawsuit has been filed by a group which charged that no Negroes are permitted to become members and thereby ply their trade, against Local 3, International Association of Heat and Frost Insulators and Asbestos Workers here.

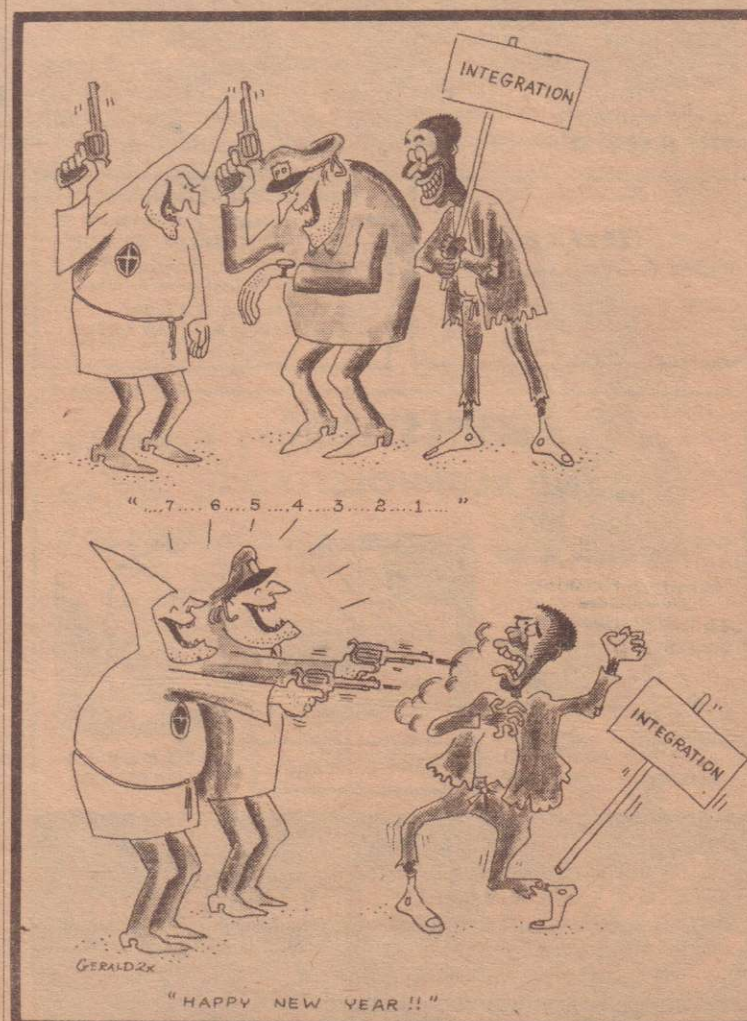

THE CHARGES indicated that the local restricts its membership to relatives of current members and the bar against Negroes is racial.

from "automatically suspecting" and continuing to accuse and making "scapegoats" of Muslims whenever there is trouble in an all-black or black-majority community.

One nevertheless can hope the authorities concerned with maintaining law and order will realize and, from hereon, remember that their own exhaustive investigations in 1966 failed to turn up a single incident of Muslim-originated or Muslim-fomented disorder or violence.

THE HONORABLE Elijah Muhammad's followers, as I have frequently pointed out in this space, are indeed a

righteous people. Corrupt morals and crime are just not of their characteristics. The authorities would, therefore, do well, when, in future, looking for "suspected criminals" or "potential troublemakers" in the black ghettos, to concentrate their efforts not in the direction of Muhammad's Mosques of Islam but around the institutions actually known to produce the "habitual law-breakers and other undesirables," i.e., bars, cabarets, dance halls and, last but not least, those so-called houses of worship—churches of the white-invented, white-propagated, essentially un-Christ-like "Christianity."

ALWAYS WILLING to defend black victims of racism and discrimination, Rep. Adam Clayton Powell (l.) appears with former Cleveland Fullback, Jim Brown, at news conference to expose racist conspiracy which

blocked Muhammad Ali-Ernie Terrell bout in March, 1966. Conspiracy was born of greed and envy because Negro group had part of closed-circuit television proceeds of title match.

Plot to "Lynch" Harlem's Congressman A. Clayton Powell May Backfire

ership, black people and black progress. The question must be asked: 'who is directing and financing this conspiracy?'

The militant Congressman said "white America seems determined" — in this coming new era of the rejected black man — "to grind us back down into the slime of third-class citizenship, break our spirits and kill

our hopes.

He asserted that the "awesome power" to change the status of black people is "in the hands and strengths of black people . . . A politically powerless people are a people with no future in a democracy. . . .

"IT IS TIME for us to unite," Rep. Powell said, "rise up and really make our feelings known to the

world just as other ethnic groups have banded together in their fight for freedom and human dignity."

The Congressman said his "heart is warmed and my spirit is comforted" by the solid support of "the thousands of black people all over America who have rallied to my side . . .

"Thank you from the bottom of my heart for all you are doing," he said.

Chinese Experts Speeding Mali Factory to Completion

BAMAKO, Mali—Malian President Modibo Keita was greatly enthused with a progress report on construction at the site of the new Segou Textile Combine, a new industry for the nation being built with Chinese help.

KEITA MADE a round of the workshops on the construction site and auxiliary buildings. He expressed amazement at construction progress which was not even begun on his last trip to the site in December of last year.

When completed, the textile combine will become the biggest factory in Mali—factories under construction included. Work was well on its way to conclusion. In less

than 10 months, since the beginning of work last February, more than 60 per cent of the work was completed and the principal workshop—the spinning and weaving workshop—was nearing completion.

Construction of more than 20 auxiliary buildings was also progressing at full speed.

PRESIDENT KEITA congratulated Chinese technicians on the rapid progress.

A Chinese leader explained that the rapid progress was due to the "joint effort of Malian and Chinese workers and technicians and their close cooperation."

The president was accompanied on the tour by Minister of State for Planning and Economic Coordination and Financial Affairs Jean-Marie Kone and Minister of Information and Tourism Mamadou Gologo.

Iraq Cuts Off Dealings With Big U.S. Three

BAGHDAD — The Iraqi Higher Committee for Supply has issued a ban on all dealings with three United States companies — Ford, Radio Corporation of America, and Coca Cola—because they are dealing with Israel.

Israel, the committee reasoned, has been an instrument of aggression against Arab countries. The decision was to be applied to all branches of the three American companies.

A similar decision was made last month at the Arab Conference for the Boycott of Israel held in Kuwait.

Kenya Joins Coffee Equalization Pact

UNITED NATIONS — The International Coffee Agreement of 1962 has welcomed Kenya as its fifty-ninth member.

THE AGREEMENT seeks to maintain a balance between supply and demand so that equilibrium between coffee production and consumption can be achieved, and prices can be maintained at equitable levels.

Studies Race Laws

LONDON — The British government is conducting extensive surveys to determine if there is a need for new legislation against racial discrimination, it was reported recently.

THE RACE Relations

Board and the National Committee for Commonwealth Immigrants have undertaken the study specifically to establish the ways racial minorities are being made victims of discrimination in public places, employment and housing.

A Glance At Scenes, Events Around the World

VIETNAMESE CHILD holds American-made cigarette in her hand while mother holds child in her arms, both unaware of the oft-repeated dangers inherent in smoking the cancerous weeds. American G.I.s however, fully aware of the cancer-causing effects of tobacco, readily pass it out to Vietnamese children.

A CHIEF COMPLAINT of the Vietnamese people has been that American forces have tempted innocent Vietnamese women into one form or another of prostitution. Here,

an imported Vietnamese woman, a former actress, serves U.S. Army officers in North Carolina.

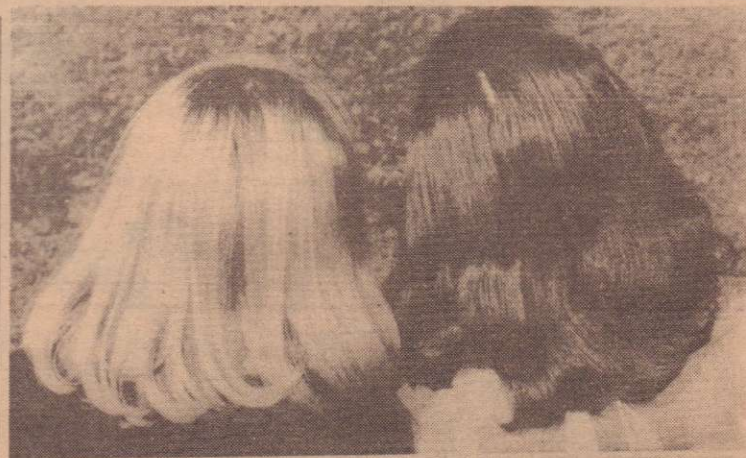

WIERD AND UNNATURAL accidents in recent years have been occurring all over North America. This one, in which eight school children were killed, happened in

Windsor, Ont. when a trailer-truck overturned and crushed into bus, carrying 30 tots en route to their classes, under tons of sand.

MUSIC can't all be bad. Some is worth sticking around to hear. This seems to be attested to by the crab perched atop the piano as

