

DEPARTMENT OF SUPREME WISDOM

The Muslim Girls Training And General Civilization Class

Instruction On The Law of Women In Islam

The Almighty Allah our Saviour. The Lord of the Worlds has come down to us in person, to save and deliver us from our enemies (the devil Caucasian) who have robbed our people in the wilderness of "North America" completely of the knowledge of themselves and any one else, and keep them in a state of fear and sorrow, hunger, naked and out of doors. Deprived of Freedom, Justice, and Equality. Kill them at his will. Make and teach them to do everything but righteousness. Keep them sick, blind, deaf and dumb, by teaching them to eat the wrong food.

So our Saviour Himself has called you into this class (M.G.T. & G.C.C.) to reform you from the unrighteousness and uncleanness of this devil wicked and adulterous generation. That our Saviour Allah sit you in heaven at once and destroy those who have destroyed you and to reform you. Means that you must be willing to forsake the ways and teaching of the devil Caucasian and accept the teaching of your own original Nation Islam from the mouth of Almighty God Allah through His servant and Apostle, Elijah Mohammed.

The end of the Caucasian devils world have come and Allah (to whom be praised both in heaven and earth) are ready to destroy this world, and bring in a complete new world and a new people out of us who is now dead and corrupted from the enslavement of the devil. A Muslim is one who has submitted entirely to the will of Allah. The Muslim is pleased with Allah and Allah is pleased with the Muslim. He does not his or her will but the will of Allah, and Almighty Allah rewards the Muslim with Peace and happiness, Grants to them out of His love, wisdom, knowledge, Food, clothing, good homes, money, Friendship and universal recognition, and thus protects them against harm. Fights all their battles and bring their enemies to disgrace and grief.

A Muslim is a righteous person, hating all that is unrighteous. Forsakes anyone that does not love and obey Allah and His Apostle. Whether it be their fathers, and mothers, brothers or sisters, husbands or wives or their children. They make friendship with no people that do not believe in Allah and His Apostle. A Muslim will not try to imitate non-Muslims in anything.

The present evil world is full of adultery, drunkardness, lying, stealing, murderers, gambling, raping, indecency, filthiness, boasting, and pride. They have taken the world for sport and play. Equality and justice is trodden under foot. Therefore Allah has come to destroy such evil and unrighteous nation from the face of the earth, and offer us a chance to live if we would only forsake the present enemies of unrighteousness . The Muslim woman is civilized and is not an ignorant savage. Her intelligence is the purest and noblest of all. Her home is a place of love and contentment, her husband is happy of her. Her children are taught righteousness from the cradle. She wastes not her time away into idleness. The following evils must be forsaken by all that accept Islam and enter this class, M.G.T. & G.C.C.

The following are words of Allah.....

Brothers and Sisters you all get busy and help me rise the dead nation and place them on top of the civilization. My greatest desire is to give every one his or her own. I do not want importance among the officials nor the laborers. Do not do other than you self. Do not take on mixed instruction other than assignment.

The Muslim Girls Training and General Civilization Class I can sit on top of the world and tell any one that the Most Beautiful Nation is in the wilderness of North America. But do not let me catch any sister other than her self in regards to living the life and weighing properly.

Big field is awaiting for the wide awake man to work out. Arise the dead by the thousand. The dead Nation must arise for the time is at hand. Look in your poison book, work cheerfully and fear not. You are the righteous, the best and the powerful...

Take it or leave it.
