The Messenger of Allah

FREEDOM, JUSTICE, EQUALITY

By Messenger Elijah Muhammad

THE SUN is the first of the great lights of the heavens that was made. Second came the stars and third came the moon. The sun gives us free light and heat. The light enables us to see how to travel around and over our home, the Planet earth. Without light, we have no sight. Without heat, life will freeze.

This light of the sun the Creator made to be free. Therefore, He uses the good of the sun - by nature - for us. And the great light that the sun carries, gives us a light by which we may travel on our earth. It is all free, for the wicked, as well as for the righteous.

THE WHITE race does not give the Creator any credit for His wonderful works of nature. He (Allah) declared that we, the black man, who have been deprived of freedom for a very long time, were the first in the sun. The sun was created by our Father to give its light and heat freely to life in the universe of these nine planets that she is capable of attracting with her light and heat. With us on our earth, making our way around the sun, our earth is made to bow four times - (autumn, winter, spring, and summer).

THE POOR black man was put of power to rule six thousand years ago. The African black man was deprived of universal power 50,000 (fifty

thousand) years ago, due to the father of our tribe, at that time, disagreeing with the other scientists on making a people, as we have been made on that continent (Africa). Since that time,our father's disagreement has cause us to disagree with each other, but some of us remained in the light of truth and civilization. They are found in the northern section of Africa.

EGYPT HAS the ancient marks of the black man's civilization. At times, they served various types of God during the past six thousand years. Islam awakened Egypt to the splendor of her wisdom more than anything else. The white race spoiled Egypt with its integration and made her as a servant for the white European people for a while. THE PRESENT government of Egypt, under President Gamal Abdel Nasser, is in search of the lost glory of that mighty nation which dominated that continent for tens of thousands of years.

The black man always has loved the sun and the nature of it- light and heat, therefore, he dominates the equatorial section of our earth. And, below the equator, to the south, you will find the black man covering the earth like a belt.

THE WHITE man was driven out of Arabia into the cold, frigid zone of what is now called Europe. The people of Russia are referred to in the Bible and Holy Qur-an as the Gogs. Other infidel people,such as the European and American white race, are referred to by some of the scientists as being the Magogs. However, that great sign of God's work, in the Person of Master Fard Muhammad, is to teach us the knowledge of ourselves from the beginning of the creations of the heavens and the earth, declaring us to be the members of the Creator. We must be awakened to the knowledge of ourselves as being such members.

This knowledge should force us to take our place in the sun and use the very nature and the law of that sun for our standard. We would have love for our government on earth as a freedom loving people and grant freedom to all life that is in the sun as our Father created the sun to give us light and heat freely. And in our dealings with man, we should give to

him the freedom to exercise his well-being in the universe which is necessary for his well-being - freely, without hindrance.

The white race has deprived the black people of this - and equal chance of freedom (although the sun and its planets by nature give light freely) and an equal change to survive and share in the earth that our Father created for us all that come onto the earth-except enemies, as the white race. OUT OF the law of freedom, justice and equality, the white race was brought. The white race is an opposer of freedom, justice and equality. They were made, by nature, to oppose the freedom of the lives of other human beings, of beasts, fowls of the air, and fish of the sea.

They have brought much trouble between men on the face of our earth, up to today. Through the wakening of the people by the truth of Almighty God Allah, in the Person of Master Fard Muhammad., they have become so angry and dissatisfied with the white race as being an enemy to the well-being of other than white, that today a raging war now has begun. It will have no end until the God of freedom, justice and equality has made all men to bow to the general law of nature. THEN, AND only then, will we enjoy our people on this earth in peace and love of the brotherhood.

SPIRITUAL SIDE :

Since we have been reading the physical teaching of the sun, by Allah, let us now take a look at how it compares with the spiritual teaching of the message revealed to me from Allah Who appeared in the Person of Master Fard Muhammad, To Whom praise is due forever. THE SUN IS a great sign that we all should study to understand the wisdom of Almighty God, Allah. The entire starry canopy, called the heaven is like a book opened before our eyes, that if studied will give us the knowledge of its Creator and Maker.

In looking into this great unending mirror-like creation, we see the great works of Almighty God. Our little wisdom is far too weak in understanding to try comparing it with the wisdom of this Architect Who designed this beautiful universe that we have. HE USED the sun to show

us how the physical and spiritual freedom of the light of the sun gives life here on the earth and on other planets in their cycles. He uses the sun to keep life and to bring forth the entire earth ever alive for you and me without us paying anything whatsoever, to the great Supreme Being Who has power over the sun and its works. THIS IS A mighty light coming from a ball of fire that we call the sun that He taugth the diameter is 853,000 miles.

There is no one able to tell us just what the fuel is that the sun uses to keep burning these billions and trillions of years. It is known, but who knows it ? Many ideas, theories and other suggestions have been made, but we do know that she is afire. We can draw fire from her and everything that is alive upon the earth has some of her fire in it, even to ourselves. Our bodies have the fire of the sun in them.

ALL OF this, which is essential for our existence, has not served as a knowledge to the enemy, devil, that he should have used the law of freedom in his rulership of the people of earth. Freedom is essential to life itself. What is life without freedom ? Life ever cries and seeks the way to freedom. This is the nature of life. No one has been so evil to imprison life, but the enemy, devil of ours. HE HAS built strong prison houses everywhere under his rule to bind and cast into prison those who, by nature, are made free and should be free. In the Hereafter there will be no jails - for there will be no prisoners to put in jail.

FREEDOM FOR the so-called American Negro is the purpose and work of Almighty God. Who has made His appearance among us in the Person of Master Fard Muhammad, Whom praise is due forever. His purpose is to free the so-called American Negroes and set them at liberty - on the free earth, created by our Father - from the hands and power of the enemy of freedom.

THE ENEMY even commercializes on making prisons. He makes laws that he knows the prisoner is bound to break. Even their law-makers break the laws. We must be freed so that we may be able to enjoy the freedom of life on this earth as other nations. They have a false excuse to

prosecute the American so-called Negro, saying that we are citizens and should go forth and fight a people he calls his enemy.