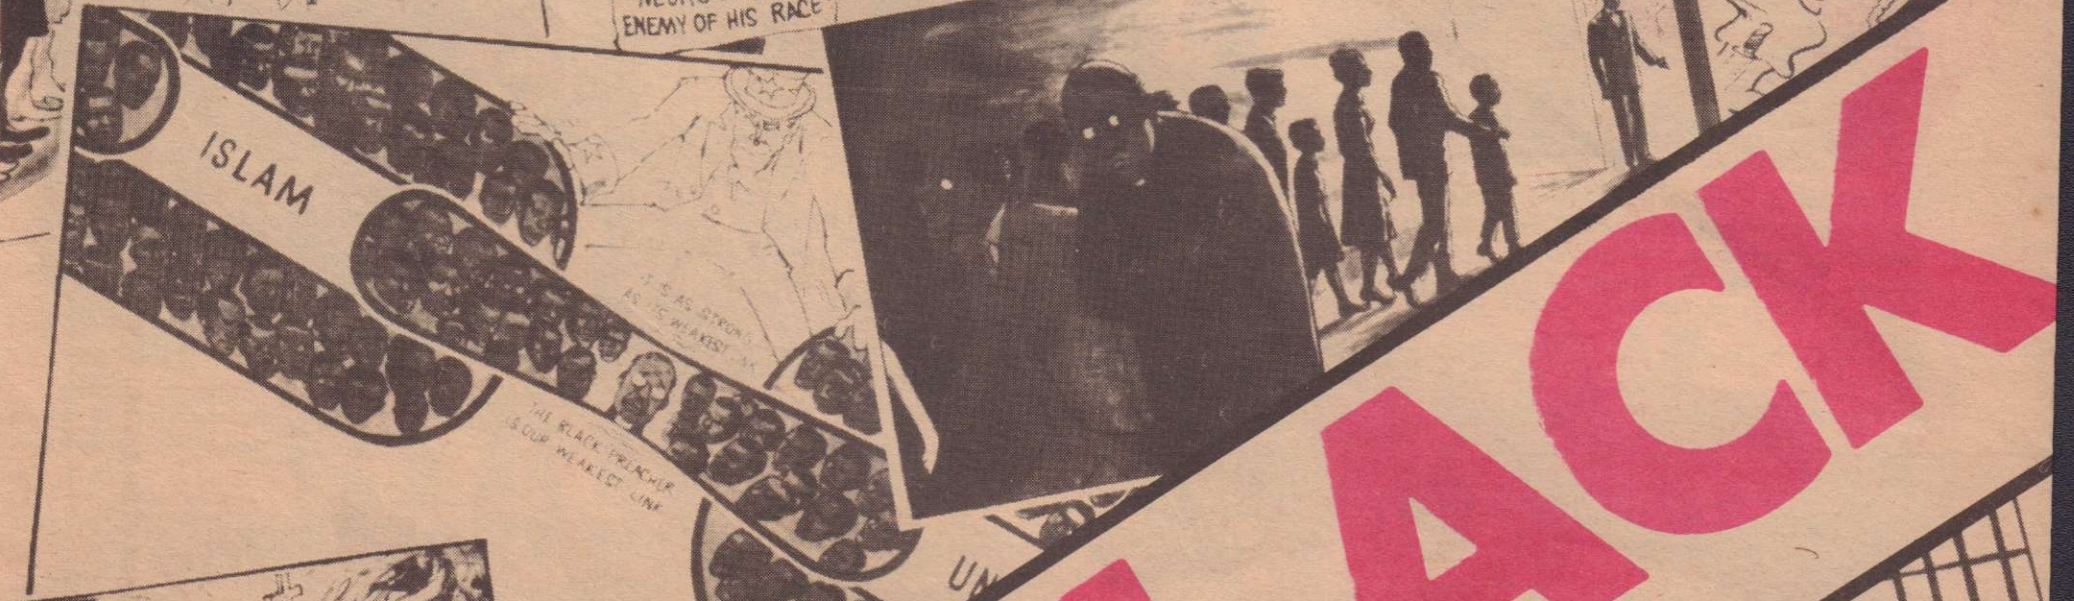

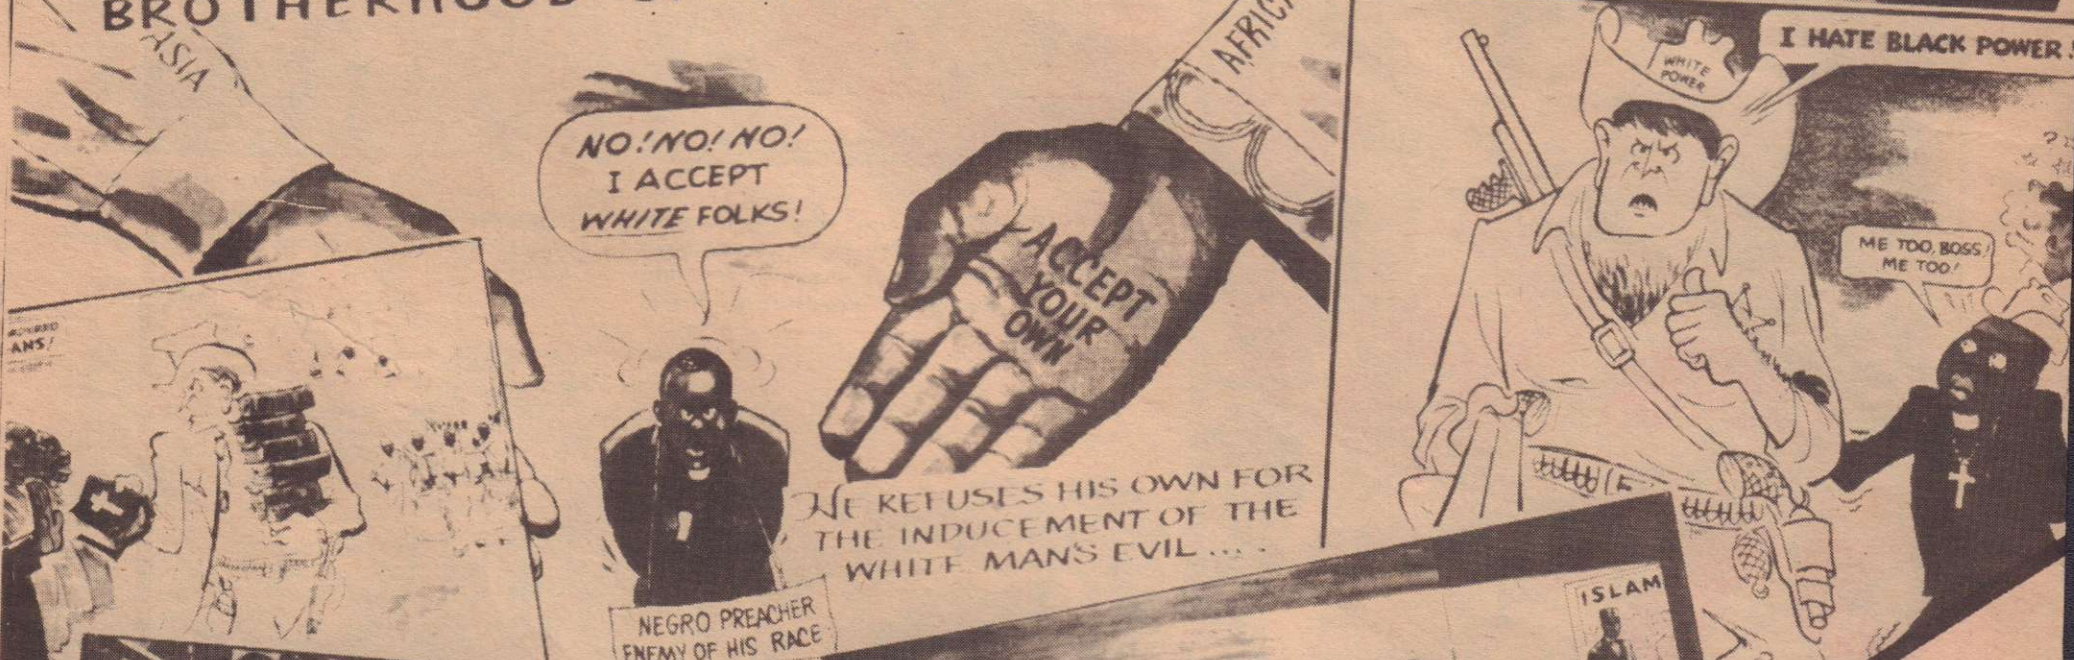

"Howard" the frog plays an amphibian's version of the "Deep Sea Blues."

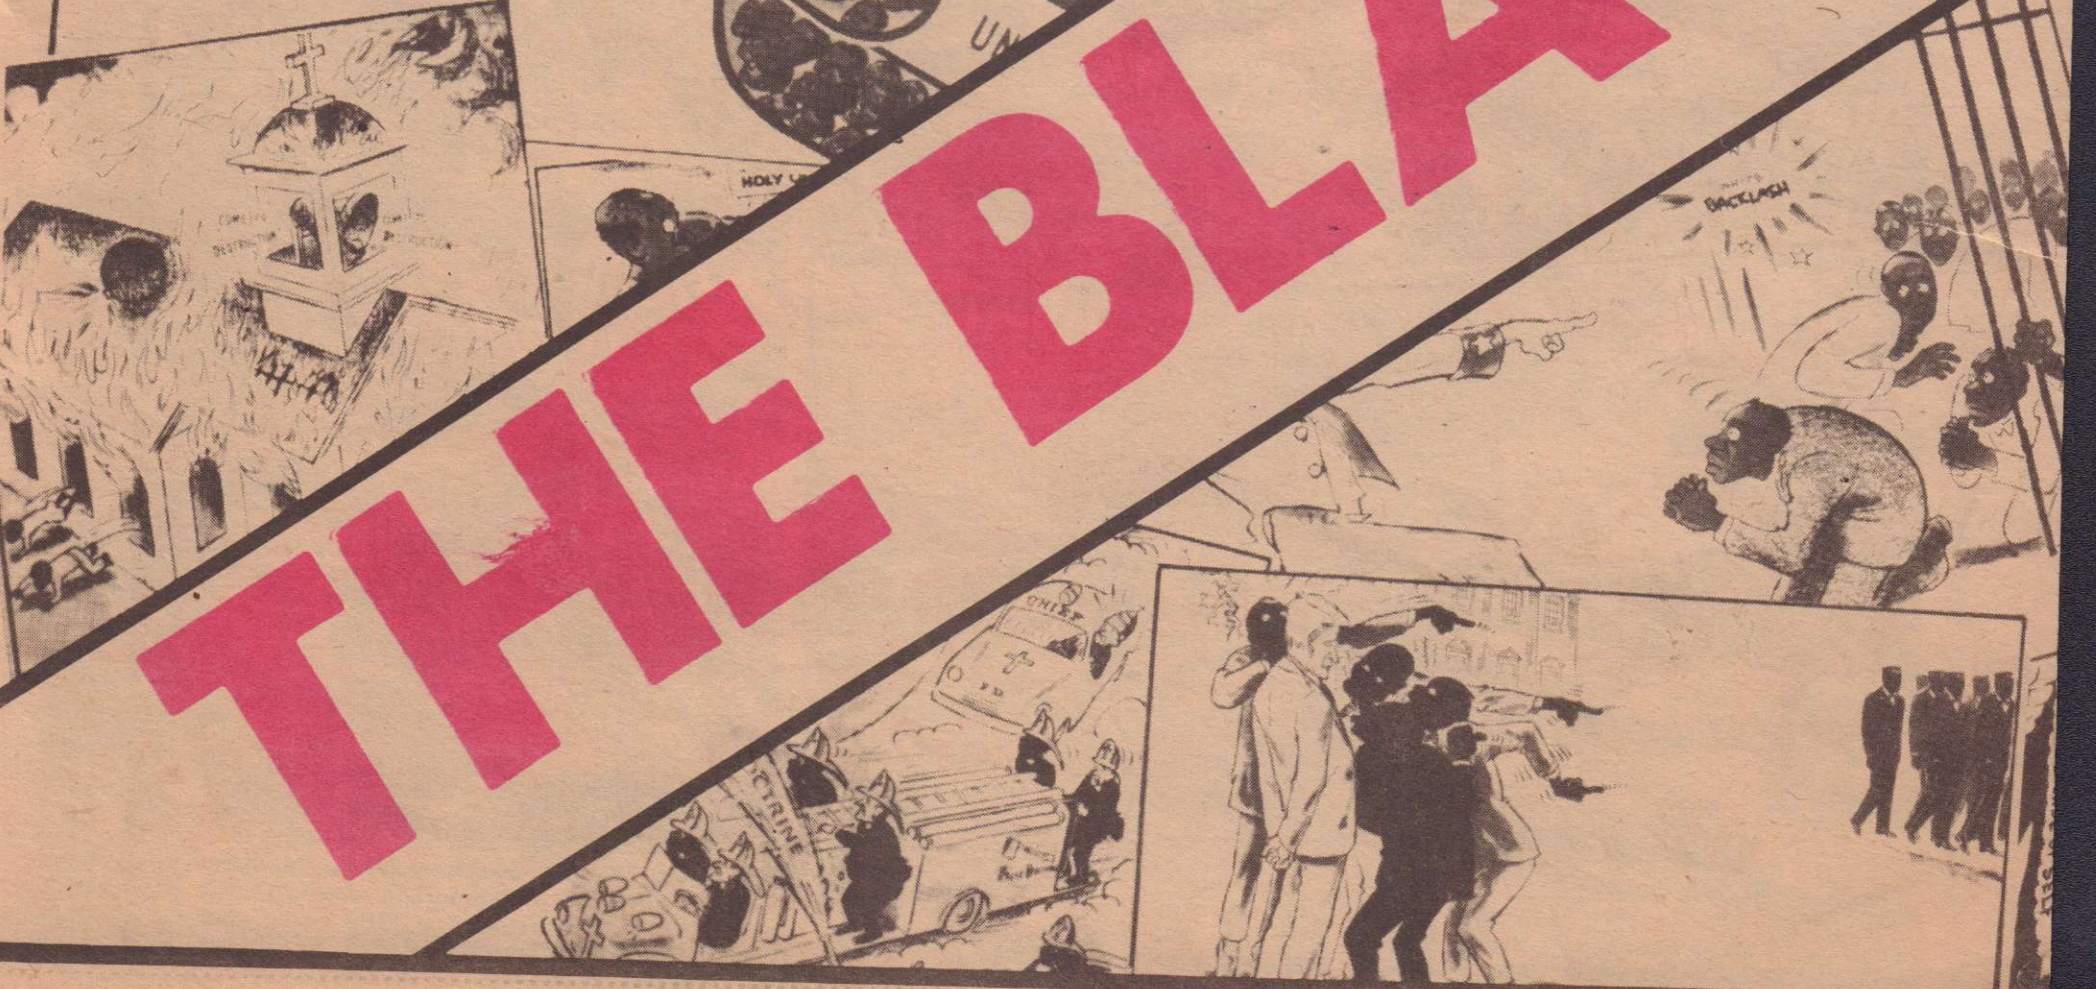

IT'S HARD TO TELL men from women in white society these days as the above photograph demonstrates. The bottom photo makes identification a little easier, but for clarity's sake blonde Kathy Temple (left) is the girl and dark-haired Bill Craddock is the boy.

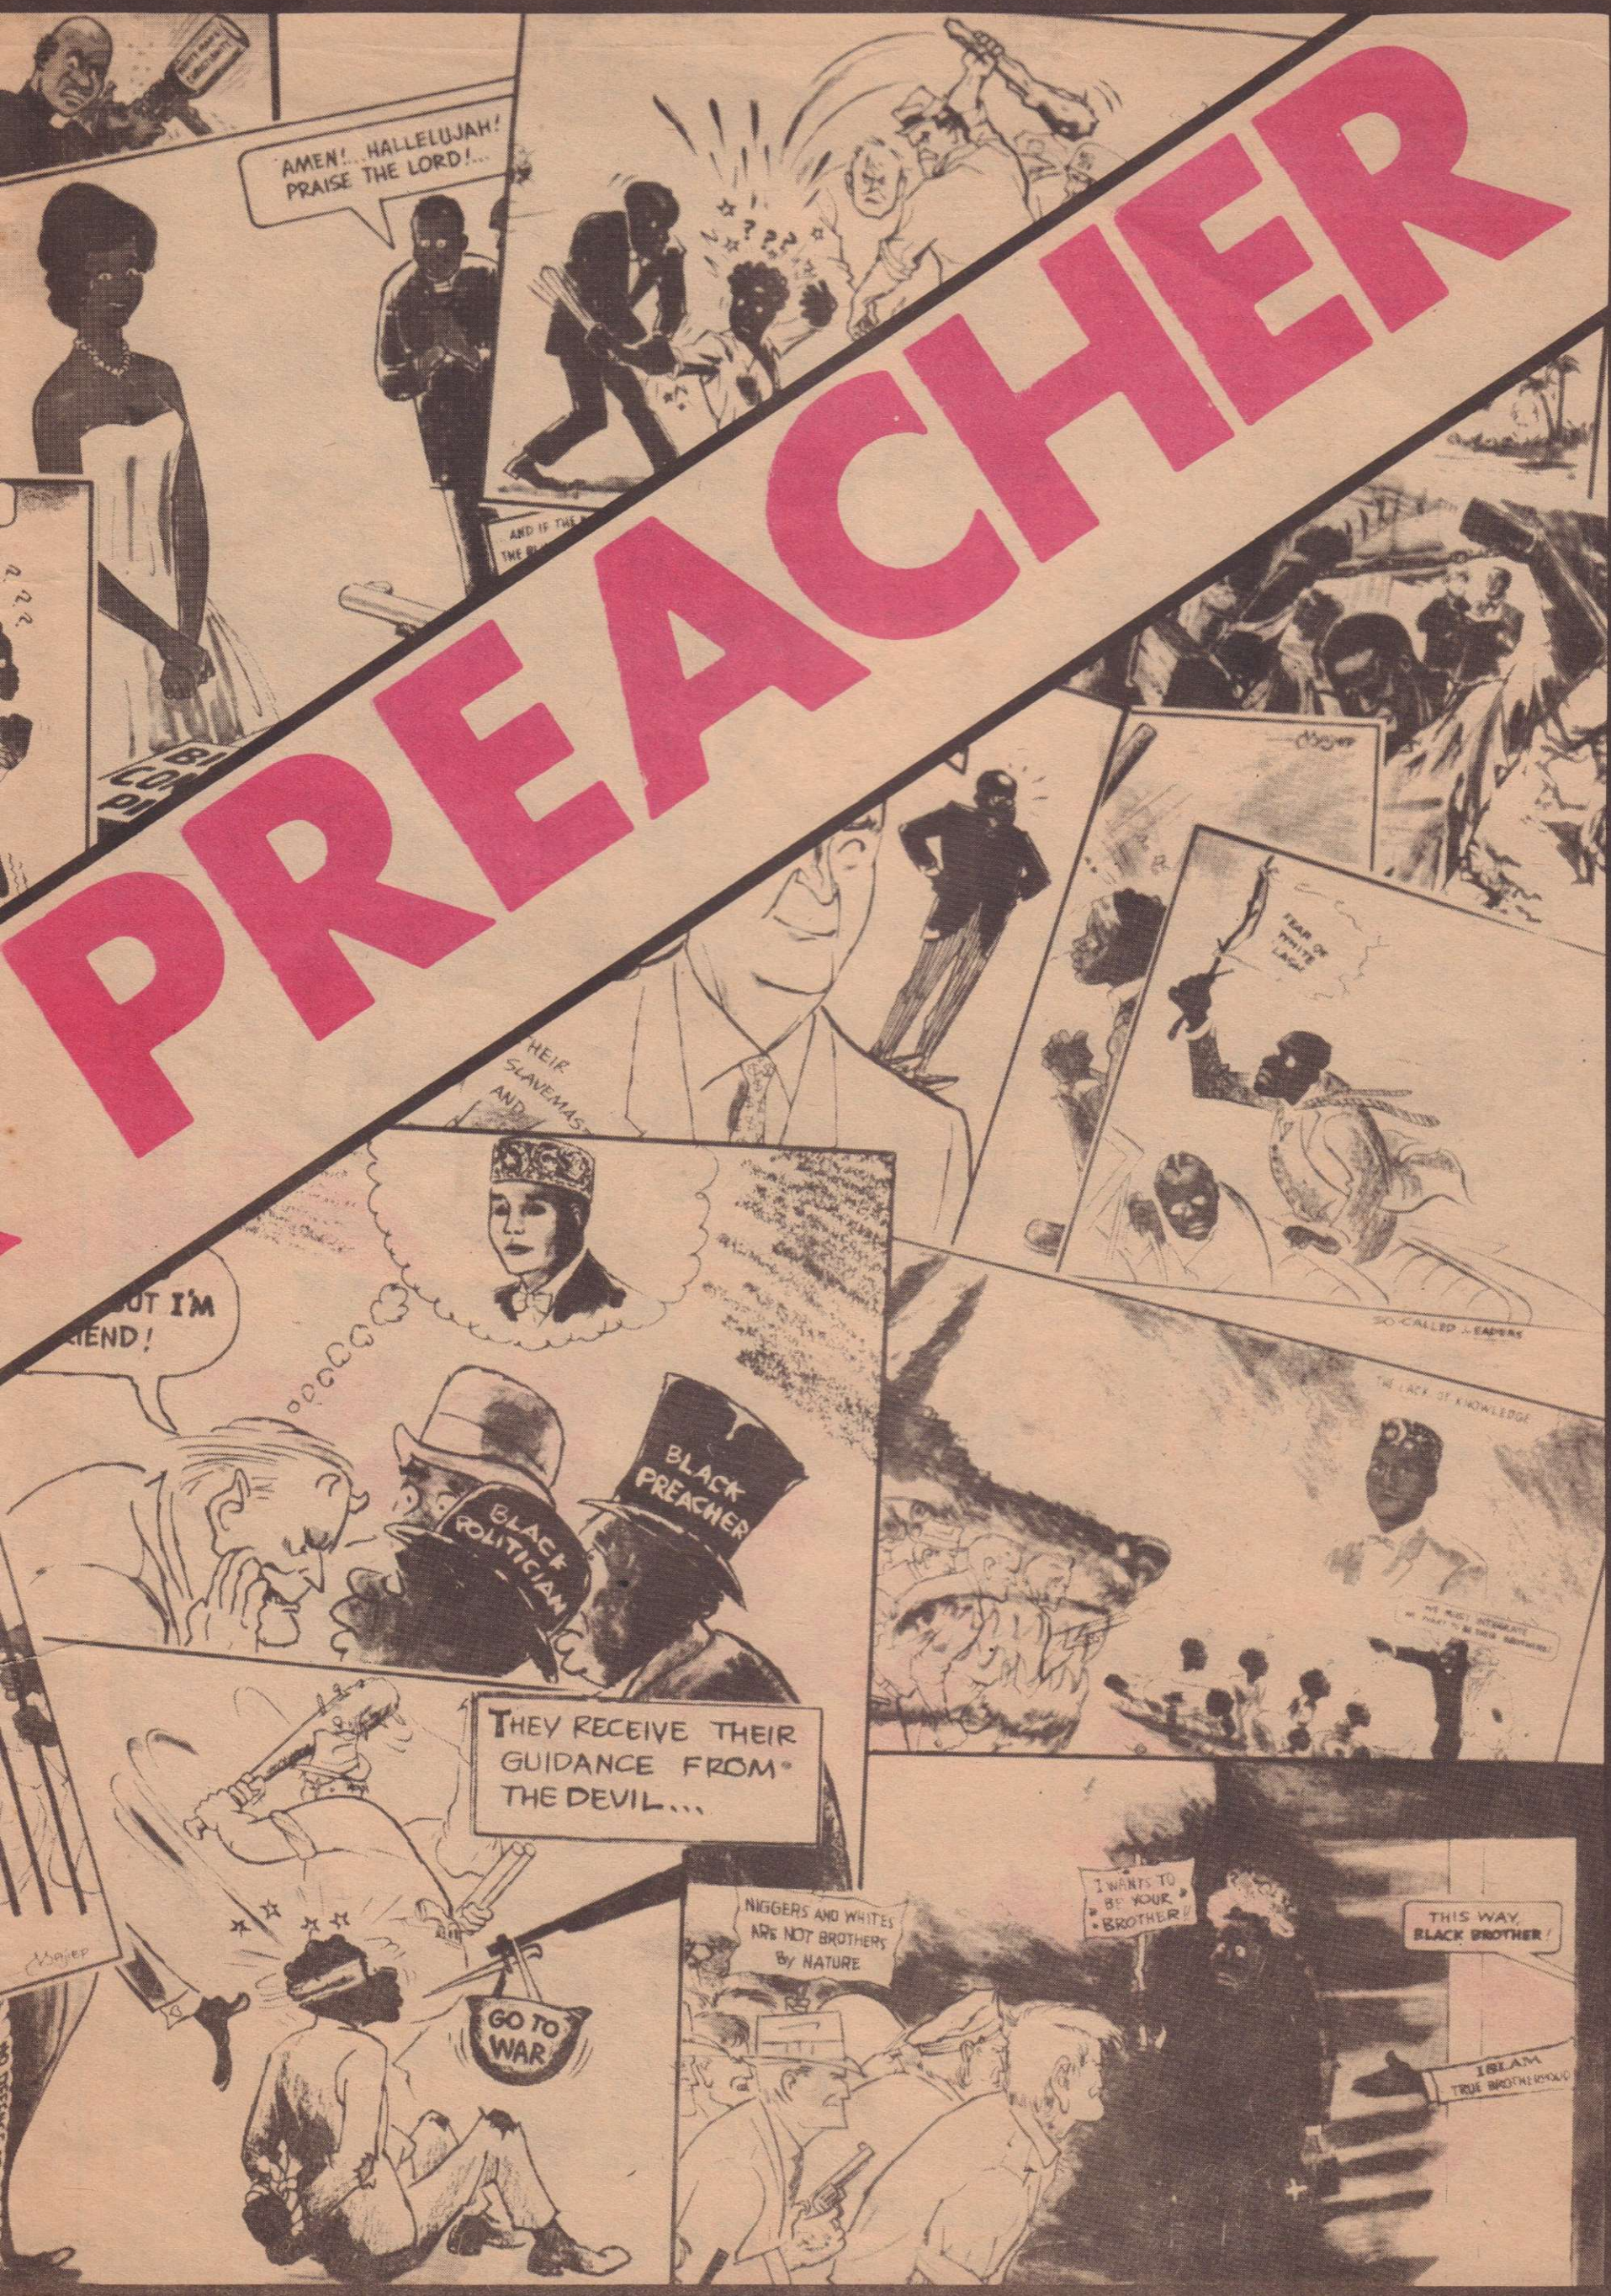

BROTHERHOOD OF THE BLACK NATIONS

THE BLACK

The Need for African Unity

1966: Year of West-Incited Tragedy for Africa

By Charles P. Howard
(UN and Foreign
Correspondent)

UNITED NATIONS, N.Y. —The year 1966 has been a tragic year for the cause of freedom and independence in Africa. We have seen constitutionally-elected governments overthrown by "military coups." We have seen the Organization of African Unity (OAU) — so auspiciously and hopefully launched in 1963 at Addis Ababa — brought virtually to a grinding halt. The OAU has been reduced to helplessness by outside saboteurs.

WE HAVE seen during 1966 the activities of the leaders and men of the "Liberation Movement" of yet - unfree African countries — training in independent African nations — brought to a virtual halt, and a campaign launched to compel independent African countries to stop training the freedom fighters and cancel all activities designed to help still-

Howard

enslaved African peoples to freedom.

In Ghana we have witnessed the pitiable sight of black freedom fighters hustled aboard planes sent into Ghana — at the request of Ghana's so-called National Liberation Council government — from South Africa, Southern Rhodesia and Portuguese-held African areas. These black patriots face sure death at the hands of the white-minority governments.

WE HAVE seen the "gap of cooperation" between the French-speaking African countries and the English-speaking African nations widen — to their mutual detriment.

We have seen the "gap of cooperation" between African countries north of the Sahara and those south of the Sahara widen. This came about, in part, because the attention of North Africans has been engaged with the Arab - Israeli struggle, the Arab - Saudi Arabia - Aden contest and the loss of the overthrown Ben Bella of Algeria, who was the bridge between Africa north of the Sahara and Africa south of the Sahara.

The year 1966 witnessed

LITTLE KNOWN outside of Africa, Jason Sendwe (center)—chief of the Balubakat Party in Katanga—was one of most formidable opponents of African Uncle Toms murdered by the Belgians to maintain white

control over the "liberated" Congo's riches. He was killed a few days before Belgian-puppet Moise Tshombe came to power. He was one of Tshombe's strongest opponents before his death.

the loss of President Kwame Nkrumah to the cause of a free and industrialized Ghana. But most important, is

the loss of his leadership in the struggle for the "freedom of all of Africa." With Nkrumah in power in Ghana,

the campaign against liberation fighters would not have

Chinese Physicians and Surgeons Aid in Developing new Somalia Medical Program

MOGADISHU, Somalia — China, the first non-African nation to publicly proclaim full support and sympathy with the black revolution in America, has sent a team of physicians and surgeons to this developing nation to help combat colonialism's legacy of medical deprivation.

"OUR PEOPLE have shown great faith in the sincerity and skill of the Chinese doctors," states an editorial in the National Broadcasting Service of Somalia over Radio Mogadishu recently.

At the invitation of the So-

mali Government, a Chinese medical team came here in July 1965. They have successfully treated many serious cases and, with the co-operation of Somali colleagues, have cured countless sicknesses. But it is not only their professional skill which has won the hearts of the Somali people

When they arrived in the "Horn of Africa," the Chinese doctors and nurses faced many difficulties, such as the language barrier, different medical systems and traditions and, of course, unfamiliar surroundings.

The Chinese physicians

and surgeons assert they overcame these difficulties by adhering to the teachings Mao Tse-Tung. He wrote an article about a Canadian surgeon who went to China in the thirties to help the people in their war of resistance against Japanese aggressors, and died of blood poisoning contracted while operating on a wounded soldier who was fighting to liberate China.

The article, titled "In Memory of Norman Bethune," states: "We must all learn the spirit of absolute selflessness from him. With this spirit everyone can be

very useful to the people. A man's ability may be great or small, but if he has this spirit, he is already noble-minded and pure, a man of moral integrity and above vulgar interests, a man who is of value to the people."

THE CHINESE medical personnel, with these teachings in mind, has displayed a high sense of duty to their work. They behaved, not

only as doctors treating patients, but have shown a heart - and - soul devotion in serving the struggling African people, newly emancipated from imperialist oppression.

Here are some examples of their dedication and devotion to the people of Somalia: Mohamed Sufi Abukar, a 17-year-old secondary school student, had suffered a heart

United Arab Papers Back Syrian Stand Against IPC

CAIRO — United Arab Republic newspapers have come out in support of the Syrian demand for higher royalties on the pipeline from the Western-owned Iraq Petroleum Company which runs through Syria.

AL AHRAM, in an editorial, stated "the Syrian government and people have mustered their forces and fixed their aim; they are determined to proceed firmly with the consolidation of their national gains to place their national economy on a sound base."

"The Arab peoples have assured Syria their full support, and are ready to fight another Suez battle if need be."

The paper stressed that Arab control over their own resources could raise the living standards of the Arab people.

"VICTORY in the current struggle would mean a lot for Syria. The time is long past when foreign monopolies could dispose of the Arab region as if it were an estate inherited from the builders of the empires," it added.

Al Gomhura, in another editorial, condemned the IPC's arbitrary attitude as

"a link in the chain of pressure with which the imperialist, Zionist and reactionary collusion is trying to fetter Syria." It is essentially a political affair, it said, and a replica of what some imperialist companies did to certain Latin American countries."

Al Akhbar noted "the IPC has developed into a state within a state. It has its own administration, airfleet and a small army."

The current royalties dispute, it continued, was "part and parcel of the long-standing petroleum warfare in the Middle East." The IPC's action was "assured of backing by big powers and was in their interests."

Now Predict Unborn Child's Sex

ALBANY, N.Y. — The 100 per cent successful ability to predict a baby's sex during its mother's pregnancy has been announced by a group of Albany Medical Center scientists.

THE TECHNIQUE calls for the microscopic examination of amniotic fluid cells removed from the mother's womb. With this method, "the sex of the fetus was predicted in 39 patients, accurately," the report said, and the earliest prediction in

the 39 cases was made during the sixth month of pregnancy.

The scientists do not recommend their test "to satisfy the curiosity of parents concerning the sex of the unborn baby," largely because the removal of amniotic fluid from the womb can be dangerous to mother and child.

A detail report of the procedure has been published in the New England Journal of Medicine.

Women In Islam

By Tynnetta Deanar

One of the greatest lessons we, the black people of America, must learn to put into practice is the mannerisms of kindness and respect towards one another. I have found this quality being given the highest regard and practice among some of the people whose customs are in many ways different from our own. The devil's teachings to us for the past four centuries have made it almost impossible to understand what this quality means to the value and nobility of civilization.

IT IS A kindness involving expressions of the unselfish sharing of the possessions, food and pleasures of one's household and community, whether rich or poor. This is not to say that the black women of America do not always display warm-hearted and sincere gestures of friendship towards others. It is, however, to remind us that the true spirit of kindness, of giving and of forgiveness has been crucified upon the hard and raw materialist concept of Western civilization and the American virtue that honors wealth and position above morality and dignity for all peoples.

This virtue of kindness has been stricken literally from our characteristics as a people because of the mental wounds we have received from our enemy, the white race of America.

Our people can give splendid parties with all the trimmings. We can serve beverages and foods with a gourmet's flourish for fanciful entertainment — but the gift of kindness, of pleasant words to those in need and in crisis, the dedicated sacrifices of giving and of helping and of understanding the complicated sufferings of our people's present plight, are, as yet, a quality sadly lacking in the daily habit of our nation's conduct.

ONE OF THE reasons giving rise to the deadening of this response to human needs among our people is America's atmosphere of

strife which has affected her status in the world as a great world power.

Another reason is the ill treatment received by many natural-born inhabitants and foreign visitors because the issues of race, color and nationality have turned many people's hands down to America's contention that she represents a world model of modern civilization.

What we, the black women of America, must do is to resurrect within ourselves the conscious voluntary virtues of giving without the expectation of reward; to give for the sake of giving—helping others of our own kind in tribulation.

FINALLY, TO detest the evils of gossip as a sickness corrupting the minds and spirits of man and nourishing unrest and the disease of prejudice being practiced against our own people. This is piled against their interests, hopes and dreams which are, all too often, shattered as a result in a whirlpool of hostility and hate.

We must learn to love each other; to sustain each other — because we are all suffering and struggling in the same crisis of survival. All praise is due Allah for the teachings of His Messenger Muhammad, which give light and direction; which heals and nurtures and which is our refuge from the evil suggestions and practices of the devil's world of sin and corruption.

Plague Strikes India

NEW DELHI, India—The plague has taken the lives of eight persons in the village of Chirgaon, it was announced by the Minister of health.

THE AREA, which is located in the Himalayas, was inspected by the Health Minister. Medical teams already have gone in and the government has taken steps to prevent an epidemic of the highly contagious disease.

YOUNG WOMEN of Hanoi dig their own shelters on a hillside, as part of their training against possible attack. The heavy straw hats they wear are designed as protection against shell fragments from U. S. bombings of Viet-

namese villages, fields and homes. The American Defense Department has only recently admitted that U. S. planes have bombed civilian homes in North Viet Nam.

1966 Was The Year West-Made Coups, Tragedies Spread Throughout Africa

(Continued from page 16)

been a success in Ghana or elsewhere in Africa.

WITH NKRUMAH in power, Prime Minister Wilson of Britain would not have dared engage in the "she-nanigans" that have gone on between the British Prime Minister and the breakaway Ian Smith regime in Southern Rhodesia. Nkrumah would have kept the spotlight focused where it belonged.

With Nkrumah in power, the economy and natural resources of Ghana — in the form of state corporations, cooperatives, untapped natural resources, airlines, educational and health facilities—would not have been turned over to outside capital and control under the guise of "opening up the economy to private investors."

The campaign under way to select the future leaders of South West Africa most acceptable to the "power structure" began in 1966. Agents already are appearing at the United Nations, in London and in other areas where potential South African heads of government may be working to determine which ones will be more nationalistic or more amenable to "power struc-

ture" wiles, flattery or even "dollar colonialism."

AS REPORTED earlier, Britain, France, the United States, Portugal and South Africa united to disunite Africa — and were eminently successful. African leaders hate one another worse than they hate Vorster of South Africa, Ian Smith of Rhodesia, or Salazar of Portugal. Exploiting the "lack of trust" of Africans in one another enabled the colonialists to enslave Africa and today the same method is used by the colonialists to keep Africa an exploited, benign territory.

The explosive campaign in 1966 to destroy President Sekou Toure of Guinea smolders just beneath the surface. You can see it in the occasional items in the American press. When Lloyd Garrison of the New York Times moves into an African country with one of his articles criticizing that country's relations with Washington, and doing something of a roundup on the economy of the country and its political leanings, you can depend on it that the Central Intelligence Agency (C.I.A.) will not be far behind. Tanzania and Zambia are places not far down on his list to visit.

IT IS necessary for Africans to understand how the "power structure system" operates. For instance, a speech made by the Secretary of State, or the Assistant Secretary for African Affairs, to a church group of a Ladies Aid Society on African policy — and receiving great headlines in the newspapers—may have absolutely no relationship to the instructions the Secretary of State might give the American Ambassador in an African country on "the facts of life" of American economic and political practices in that African country.

Meanwhile to solve their problems, industrialized (developed) countries unite on economic and political policies, while they enjoin the African country to go it alone, think about their internal policies, and don't trust their African neighbors.

IT WOULD seem, by now, to be clear to African leaders that in order to survive they must form a Unity Government—and on matters of foreign and economic policy, they must function as a unit or they will continue, as has been their experience this year, to be pushed further back into colonialism.

What Chinese Physicians Are Doing in Somaliland

(Continued from page 17)

disease for some five years. In July of this year, his father brought him to the Chinese doctors. After careful examination, it was found that the patient was suffering from mitral stenosis, curable only by an intricate operation. Although the hospital lacked the necessary medical equipment and drugs for such an operation, the devoted surgeons, acting on Mao Tse-Tung's teachings, carefully studied all possible eventualities, thoroughly prepared themselves in every way and even practiced on an animal with their meager equipment before the operation.

They achieved the first successful heart operation in the history of Somalia. Afterwards, the entire Chinese team helped nurse the patient, maintaining a 24-hour watch beside the recovering patient's bed for a week.

"TO WATCH over a patient throughout the night is something doctors from Western countries have never done," a Somali friend said. After more than 20 days, the young patient left the hospital fully recovered.

A four-year-old named Ibrahim, who had an obstruction in his wind pipe, was in most critical condition, scarcely able to breathe and had not eaten for several days when the Chinese doctors examined him. Though lacking proper facilities, the doctors built up the child's strength with fluid transfusions, then performed a tracheotomy operation to temporarily relieve his difficulty in breathing.

Due to the lad's low resistance he contracted staphylococci pneumonia and repeatedly sank into suffocation. The Chinese doctors, working in coordination with Somali nurses, took turns caring for the boy who was at death's door. They injected Chinese-made illotycin to fight off more serious infection.

In desperation, as a last effort, the Chinese surgeons

performed a high tracheotomy operation on little Ibrahim, using a broken tracheoscope and without electric light. Carefully exploring his windpipe with a probe, they finally dislodged a plastic pearl from the patient's windpipe. Little Ibrahim was saved.

A pregnant Somali woman, who was saved from eclampsia by a Chinese doctor Hung Su-Ying, named her first son "Hung You-Yi," which means "friendship" in honor of the doctor.

By persisting in the study of the Somali language, the Chinese medical team can now converse with their patients, a great help in diagnosing ills.

HAGI HASHIR Ismaili, Somali Minister of Health, told the Chinese doctors — expressing the sentiments of the entire nation — "Your service to the Somali people is wholehearted. Your success in Somalia is the pride of the Somali people."

Algerians Stage Anti-American Demonstration

ALGIERS — About 500 Algerians demonstrated outside the U.S. embassy here protesting against "U.S. criminal aggression in Viet Nam," and supporting the Vietnamese struggle.

Carrying flags of the Democratic Republic of Viet Nam and the South Vietnamese Liberation Front, the demonstrators shouted "Johnson murderer" and other anti-U.S. slogans.

They also presented a letter of protest to the U.S. ambassador demanding immediate withdrawal of all American forces in Viet Nam and liquidation of all U.S. bases there.

Women in United Nations

Sierra Leone Mission Secretary Says Her Country Will Lead Way to Freedom

By Jocelyn Osborne

(HNS United Nations Correspondent)

UNITED NATIONS, N.Y. — Miss Meliora Taylor, secretary to the Sierra Leone delegation to the United Nations, and their representative of the Third Committee of the international organization, believes strongly that a woman in Sierra Leone can achieve success in any occupation as long as she is willing to work very hard and has a zealous approach to her goal.

MISS TAYLOR made this statement when asked how she rose from a position of clerk in her country's Treasury Department to secretary of her delegation and representative on the important Humanitarian and Social Committee of the U.N.

Miss Taylor first served on the Humanitarian and Social Committee in September of 1965 as an assistant to the then official representative, Mrs. Hamilton, of Sierra Leone.

In 1966, Miss Taylor was appointed secretary to the Sierra Leone delegation and she is responsible for keeping the delegates properly informed and prepared for their U.N. committee assignments. It was during this session that Miss Taylor was officially assigned to the Third Committee and became more active and conversant with the works of the committee.

DURING the committee's discussion of discrimination in certain parts of the world, Miss Taylor expressed the position of her country when she told the Committee:

"My Government is against any form of racial discrimination, and is ready

Miss Meliora Taylor

to support any resolution that would help to eradicate this problem, especially with reference to the policy of apartheid in the Republic of South Africa."

Commenting on the general work of the Third Committee, Miss Taylor said the committee "deals with the social aspect of different cultures and countries from which new ideas can be drawn for implementation in one's own country."

AFTER attending primary and secondary school in

Freetown, the capital of Sierra Leone, Miss Taylor worked briefly for the Treasury Department as a clerk. In 1961, she left the Treasury Department and entered the Technical Institute to study commercial courses for one year.

She graduated in 1962 and returned to the Treasury Department for a short period, and was then transferred to the Ministry of Education in 1963 where she was trained as an executive officer responsible for students' affairs overseas.

When asked on what basis she was chosen secretary to her country's mission here, Miss Taylor said, "My basic education was an important factor, but even more important was my attitude toward any job given me."

"I TRY always to be prepared to meet any crisis, to use initiative in my work, and display enthusiasm for the job at hand. These attributes are important considerations for foreign service employees."

Miss Taylor said further that her own progressive attitude was inspired by her grandmother, who was the first policewoman in Sierra Leone, and who, in addition to that post, raised eight children.

At the present time, Miss Taylor attends classes in the evening at New York Business School and hopes to graduate in the next year with a diploma in secretarial science.

The Ordeal of John Collins

Victim of Savage White Christian West

The Horrible Ordeal of John Collins

"But some government men came down there and decided the money should go to the sharecroppers who worked the land. Naturally, the whites didn't like that. I had put in a crop on the Stevenson place."

He said the checks would come to the Canton Social Security office and they would send a letter to the farmers, notifying them of the checks' arrival.

"MY FIRST check was for \$18 and Boss Hardy made me give him all but \$6 of it," Collins related. "The second check was for \$35 and I made up my mind that I was goin' to keep it all."

"They knew when the checks came. When I got mine, old man Stevenson and his son, Clifton, waited outside the general store for me to cash it, but I wouldn't come out. I stayed in there more than five hours before they went away. The owner of the store wouldn't let them come in there and take money from me."

Three days later, he went on, Stevenson and his son came around Collins' house and started shooting through the windows.

"I had a 22 Winchester and sneaked out on the porch, trying to get a shot at them. But they stayed behind a little shed. Finally, they went away," he recalled.

COLLINS said he liked to drink a lot during that time, and a few days later, Ol'

Willmore, the white whiskey maker of the town, told him he wanted him to try a bit of "new stock." Collins was one of Willmore's good customers, he recalled.

"We went way back of my house on a gravel road and he told me to wait; then he went back into the woods a bit."

"I don't quite remember how it happened, but Hardy and Clifton Stevenson got the jump on me, then called Ol' Willmore. They took me off the road, back into the cemetery, and that's where the cuttin' happened."

Collins said his castration and other, worse atrocities were so common in Canton, Miss., during the 1930's and 1940's that the cutting "was hardly even talked about for long."

"THE WHITE man," he said, "specially the poor white man, is the worst thing in the world. Ain't nothin' he won't do."

"Take ol' Jack Hager. He was a colored man," he continued. "In 1932 he got beat to death and thrown in the river. Didn't find him for three days, least ways, what was left of him."

Collins said Jack Hager, who was in his early 70's, had put in a crop for a white man, Jake Benny. But Benny would not pay Hager.

"Jack kept talkin' 'bout what he was goin' do 'bout his money. Next we saw of Jack was when they fished him out the river. Just like what they did to me, everybody knows who did it. Wasn't nothin' done 'bout it,

This is the second installment of the story of John Collins, who suffered the torture of a savage castration at the hands of anti-Negro white bosses in Mississippi. Mr. Collins' story is one of countless testimonies of little-known victims of the steady diet of unjustified oppression of the black man in the Christian West.

though. 'Bout me, either, an' I put in a law suit."

COLLINS recalled the case of a Negro who came to Canton from Chicago. He had a new, 1934 Ford and was driving around town in it.

"A white man told him not to pass his house again in that car," Collins related. "He went right back by, and the white man shot at him. He shot back and killed the white man. They caught him right away and we never found out what happened to him or the car."

Mr. Collins left Canton two years after his castration. Now he is on old-age pension and does odd jobs around Kansas City, Mo.

Does he hear from Canton? Has anything changed since the start of the civil rights movement?

"It's a little better," he said. "When I was down there, we couldn't get but two or three years of schoolin' and you had to walk almost seven miles to and from the old school-house."

"NOWADAYS, I hear they got a high school down there. Don't know too much 'bout what's happenin', though."

"I do know this. After they cut me up that way, wasn't no more argument 'bout no checks," he concluded. "Didn't no black man get no check up 'til I left, and they may not be gettin' 'em now."

"They don't care nothin' 'bout you starvin' to death. That poor white man is the worst thing in the world."

Auto Output Still on Decline

DETROIT — A 1,907-unit drop in automotive industry production reflected a continuing downward trend in Detroit markets.

Since last year, automotive vehicle production in the Motor City has fallen off by 717,095 units from 10,776,521 units in 1965 to the 1966 total of 10,059,426.

These yearly totals included the production of 9,031,729 passenger cars and 1,744,792 trucks and buses in 1965 and 8,326,161 cars and 1,733,265 cars and 1,733,265 trucks and buses in 1966.

The decline seemed to be

indicative of other drops in the U.S. economy which have caused increasing concern among government higher ups, and have threatened to become a major political issue in the 1968 Presidential elections.

Old Temple Theatre Turned into New Mosque of Islam

SAN FRANCISCO — The last of this city's "Negro" theaters, the "Temple," has been converted into a stage which at last will bring truth and reality to the black man.

AFTER 45 DAYS of untiring and relentless labor, Muslim brothers completed the conversion of the old "Temple Theatre" into the bright new Muhammad's Mosque of Islam No. 26.

When the Muslims undertook the task of renovating the structure, many onlookers—well aware of the deplorable condition of the theatre—said it couldn't be done. But as progress was made, the people could only look in amazement.

Out came the grease-laden carpets, which were laid prior to the 1906 earthquakes. Off came the sticky and patched up seat upholstery and the 10-layers of food particles in between the seats.

DEMONSTRATING the wisdom of the Honorable Elijah Muhammad's call for unity among black men, the dedicated brothers who were experienced journeymen in certain fields, gave the benefit of their experience to the brothers who had little or no training.

Together, the Muslim brothers accomplished what was thought to be an impossible task.

African Union Blasts U.S. Bombing of Viet Nam People

DAR ES SALAAM — The All African Trade Union Federation has strongly condemned the continued U.S. bombing of Hanoi, an action which has taken a heavy toll on the lives of innocent citizens.

ON BEHALF of the African workers, the federation demanded total and unconditional withdrawal of U.S. troops from Viet Nam and pledged full support for and solidarity with the beleaguered Vietnamese people.

This was contained in a message, issued here by the federation's headquarters to President Nguyen Huu Tho of the South Viet Nam National Front for Liberation and to the Vietnamese workers on the occasion of the International Day of Solidarity

and the Sixth Anniversary of the founding of the front.

The All African Trade Union Federation praised the spirit of the Vietnamese workers and people exemplified in their determination to gain autonomy over their own government and lives.

The AATUF also expressed warm and fraternal felicitations and congratulations to the Vietnamese people on their successive victories in their battle to overcome the ravages of colonialism and exploitation by the West.

It concluded that "the just struggle of the Vietnamese people will result in total victory, the final overthrow of colonialism and consolidation of the people's revolutionary struggle."

ARM-IN-ARM two of America's top billionaires, Governor Nelson Rockefeller of New York (l.) and Governor George Romney of Michigan, huddle during a recent governor's

Portuguese Intimidations Rebuked

DAR ES SALAAM—Portugals NATO partners must share the responsibility for the recent invasion of Tanzania and the killing of four and the serious wounding of five Tanzanians on the southern border by Portuguese colonial soldiers because they are Portugal's chief source of arms, said the Tanzanian Nationalist newspaper in an editorial.

THE EDITORIAL pointed out that in the past the Portuguese colonialists in Mozambique had violated Tanzania's air space from time to time. Portugal and its allies should know that the Tanzanian people cannot

be intimidated by Portuguese provocation, it stated.

The paper reported that Tanzanian ambassador to the United Nations Malecela has sternly warned Portugal of the serious consequences of its aggressive incursions into Tanzania. Tanzania would not tolerate or sit aside while such crimes were being committed on its soil, he said. He reaffirmed Tanzania's determination to help its African brothers in their struggle to liberate the countries still under colonial oppression.

THE PORTUGUESE military provocation has aroused great indignation among the

broad masses of Tanzanian people.

The youth league of the Tananyika African national union in a recent statement called on the youth throughout the country to be vigilant over the enemy and be ready to defend the country.

Say Doctors Can Diagnose Men Prone to Heart Attacks

Heart specialists can now study the activities of a man between the ages 39 and 59 and the amount of fat substances in his blood and predict with relative certainty whether or not he will suffer coronary heart disease in the following four and a half years.

AUTHORS of a report in a recent *Journal of the American Medical Association* say that after studying 3,000 healthy, middle-aged men for four and one half years, they have found the man most likely to remain free of coronary heart disease is not overly aggressive or ambitious.

In addition, this man has low levels of serum cholesterol, triglyceride and lipo-

proteins in his blood. These latter three lipids, or fat substances, have been associated with heart disease in many earlier studies.

During the study, there were only three cases of coronary heart disease among 499 men who displayed all these characteristics, the authors said. Eighteen cases could have been expected in an average group of men the same age.

PERSONS who have low quantities of lipids, but are less relaxed and more ambitious cannot be given the same assurances, the article points out. However, these people appear to have two to three times more resistance to heart disease than the average persons.

Insect Food Dye Causes Poisoning Outbreak

ALTANTA, Ga. — Investigations have shown that a bright red dye, made from insects and used to color foods, drugs and cosmetics is the probable cause of food poisoning in four states and England.

THE U.S. public health service has linked 27 primary and 6 secondary cases of Salmonellosis — a type of food poisoning — to contaminated carmine dye, prepared from insects imported from Peru and the Canary Islands.

Mostly used in candles, chewing gum, preservatives,

seasonings, ice cream, medicine capsules, pill coatings, pharmaceutical syrups, and other products, the dye caused salmonellosis outbreaks in Massachusetts, California, Ohio, Oregon, and Exeter, England.

Of the dye uses tested drugs and cosmetics were found not to be contaminated, the report said but, that all contaminated products have been removed from the market.

PERSONS AFFECTED by the dye were traced to be hospitalized for gastrointestinal diagnosis, the center reported and insects used in the dye apparently were the contaminating factor.

Because it is a natural dye rather than a synthetic dye it is not subject to food and drug administration color certification. Neither are food and drug labels required to list the dye.

Tips Against Hazards of Winter Driving

NEW YORK — The American Medical Association magazine offers several pointers which may save winter drivers considerable trouble and possibly help prevent serious accidents when snow, ice and freezing rain makes driving extra hazardous.

"GOOD DEFROSTERS are essential," states an article in *Today's Health*. "If yours are not in top shape, get them fixed. Get a scraper with a blade on one end and a snow brush on the other, and keep it ready under the

front seat. Also keep several large rags handy for wiping windows, headlights and taillights."

The article recommends tires with good treads, or better still, snow tires. Tires should be kept at full, recommended air pressure, and a careful driver should keep a set of tire chains in his trunk for emergencies or severe conditions, the article continues.

"Have your brakes equalized; a little difference can twist you into a skid on ice. Have muffler and tail pipes checked for leaks that might be deadly. Equip your car with a small shovel, box of sand, traction mats and

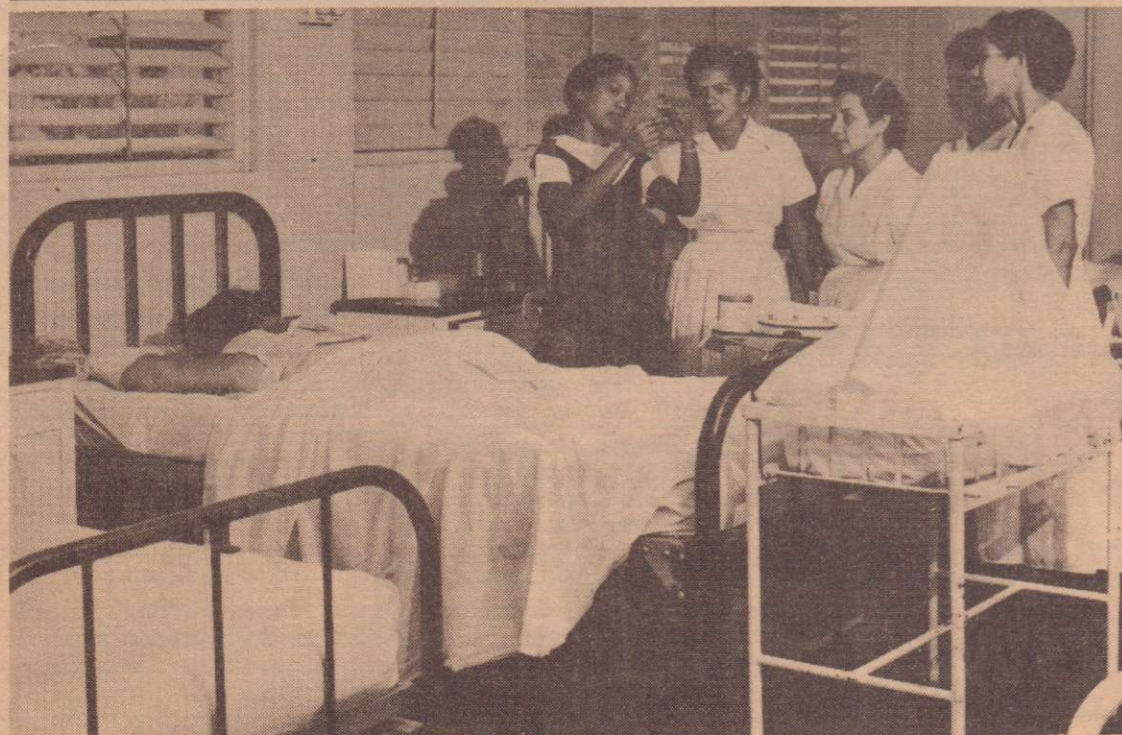

tow rope for emergencies.

"In a snow drift or on ice, start in second gear and power up just enough to avoid spinning the wheels. If you hit an unexpected ice patch, do not brake, accelerate or steer. Maintain speed and let your car "roll" through the slippery area. Steer in the direction of the skid. That is, if your car's rear end skids right, steer right. Attempts to jerk the wheel back straight will only make the skid worse."

The magazine article states that winter calls for plenty of stopping room, a king-size interval behind the car ahead of you.

Japan's Nuclear Ship

program is Maternity Annex head nurse Mrs. Daphne de Vega, who is seen holding a class for auxiliary nurses at the La Chorrera Health Center.

Survey Finds 6% of White Americans Are Alcoholics, 6% 'Heavy Drinkers'

(Intercontinental News)
WASHINGTON — More than six per cent of white Americans are alcoholics; another six per cent are "heavy drinkers," while "infrequent-to-moderate drinkers make up 56 per cent" of the white adult population of America, according to a team of researchers at George Washington University.

IN A nationwide study of 2,746 white persons, the investigators report the "heavy drinker," a person who takes three or more drinks at a time, three or four times a week, tends to be young, earn more than \$4,000 a year, and his friends tend to be fellow workers.

Dr. Ira H. Cisin, of the university's social research group, reported at the 133rd annual meeting of the American Association for the Advancement of Science that half of the heavy drinkers are alcoholics who drink to escape problems.

A heavy drinker also is considered to be a person who may take only a drink a day but who goes on regular benders, consuming more than five drinks at a time, he said.

WHILE emphasizing that all drinkers are not problem drinkers, Dr. Cisin said that this type of person is less likely to go to church, entertains frequently at home, and comes from a home where drinking is approved.

The infrequent-to-moderate drinkers, 56 per cent of adult white population, tend to be "the producers of society," the doctor said.

This group is generally described as persons who drink one or more alcoholic bev-

erages a year but who drink less than the heavy drinker, he added.

Dr. Cisin said that there is a large crossover from the moderate to heavy drinker and back again, and many moderate drinkers admit they have drunk more in the past.

"SOCIETY tolerates and approves the moderate drinker while at the same time it gives phony lip service to the benefits of an alcohol abstention," he said.

The third group, which makes up 32 per cent of the white adult population, is the abstainers. These are persons who have one drink a year or less.

Dr. Cisin said there were three types of abstainers: the tolerant non-drinkers, the militant prohibitionist and the dried-out alcoholic.

The study also showed that white women are drinking more now than they did 20 years ago. Seventy-seven per cent of all white men drink and 60 per cent of all white women consume alcoholic beverages.

Women, however, are lighter drinkers. Male heavy

drinkers outnumber female heavy drinkers by four to one, Dr. Cisin continued.

"WOMEN seem to be drinking more now because their place in society is becoming more equal to that of men not only in job status but in their behavior," he said.

The number of non-drinkers appears to be declining in the country, but once a person reaches the age of 60 he has a tendency to curtail his drinking," Dr. Cisin said.

The reason for this, he explained, is that once past 60, persons are more mindful of their health. There is also a tendency to gear down their activity.

Many of the heavy drinkers are persons who are active and who tend to do everything in excess, Dr. Cisin asserted.

OF THE persons who earn less than \$4,000 a year in family income, most are abstainers, he said. The reason most of these are non-drinkers, he explained, is that they cannot afford to buy alcohol.

Booklet Recognizes Little Known U.S. Black Artists

By Louise P. Dumetz
(Negro Press International)
THE NEGRO IN AMERICA'S ARTS. U. S. Information Agency pamphlet. 24 pp.

This illustrated, full-color publication tells of the dramatic contributions being made by America's Negroes to the arts on stage, on canvas and on the printed page.

Discussing the full range of Negro artistry, the foreword states: "The role of the Negro in America's arts is an ever-expanding one. His field of interests and accomplishments embraces every cultural form. Marian Anderson, Louis Armstrong, Duke Ellington, Harry Belafonte, these names are known to audiences the world over. But there are countless other actors, novelists, poets, composers, architects, dancers, singers,

musicians and sculptors whose names may not be as familiar but who are making increasingly significant contributions to the arts.

Contributors to the survey issue include Arna Bontemp, Luther Jackson, Owen Dodson, John Williams, Samuel Allen, Lucille Roberts, Langston Hughes and Richard Saunders.

What Islam Has Done For Me

Islam Turned Waster into Strong, Proud Black Man

By Brother Angelo 3X
(Pensacola, Fla.)

What has Islam done for me? If I lived to be 1,000, I could not fully state what Islam has done for me. It has restored life to a once dead Negro man. It has restored sight to a once blind Negro man. It has restored understanding to a once dumb Negro man. It has restored pride to a once degraded Negro man, and made him proud of his blackness and all blackness.

Islam has restored a desire to be the king, the God, to a once pimp, con-man, slick, fool, etc.; the king, the God, that he is by nature.

ISLAM, as taught by the Honorable Elijah Muhammad, has increased my intellectual power. Islam has proved to me, through me, that there are people, perhaps most so-called Negroes, who never utilize the

potential strength within their own personalities.

Islam has proven there is resident in the so-called Negro an immense reservoir of force; the power of the subconscious and unconscious (Negroid) mind. Islam releases this power. Then, mental, emotional and spiritual strength emerges which is more than enough to override one's defeats.

Before I accepted Islam, as taught by the most Honorable Elijah Muhammad, I did not fully comprehend what we can do with our emotions. When we control them, we have power. When they control us, the results are often disastrous.

ISLAM HAS taught me to learn from mistakes and thereby, make less. It has been said that history turns on small hinges. So do people's lives. I attest to it! Over a period of time, you make a series of decisions, each seemingly of little consequence. Yet, the total of these decisions finally determines the outcome of your life.

A successful life depends upon developing a higher percentage of wisdom than error. The best decision I've made in my life, was to join onto my own (The Nation of Islam) and I attest to the fact that history turns on small hinges, for a small, little black man (5' by 5") has changed my entire life.

He has taught me self-respect and respect for all mankind. He has taught me to judge my fellow man by his merits, and not by a blind conception. He has taught me who God (Allah) is and was and who the devil (white race) is and was. He is none other than the most Honorable Hajji Elijah Muhammad, the divine servant and Messenger of the Supreme Being Allah Himself.

He Overcame Chain Gang to Reap Blessings of Islam

(This is the second of a five-part series by Brother Clyde X, of Durham, N.C., explaining the viciousness and savagery of white Christian prison officials who sought to keep him from coming into the fold of the Honorable Elijah Muhammad and the blessings of Islam. Although Brother Clyde was mercilessly persecuted, he persevered until his dream of hearing the word of the last Messenger of Allah was granted.)

Part II
By Clyde X
(Durham, N.C.)

The authorities put me in a cell block where there were only four cells. In said cell block you are without clothes or water of any kind. My leg was hurt and body weak because of my leg decay.

In the cell block I had to sleep on the floor because there were no beds, nor running water of any kind. I was without clothes of any kind. By each inmate being in a single cell sometimes when the guards came around you got water and sometimes you didn't get any.

I RECEIVED two kinds of meat a day. The meat was about 6 oz. of canned meat and powdered milk and liver. Said foods were ground up and cooked until they looked and tasted like dog food.

The guards would get an-

gry because I wouldn't ask them to take me back to another cell block. My food would be cut down to almost nothing, about 2 or 3 oz. a day, but I only would look at the officials and laugh at the guards instead of asking them to stop doing these things to me. I also continued to seek ways to get the teachings of the Honorable Elijah Muhammad.

The guards and all other prison authorities united to-

gether and put pressure on me every way they could, but I was never discouraged — even when my leg started decaying. I just showed it to a guard after a month of being locked up. It scared the guard so bad he couldn't stand to look at my leg. My leg smelled so bad no one wanted to be close to my cell.

Then after the doctors felt my leg would have to be taken off, they ordered that I be placed in the cell block

with cold running water for one week and a half. Then they placed me in a cell with hot and cold water for two weeks. Later I was placed in the prison hospital for treatment.

I WAS TOLD by the doctor that my leg would be removed above the knee. I flatly refused and said he could skin-graft it, but until then he could treat it until it was in shape for a skin-graft. The doctor told me that I would never walk again. With the help of Allah I was not discouraged, no matter how much my leg hurt. I got up and walked around on my leg late at night when no one could see me and accepted treatment in the daytime.

(To be continued)

Believes World Will One Day Submit to Messenger

By Theodore 4X Marshall
(Newark, New Jersey)

No one has ever done more for black people in America than the Honorable Elijah Muhammad. Yet, for some reason, even some of those to whom his entire life is devoted to helping and enlightening continue to oppose him.

WE WHO follow the Messenger of Allah, realize as we look back on our past lives that we would still be misled by the falsehoods of the white news media if it were not for our enlightenment through the divine knowledge, wisdom and understanding of the Honorable Elijah Muhammad. His teachings prove his ability to outmaneuver the unrighteous.

I am convinced the entire world will eventually submit to the truth as spoken by the Messenger. He is the only leader and teacher who has both the ability to present the truth and a thorough knowl-

edge of both sides of the story — and he is not afraid to present facts which must be acknowledged by anyone who has had to live under American white supremacy.

I feel safe in saying that not one of his followers who has regular contact with the outside, unenlightened world, has been able to go one week without someone telling him what they have heard or read that is critical of the work of the Honorable Elijah Muhammad.

IF THE so-called Negro would truthfully evaluate their experiences, they would discover that the most intelligent and dignified persons they ever met are Muslim followers of the Messenger of Allah. The big trouble is that once they discover the religious faith of a follower of the Honorable Elijah Muhammad, they automatically remember what their white slavemaster says about "Black Muslims."

\$17 Million To Ghana

UNITED NATIONS — The International Monetary Fund has agreed to allow Ghana to draw the equivalent of \$17.25 million to assist the country in meeting payment difficulties caused by a temporary shortfall in

GHANA'S EXPORT receipts dropped considerably because of a record world supply of cocoa that severely lowered the international price of cocoa.

Cocoa beans and cocoa products account for about two-thirds of the country's merchandise exports.

The News in Brief

AN INTERNATIONAL RELIEF committee was formed to speed emergency food aid to famine-stricken India.

"What world governments are doing is too little, too late in the present situation," said the World Food and Population Crisis Committee in announcing its formation.

"Millions of people in (the state of) Bihar are now or will be starving," said Rodney Clurman, a Quaker who spear-headed formation of the group and will serve as its executive secretary.

* * *

GEN. WILLIAM WESTMORELAND, commander of United States forces in Viet Nam, said he will need more troops to fight the war there. There are 372,000 American troops there now.

Westmoreland said on an ABC-TV program that "the tide has turned in our favor during the year 1966." But he cautioned that the length of the war must be measured in years and that "more troops will be needed from our country and, hopefully, from the free world allies."

"We must prepare ourselves for what the Communists call a protracted war," he said. "The time involved is not measured in months, it's measured in years."

* * *

CAMBODIA HAS BROKEN all relations with South Korea, the Cambodian state radio announced. A note to this effect was delivered to the South Korean consulate-general, the broadcast said, but no details on the reason for the break were given.

* * *

THE NUMBER of West Germans working a 40-hour week will jump from 958,500 to 5.3-million under new labor contracts, the German Labor Union Federation said. Most of West Germany's 27-million labor force works a 42-hour week.

THE LEADER OF the Illinois Democrats in Washington said that further cuts in the administration's war on poverty can be expected when Congress convenes.

ALMOST HALF of a group of key Democratic leaders either believe their party would be better off with a candidate other than President Johnson in 1968 or are currently unwilling to indorse his renomination.

However, few among 125 leading Democrats in 30 states interviewed by the *New York Times* were rash enough to predict that Johnson would be challenged for the nomination or lose it if he should be challenged.

TYPHOON PAMELA SPREAD destruction across the central Philippines. Reports indicated that three persons died and thousands were left homeless after the storm raked a thickly populated area with winds of up to 82 miles per hour. The storm threatened to sideswipe the populous Luzon region, which includes Manila.

FORMER PRESIDENT DWIGHT D. Eisenhower said the U.S. government would work better if legislators and federal judges, including the Supreme Court, could serve for only a limited time.

He also proposed that the term for Congressmen be lengthened from the present two years to four, with the Congress being elected at the same time as the President.

THE AVERAGE COST of educating a child in the nation's public schools rose 8 per cent during the last year, according to a recent survey.

School Management, a magazine for school administrators, will report in its January issue that the average school district is spending \$435 on each elementary school pupils versus \$402 one year ago.

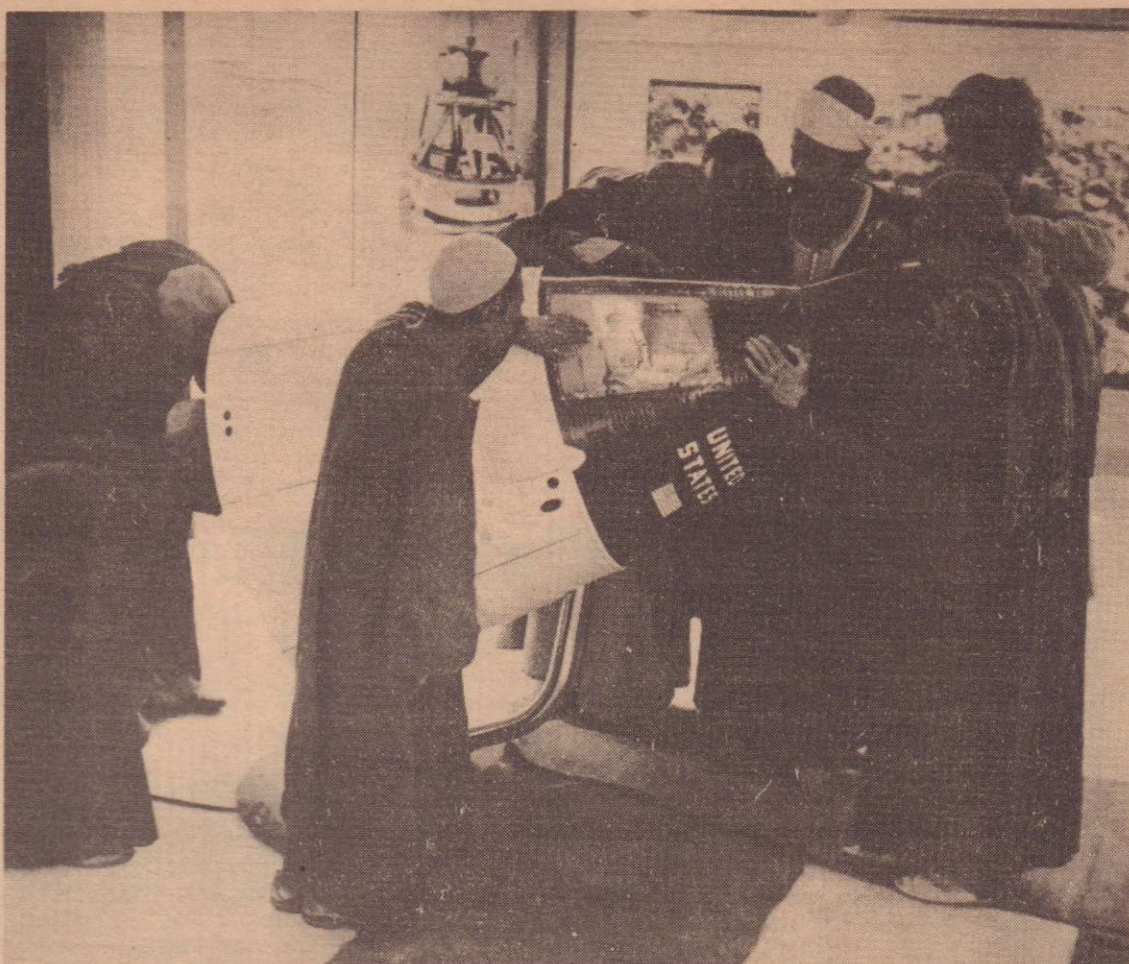

THE OFFICIAL DEATH toll in the Viet Nam War's worst air disaster rose to 111 as American marines recovered more bodies from the charred village of Dinh Thai.

The dead included 107 Vietnamese villagers and the four American crewmen of the Flying Tiger CL-44 cargo plane that went off course and smashed through the hamlet on Christmas eve. United States officials said 18 persons were wounded and 20 others were missing.

THE VIET CONG threatened to strike counterblows against Thailand if that nation continues to support the United States in Viet Nam.

The warning was made by the South Vietnamese Liberation Front's official press agency VNA. The front is the political arm of the Viet Cong.

THE UNITED STATES conceded that bombing raids on North Viet Nam inevitably have caused damage to civilian areas.

SPACE CAPSULE, part of exhibit propagandizing U. S. technical advances, is examined closely by Egyptians in Cairo. Such evidence of Western advances—made for centuries largely at the expense of colonized

peoples—are causing African and Asian leaders to provide incentive for their people to catch up industrially and pass the Western World.

African Nationals Urge Release of Jailed Malaysians

CAIRO — Eight African nationalist organizations, in a joint statement, urgently demanded the immediate release of four members of the Malayan National Liberation League detained by the Indonesian right-wing military regime since November of 1965.

THE STATEMENT was signed by the Basutoland Congress Party, the Bechuanaland People's Par-

ty, the Swaziland Progressive Party, the Mozambique Revolutionary Committee, the Zimbabwe African National Union, the South West African National Union, the Pan-Africanists Congress of Azania, and an Angolan revolutionary organization.

It condemned the detention as a "gross insult" to international obligations, and stated that the "only course open to the Indonesian re-

gime is to let the four patriots leave Indonesia for a destination of their own choice. Unless and until this happens, progressive mankind the world over is entitled to assume that the Indonesian military authorities are unlawfully persecuting the Malayan patriots or seeking to use them as sacrificial lambs in the dealings with their Malaysian counterparts."

The Muslim Program

What the Muslims Want

This is the question asked most frequently by both the whites and the blacks. The answers to this question I shall state as simply as possible.

1. We want freedom. We want a full and complete freedom.

2. We want justice. Equal justice under the law. We want justice applied equally to all, regardless of creed or class or color.

3. We want equality of opportunity. We want equal membership in society with the best in civilized society.

4. We want our people in America whose parents or grandparents were descendants from slaves, to be allowed to establish a separate state or territory of their own—either on this continent or elsewhere. We believe that our former slave masters are obligated to provide such land and that the area must be fertile and mineral rich. We believe that our former slave masters are obligated to maintain and supply our needs in this separate territory for the next 20 to 25 years—until we are able to produce and supply our own needs.

Since we cannot get along with them in peace and equality, after giving them 400 years of our sweat and blood and receiving in return some of the worst treatment human beings have ever experienced, we believe our contributions to this land and the suffering forced upon us by white America, justifies our demand for complete separation in a state or territory of our own.

5. We want freedom for all Believers of Islam now held in federal prisons. We want freedom for all black men and women now under death sentence in innumerable prisons in the North as well as the South.

We want every black man and woman to

have the freedom to accept or reject being separated from the slave master's children and establish a land of their own.

We know that the above plan for the solution of the black and white conflict is the best and only answer to the problem between two people.

6. We want an immediate end to the police brutality and mob attacks against the so-called Negro throughout the United States.

We believe that the Federal government should intercede to see that black men and women tried in white courts receive justice in accordance with the laws of the land—or allow us to build a new nation for ourselves, dedicated to justice, freedom and liberty.

7. As long as we are not allowed to establish a state or territory of our own, we demand not only equal justice under the laws of the United States, but equal employment opportunities—NOW!

We do not believe that after 400 years of free or nearly free labor, sweat and blood, which has helped America become rich and powerful, that so many thousands of black people should have to subsist on relief, charity or live in poor houses.

8. We want the government of the United States to exempt our people from ALL taxation as long as we are deprived of equal justice under the laws of the land.

9. We want equal education—but separate schools up to 16 for boys and 18 for girls on the condition that the girls be sent to women's colleges and universities. We want all black children educated, taught and trained by their own teachers.

Under such schooling system we believe we will make a better nation of people. The United States government should provide.

What the Muslims Believe

1. WE BELIEVE in the One God Whose proper Name is Allah.

2. WE BELIEVE in the Holy Qur-an and in the Scriptures of all the Prophets of God.

3. WE BELIEVE in the truth of the Bible, but we believe that it has been tampered with and must be reinterpreted so that mankind will not be snared by the falsehoods that have been added to it.

4. WE BELIEVE in Allah's Prophets and the Scriptures they brought to the people.

5. WE BELIEVE in the resurrection of the dead—not in physical resurrection—but in mental resurrection. We believe that the so-called Negroes are most in need of mental resurrection; therefore, they will be resurrected first.

Furthermore, we believe we are the people of God's choice, as it has been written, that God would choose the rejected and the despised. We can find no other persons fitting this description in these last days more than the so-called Negroes in America. We believe in the resurrection of the righteous.

6. WE BELIEVE in the judgement; we believe this first judgement will take place as God revealed, in America . . .

7. WE BELIEVE this is the time in history for the separation of the so-called Negroes and the so-called white Americans. We believe the black man should be freed in name as well as in fact. By this we mean that he should be freed from the names imposed upon him by his former slave masters. Names which identified him as being the slave master's slave. We believe that if we are free indeed, we should go in our own people's names—the black peoples of the earth.

The Honorable Elijah Muhammad

8. WE BELIEVE in justice for all, whether in God or not; we believe as others, that we are due equal justice as human beings. We believe in equality—as a nation — of equals. We do not believe that we are equal with our slave masters in the status of "freed slaves."

We recognize and respect American citizens as independent peoples and we respect their laws which govern this nation.

9. WE BELIEVE that the offer of integration is hypocritical and is made by those who are trying to deceive the black peoples into believing that their 400-year-old open enemies of freedom, justice and equality are, all of a sudden, their "friends." Furthermore, we believe that such deception is intended to prevent black people from realizing that the time in history has arrived for the separation from the whites of this nation.

If the white people are truthful about their professed friendship toward the so-called Negro, they can prove it by dividing up America with their slaves.

We do not believe that America will ever be able to furnish enough jobs for her own millions of unemployed, in addition to jobs for the 20,000,000 black people as well.

10. WE BELIEVE that we who declared ourselves to be righteous Muslims, should not participate in wars which take the lives of humans. We do not believe this nation should force us to take part in such wars, for we have nothing to gain from it unless America agrees to give us the necessary territory wherein we may have something to fight for.

11. WE BELIEVE our women should be respected and protected as the women of other nationalities are respected and protected.

12. WE BELIEVE that Allah (God) appeared in the Person of Master W. Fard Muhammad, July, 1930; the long-awaited "Messiah" of the Christians and the "Mahdi" of the Muslims.

We believe further and lastly that Allah is God and besides HIM there is no God and He will bring about a universal government of peace wherein we all can live in peace together.
